PREMIUM GLADIOLUS.

The improved, large-flowered Hybrid Gladiolus are fine bulbous flowers that anyone can grow. The flowers range in color from white to crimson and blue, develop in fine spikes, and are showy in beds and grand for cutting, as every bud in the spike will open. I supply a first-class mixture of imported bulbs of a superior strain by mail prepaid as follows: 100 bulbs $1.00; 250 bulbs $2.00; 500 bulbs $3.50; 1000 bulbs $6.00. By express, the prices are much lower. See 3rd cover page.

Finest Named Sorts, Lot C.

Queen of Whites, pure white, flowers large, well-formed, borne in long spikes, one of the most beautiful and distinct of the New Hybrids; flowers chaste, very white, very beautiful. Price 3c each, $1.00 per dozen.

Pink Perfection, exquisite pink, large and handsome; spikes tall, are rather dense and very showy; splendid for cutting. Price 5c each, 50c per dozen.

Brilliant, flaming orange-scarlet, with orange and white markings at throat; perhaps the richest and finest of scarlet. Price 5c each, 50c per dozen.

This Splendid Collection, 6 Fine Bulbs, 25 cents. Larger Bulbs, 40 cents.

Fine Named Sorts, Lot B.

White, Augusta, grand spike, each 5c. Rose, America, large flowers, each 5c.

Cream, Hollandia, new, large, each 5c.

Pink, Pink Beauty, fine pink, each 5c.

Blue, Coerulea, new blue, fine, each 5c.

This Named Collection, 6 Fine Bulbs, 15 cents. 7 Lots, 42 Bulbs, $1.00.

THE ABOVE SPLENDID BULBS FREE.

I will mail Lot C, the six finest named Gladiolus, free to anyone sending $1.00 for seeds selected from this Guide. And Lot B, free for a seed-order amounting to 50 cents. Or, I will send Lots B and C for a seed-order amounting to $1.50; and Lots B and C, and 6 Tuberous Begonias for a $2.50 order.

Superb Double Begonias.

I have imported a fine lot of a first-class strain of Double Tuberous Begonias in these colors: White, Rose, Orange, Red, Yellow and Scarlet. If you send me an order for $1.00’s worth of seeds, and prefer a collection of these fine Begonias to the Lot C, of Gladiolus, please say so when ordering, and the Begonias will be mailed instead. I can supply these Begonias alone, any color, at 5 cents each, or the collection, six bulbs at 25c.

How to Remit.—Sums of $1.00 or more remit by draft, money order or registered letter. Smaller sums in silver coin in a coin card or sewed in split pasteboard, or in 1c or 2c postage stamps. Always send enough money to pay for the seeds ordered. Address all orders and communications to GEO. W. PARK, Seedsman, Florist and Publisher, La Park, Lancaster Co., Pa.

As a rule, give c and ch the sound of k. G is generally hard, as in get. Such words as Zinnia and Gilia, ending in -a are pronounced Zin'-ne-a, Gil'-en, not Zin'-nya or Gil'-nya. Accent is indicated by apostrophes.
Introductory Letter.

My dear Floral Friends:—For a long time I have had the pleasure of greeting you annually through the pages of my Floral Guide. These repeated greetings, and the many pleasant letters that come to me every day have brought us into the happy relation of friends, and as such I feelingly and truly address you. I want, first, to thank you for your past esteemed and repeated orders, your kind words of appreciation and encouragement, and your ever-continuous effort to increase my big floral family, and enlarge the scope and influence of my already widely circulated Floral Magazine. I gladly greet you, for I know that in due time there will be a pleasing response that will renew our friendship, and make us both happier and better during the weeks and months and years to come.

My friends, I am engaged in what to me seems the most delightful avocation in the world—supplying flower-loving people (who are always delightful people) with seeds, bulbs and plants to make their homes brighter and the members of their family and others happier and better, for the influence of flowers is always for good. I need hardly tell you that there are instances on record where the gift of a packet of seeds, a bulb or a little plant has transformed a whole neighborhood noted for filth and squalor to one of cleanliness and neatness; and as cleanliness is next to Godliness, and one of the first steps toward it, you can readily judge of the happy result. A few flowers or a blooming plant given to a poor, benighted hospital patient has oft-times inspired hope and encouragement, and as an uplifting, reforming element the gift of a few flowers with a periodical devoted to their culture can hardly be over-estimated. Many of my friends have done good missionary work in past years by introducing the Floral Magazine with some flower premium into poor, discouraged homes. How many such missionaries will I hear from this year?

During the past summer I visited Europe with a view of adding new and valuable flowers to my already large list of seeds, bulbs and plants. I was among the Holland florists when the war began, and my visit through Germany and France, where I had many things in prospect, had to be abandoned, much to my regret. In Holland, however, I found the new large-flowered Crinum Powell Major, a grand, hardy bulbous plant not unlike a big Amaryllis in appearance, but much more free-blooming and showy, and said to be sure to bloom every season. Here, also, I became acquainted with the new Gladiolus "Marie" and "Panama," "Europe" and others; also, large-flowered Phloxes; the elegant new Calla Perle von Stuttgart, and the free-blooming, beautiful Trollius Japonica f. pl. All of these I found to be grand improvements upon the older sorts. At the Royal Kew Gardens, England, and the Glassnevin Royal Botanic Gardens, Ireland, I made notes of many choice things from which I trust my friends will be benefited. Some of these will be given elsewhere in this Guide, and others in my next summer's Plant List.

Those who have been dealing with me for years know that I supply the best seeds to be obtained, while my prices are very low, and that I aim to give satisfaction to all who entrust me with their orders. I guarantee the safe arrival of your order with the money (see how to remit on title page), the correct filling of the order, the safe delivery of the seeds, bulbs and plants; and to insure your success I send cultural directions along with every package, and when necessary give special cultural information in my monthly Floral Magazine, to which all, or nearly all, of my patrons are subscribers. My establishment is thus brought to your door, and you deal with me just as satisfactorily as though you were personally present. I am never satisfied till you are, and it is but fair that if you have any complaints they should come to me, and not be made to your neighbors or disinterested persons. Dear reader, if you have never dealt with me, I only ask a trial order. My seeds will compare with those of any competitor, regardless of price, and your orders, large or small, shall have my most careful attention. Kindly give me a trial.

This Floral Guide is not only a guide to the selection and culture of flowers, but tells how to pronounce the hard names, and what time is required for the seeds to germinate (see Index page). Preserve it, and kindly make your selections from it. Florally yours,

Geo. W. Park.

La Park, Pa., Season of 1915.
Some Floral Notes.

Perhaps as many failures in the culture of the flowers and their adaptation as to any other cause. I will, therefore, devote two pages of this Guide to notes about the various flowers offered, hoping that they will aid the flower gardener in making a satisfactory selection, and thus promoting success.

One of the best known, easily grown and beautiful flowers and continuous display in beds is Ageratum. The tall sorts grow three feet high, and should be set only six or eight inches apart to form a mass. The dwarf varieties grow from six to twelve inches high, and, being of dense habit, should stand from five to eight inches apart. The seedlings begin to bloom early, and continue until after frost. They delight in hot sunny weather. They may be grown from seeds sown from April 10 to 25.

Mr. Park.—I can recommend Ageratum for a free, continuous-blooming garden flower. The plants become a mass of flower-clusters, white, azalea, and deep blue, and remain in full bloom throughout the season. It is one of the most beautiful of all flower-seeds.

As a white edging probably there is no better annual than Sweet Alyssum. The plants are low and spreading, and smothered with white, sweet scented clusters from spring till winter. Little Gem is dwarf and erect, and White Carpet is spreading in habit. The latter is tastefully used in Rex Gardens, England, to carpet beds of Roses, and other shrubs.

Mr. Park.—From a packet of your Sweet Alyssum I have lovely beds. I made beds six inches in diameter, and three feet apart, and they were in full bloom in a few weeks, and are still showing, October the 25th. They are the admiration of my neighbors.

When at Dublin, Ireland, the past summer, I saw at Phoenix Park gorgeous beds of the hybrid species A. muscari and Snowdrop. The plants grow from a foot to fifteen inches high, were grouped in separate groups, and were glowing in effect. There was no more attractive display in the Park than those Snowdrops, notwithstanding many more expensive plants were seen. The plants grow readily from seeds, and if started early will bloom in the summer, and will last till winter.

Mr. Park.—Such Snowdrops, raised from your seeds, were lovely, having a bewildering variety of colors, and such free bloomers! If cut back well they will bloom in the house in winter, as I had beauties last winter, treated in this way.—Mrs. A. Musser, Buffalo, N. Y., Oct. 14, 1914.

Mr. Park.—Your Orchid-flowering Snapdragon, that we sowed in May, surprised us in July by blossoming out in all the tango shades. Besides these delightful color combinations, we had red and yellow in all shades, from the clear, bright colors themselves, down to the palest tints. The individual flowers, however, that cluster thickly on each long flower-spikes, are large and distinct, and often show startling color combinations, like pale pink shaded into a vivid lemon. Snapdragons are indispensable as cut flowers, and are especially fashionable for decorations for teas and wedding. Mrs. Ada Belcher, Oneida, N. Y., Oct. 25, 1914.

There are three showy and free-blooming annuals somewhat similar in character, which should be better known. They are Arctotis brevicaesp, Dimorphotheca aurantiaca and Venidium calendulaceum. All are easily started from seeds, grow eight or ten inches high, and bloom from the commencement of July, to the first of September. The flowers being Daisy-like, and of rich golden colors. I had groups of these flowers in my trial grounds the past summer, and I saw them used more or less in the tasteful and elegant borders of the Glassevil Royal Botanic Gardens, Ireland, where I spent some time during the past August. They are so attractive and beautiful that I wonder their culture is not generally recommended.

Arctotis brevicaesp. This is one of the most showy annuals we grow, bearing an abundance of rich orange flowers. It likes a sunny position. It will, however, flower as freely in partial shade as when fully exposed to the sun. English Garden.

Venidium calendulaceum.—This is a beautiful half-hardy plant of dwarf, spreading growth, in summer bearing showy yellow blossoms. A good border plant, or a bedding plant on a wall. Good color in the sun, but do well even on top of a wall or a raised stone edging. Seeds germinate freely.—English Garden.

The Double Asters are among the finest of all fall flowers, and a bed of them lasts for several weeks. They are easily grown from seeds, and like a sunny situation. In preparing the bed enrich the surface with tobacco dust, compost and ashes. This contains 50 kinds of our root aphids, the black beetle appears spray with water which has been stirred arsenate of lead, an ounce to two gallons of water.

Mr. Park.—Every seed in my packet of Asters came up, and oh, such lovely colors! Some flowers were nearly as large as saucers. Some were rich yellow, others white, pink, red, lilac, and variegated! I always want Asters in my collection of summer flowers. I have a lot of annuus, but think the Asters stand at the head of the list.—E. H. Raby, Clifton Co., N. J., Nov. 10, 1914.

The Improved Camellia-flowered Balsams are everblooming annuals of the easiest culture, and very beautiful, the flowers being of many colors, very double, and of rich art colors. They are so hardy, that even the improved English Daisy, the flowers being double, and often as large as a silver half-dollar. Seedling plants begin to bloom early, and mostly continue to bloom until after severe frosts. They will even bloom in a sunken cold-frame during the winter.

Calendula grandiflora is an annual very fragrant and showy. They can grow the plants, and they bear large, showy flowers until winter, rivaling the late hardy. They make a fine bed for summer and autumn blooming.

Mr. Park.—Last spring I purchased a five-cent seed packet of your Camellia-flowered Balsam, and was much pleased. My bed of this flower is the most attractive in my garden at the present season. Beautiful colors and variegations, and the flowers were as double as Roses,—Mary Stone, Lycoming Co., Pa., Nov. 4, 1914.

POPULAR MIXTURES OF FLOWER SEEDS.

**Mixture of Annuals.**—Contains chiefly seeds of flowers blossoming the greater part of the year. Also 1000 annuals, represents 500 kinds. Price 30c.

**Mixture of Biennials and Perennials.**—Contains seeds of 126 various flowers. Price 10c.

**Mixture for Window Garden.**—Contains seeds of about 125 varieties of flowers. Price 10c.

**Mixture of Climbers.**—Contains seeds of a dozen different genera, about 500 varieties. Price 10c.

**Mixture of Everlastings.**—Contains seeds of everlasting plants of various colors for drying for winter bouquets. Price 10c.

**Mixture of Fragrant Flowers.**—Contains seeds of the most fragrant of the most fragrant flowers. Price 10c.

**Mixture of Edging Plants.**—Contains seeds of about 50 or more species and varieties. Price 10c.

**Mixture of Winter Flowers.**—Excellent for a moonlight display. Also very beautiful for graves. Price 10c.

**Mixture of Shrubs and Trees.**—Contains seeds suitable for ornamental and shade. Price 10c.

**Park's Surprise Mixture.**—Contains seeds of 1000 varieties, old and new. Very interesting. Price 10c.

**Three Packets, any mixture, 25c.**
ORDER YOUR SEEDS EARLY. BEFORE THE RUSH. PARK'S SEEDS ARE SURE TO GROW.  

I would ask special attention to my collection of Dahlias, the seeds of which are offered upon page 21. The plants come quickly, and are hardy. Great quantities have been for years well the first season. The plants bloom freely and continuously till after frost, and the flowers are fine for cutting. The other kinds are excellent late-blooming flowers. See page 23. I offer a fine collection of Helianthus upon page 24. The two new Red Sunflowers are in the list, but I am not enthusiastic in their favor. They have the virtues of the common Sunflower, but their flowers are smaller. The New South African Impatiens are splendid everblooming, free-blooming plants, and have no enemies. They bloom in partial shade outdoors all summer, and grown in pots keep up the display all winter. They are among the good things you should see. See page 25. There are many fine seeds of annuals and perennials, and the flowers, and the plants bloom freely throughout autumn. Do not fail to add this to your order. They are almost equal to Phlox Drummondii, and more rare and pleasing. This year I offer seeds of the new Giant Pansies raised by my florist friend, Mr. Peter Brown of Woodbury Park; also some very promising Hybrid Pansies which should be in bloom when you can read these lines. Mr. Brow it is a skillful painstaking and honest florist. Seeds of his raising I regard as absolutely reliable. I want my friends to give his seeds a trial and report their success, I feel assured they will be more than pleased. See page 30. The new German strain of Bedding Petunias advertised in the page 34, should be in your order, as you have made them famous. They are a very fine combination of choice flowers grown from seeds.

Portulaca.—Mr. Park: The Portulaca made a beautiful bed. The flowers were of all colors, and the plants stood the drought and the hot sun. All my neighbors admired them very much. (See p. 32.—Mrs. L. Bailey, Taylor Co., Ky., 1914.  

Godetia.—Mr. Park: From a packet of mixed Godetia seeds I raised quite a number of plants, and they were all beauties, crimson, pink, white, blush, dark red, and a white with crimson blotches. The flowers are large, and look like formal garden flowers. I have used them for the annual flower show. (P. 23.)—Mrs. J. M. Sill, King Co., Wash., Nov. 12, 1914.  

Linum.—Mr. Park: Linum Perenne grown from your seeds are a grand garden display, and the feathery foliage makes the plant still more valuable. Mine are the only Linum plants here I have seen, they are a rich white, and the bed is very showy. The sprays of foliage are fine for bouquets.—Clara Woods with, Ashmore Co., O., Oct. 31, 1914.  

Poppies.—Mr. Park: My Shirley Poppies, sown in early autumn, bloom early in summer, and are very beautiful. I had over one hundred plants in bloom by the 26th of June. This is more than usual, as the heat was very severe, but the poppies stood up well. It does not require a good garden to raise them. The flowers are of many colors, and well worth raising. They are a true annual, and will bloom a second year in the South. (See page 23.)—E. E. Puller, Fort Bend Co., Tex., Nov. 10, 1914.  

GAILLARDIA GRANDIFLORA  

I would also recommend your choice of the seeds of Gailardia grandiflora, page 32; Salvias, Splendens, page 33; Seneocio Elegans, page 34; Tropaeolum, Tom Thumb, page 35; Large-flowering Verbenas, page 36; Alyssum saxatile, page 37; Nasturtium and Ipomoea, page 41; Sweet Pea and Thunbergia, page 42.  

I wish I could impress upon all of my friends the importance of the biennial plants, especially the Petunias, page 25, and Digitalis grandiflora, page 45, for which I cannot do enough. The latter is hardy even when the weather is very cold. The flowers are more showy and longer lasting in the South than in the North. The flowers are large, and of many colors. They are valuable for the foliage, and the plants can be grown in pots and used for the greenhouse, and to decorate the hands of the garden. The seeds of Gailardia grandiflora, page 32, are much used as cut flowers in Europe, and would be popular in this country if they were better known. Sweet Williams, on the same page, are among the choice garden flowers, showy, beautiful and fragrant. My seeds of these are of the best quality.  

FLOWER OF PINK. (P. 49.)  

Illustrated, descriptive list of many choice flowers for the window and conservatory. Kindly look over this list carefully, for it contains, in a modest way, nearly all of the worthy flowers and plants for the window that can be raised from seeds. Abutilon, Begonias, Calceolaria, Carnations, Chrysanthemums, Chrysanthimum, Cosmos, Dahlia, Digitalis, Geranium, Hibiscus, Helianthus, Hollyhock, Hydrangea, Ipomoea, Kalanchoe, Leucanthemum, Lily of the Valley, Petunias, Poppies, Portulaca, Rose, Scabious, Snapdragon, Sempervivum, Seneocio, Snapdragon, Sunflower, Thunbergia, Viola, Violet, Zinnias, and many others.  

Some New and Choice Flowers not in the General List.

List of Annuals.

Ageratum Mexicanum nanum, Scarcet Gien, very dwarf, with small foliage, flowers pale rose with dark green leaves.

Ageratum Wendlandii, an elegant, free-flowering, e-v-blooming French variety; fine for beds and pot plants; gives fine editions, colors blue, white, and rose, mixed.

Ageratum califlora, Dwarf, blooted and striped, a pretty little hybrid, free-flowering, colors very fine, forming a tuft, four inches high, now where the plants are to bloom.

Alyssum Botanichi compactum, Lith. Don, a dwarf, perfect little tufts four inches high, a mass of miniature white, frangrant clusters; new, fine edging for beds.

Amaranthus Absyrtianus, a giant Love-lies-bleeding, foliage light green, veined and shaded rose; flow-ers bright red, extending two feet in length; very attractive.

Amaranthus Palustris tricolor marmoratus, marbled carmine on green and yellow ground; new and beautiful.

Amberboa maricata, oranges, an ex-ceedingly free-blooming Corn-flow-er, with pretty pink flowers on long stems. The flowers are two inches across and will be well, and are fine for cut ting; blooms throughout the season.

Arctotis brevicaula, a splendid an nual, free-blooming, the flowers two inches across and of golden yellow color, rich and attractive; fine for groups or beds.

Artemisia sacrorum viridis, or "Siam wormwood," a new Chinese annual foliage plant, four feet high, branching and symmetrical, like a Christmas tree. The foliage is feath ered, and lasts well when cut. The plants are lovely in pots, and make a fine cutting, or a summer hedge; of very easy culture.

Atriplex hortensis cupresca rosa, splendid foliage plant; color, cop per-yellow, and very attractive.

Atriplex hortensis purpurea, foliage rich crimson color; very effective.

Begonia semperflorens compacta, a dwarf, free-blooming Begonia with large, fine red flowers continuously; very fine.

Bellis perennis Ranunculifolia Alba, long-stemmed double white flowers, Ranunculus-shaped, very pretty and rare.

Blumenbachia insignis, a hardy annual, tall from Chile, flowers white, red and yellow an inch across.

Browallia, Dwarf Compact Blue, a beautiful, dwarf, blue variety, the flowers blue, profusely borne; fine for the garden, and good for pots; a splendid plant for winter-blooming in the window.

Calendula Ranunculoides superba, an improved garden Marigold; flow ers large, bright, golden yellow; very handsome.

Calliopsis hybrida superb, very showy and beautiful hybrids, en hanced by the wide, varied and var eations; beautiful.

Calliopsis tenuifolia, a rare perennial, with feathery foliage, and rich golden flowers from summer till autumn. Sometimes called Calliopsis Japonica, and sometimes classed as a Beginnula.

Calliopsis tinctora nana, very pretty, profusely-blooming varieties of Black-eyed Susan; dwarf and bushy, and fine for beds.

Campanula longistyli, a Bellflower growing three feet high, becoming a mass of bluish-pink buds, beautiful.

Campanula Pentagona, Bellflowers blooming the first season; flowers blue, white, and rose, very fine.

Castilleja indistincta, a splendid an nual; grows a foot high; flowers greenish-yellow, surrounded by large, attractive crimson bracts.

Caterpillars and Snails.—Large and small, striped and bally Cater pillars (vegetable) may be raised from seeds; also, there are seeds of the seeds separately or in mixture. These are grown as curiosities. The young seed-pods resemble in a striking manner various kinds of Caterpillars and Snails, and are sometimesGrown as a free for less joke, to startle persons who are unacquainted with them. Their flavor is very indifferent.

Cebisus Thomsonii magnifica, a new dwarf, compact Carmine, yellow with red and yellow, and fine for beds.

Ceuiasus giganteus, a showy plant four feet high, the flowers golden yellow with purple filaments, and borne in spikes; a good pot plant.

Cheiranthus Allionii, the New dwarf, compact bedding sort; flowers rich golden yellow, fragrant, in large tufts, abundant, and make a fine display, started either spring or fall.

Cheiranthus semperflorens, a very free-blooming, beautiful annual for beds; flowers golden yellow, keeping a long time in bloom.

Chrysanthemum multicaule, a free-blooming annual sort, useful for a bed or border.

Cirsium pulcherrimum, an or na-mental Thistle; flowers purple-vio let, like feathery flowers, very fine.

Clome gigantea, Giant Spider-flow er; a tall, branching plant, each brachy, bearing a number of spider-like flowers throughout the summer and autumn; fine for beds, and for planting among shrubbery.

Colesus calycolor, Parrot, new hybrids of free growth, the foliage be ing long, narrow, Willow-like, mostly fringed, and richly marked white, pink, yellow and chocolate, some mottled and blotched, and all beauty ful, with a strong flavor of mint. Ess entially grown from seeds, and grand for either pots or beds. Be sure to get this fine new Coleus, which, as yet is not known in this country, and rare even in Europe.

Convulvus aureus superbus, the rare, golden Morning Glory. Start the seeds in a box, early, and transplant.

Cornus alba varia, a herbaceous leguminous perennial, crimson, pink, and white, bornes in clusters of from 16 to 20 flowers.

Cosmos bipinnatus, an elegant little annual, the flowers somewhat bell-shaped, pale blue, in scorpoid clusters of from three to five flowers.

Cosmos, Reemer's Large, early flow ering; an improved race that begins blooming in summer, and increases in beauty till destroyed by frost; five feet high; flowers large, freely pro duced, showy and fine for cutting.

Eucalyptus citriodora, an evergreen and purple.

Cosmos, Lady Lemon, large flowers on mammoth stalks; late.

Echium cicuticum, a hardy annual, one foot high, with spikes of reddish violet flowers.

Galtiurn rubioides, a rather hand some Red-strow, the foliage whorled, and the clusters of bloom of a brownish red color.

Gilia coronopifolia, two feet tall, with fine-cut foliage, and lovely flowers in long spikes, raised from seeds; grown in March; fine mixtures.

Gladiolus Praecoxx, new, elegant, large-flowered hybrids that bloom the first season, from seeds, when started in March; fine mixtures.

Glaucium Burbanki, Burdank's Hybrids, very fine. Also Glaucium letouropum which is somewhat later.

Godetias.—These are beautiful, attrac tive flowers much used in Europe for beds, for which they are well adapted.

Marchions of Salisbury, extreme ly showy large rose-crimson flowers, splendid.

Rosamond, dwarf, compact, with large glossy, light pink flowers, very attractive, and very fine for beds.

Schamini, double, large, bright rose, fine in beds, and excellent for cut ting.

Rubicona splendidus, one of the finest, splendid large brilliant red flowers.

Gomphrena, German Clover, dwarf compact carmine, a new bushy sort, excellent for beds, always freely in bloom till after severe frosts; excellent for beds; should be pop u lar, as it will endure drought.

Gossypium, Cotton, blooms the first year, the flowers like a small Hollyhock, blooms from the first year; very early and transplanted to a sunny, sandy bed.

Harpalium rugulam, Daniel Darow an improved variety, the flowers larger and more attractive than the species; plants four feet tall, hardy, and very showy.

Helianthus mutabilis, a beautiful Rock Rose; lovely flowers of many fine colors; summer blooming; very effective.

Iberis coronaria principis, a very dwarf, large-flowering, white Candy tuit; splendid for either beds or pots.

Iberis, Queen of Italy, an exceedingly free-flowering, dwarf, compact variety with almost evergreen foliage; may be grown either as an annual, or as a hardy, very early sowing, excellent for beds, and valuable for cutting.
Niffella, Papaver, Pansy, Malcolmia, Mimulus, Ipomcea, Obelia, Pentstemon, Lunaria, flowers; by Damascena, shades; and flowers a brown tigrina, Monkey magnificent; single, flowers throwing petals. rose-colored ing beautiful new annual, Glory; grows bearing scarlet of the eye, surrounded petals, of King and dwarf, a new. Poppy. for Balfouri, a rare variety with a foot of Africa; and yellow King, yellow magniflca, free blooming and a foot of flowers. A rare beauty, compact of the central sort. flowers very deep purple plumes. Sinapis, a pretty little flowering plant, flowers small, bright blue, pretty. Stephanophyllum longifolium, a very flower-blooming pot plant; vermillion flowers. Tournefortia heliotropiodes, the summer Bellotropi; the clusters of purple blooms are like Heliotrope, with a dark fragrance; pretty in the garden. Valerianella congesta, a pretty little annual; flowers rose, in clusters. Vesiadium, a splendidoides, a very beautiful, free-blooming annual; flowers large, Daisy-like, golden yellow with orange zone; fine for beds, blooming the second half of autumn. Veronica syriaca, a very pretty little annual for garden or pot culture; very small; blue, white and mixed. Violet Cornuta, a very showy plant, a blotted variety of the Tufted Pansy; very beautiful and free-blooming; splendid for bedding. Wallflowers, the new, elegant hybrid, having orange-yellow, fragrant flowers; blooms in 3 months, and fine for pots or beds. Zea Japonica gigantea quadricolor the beautiful new variegated corn; leaves bright green, silver-white, sulphur-yellow, and rose striped; very decorative.

List of Perennials.

Achillea Ageratum, a pretty little Alpine plant, the foliage narrow with crimped margin, forming a rosette, from which the flowers arise six inches high bearing a large head of fine white flowers; a fine edging.

Antennaria Margaritacea, a beautiful white everlasting flower; fine for cutting.

Aquilegia Caryophylloides fl. pi., beautiful striped varieties of double hybrid Columbine; flowers are very fragrant in spring and summer, and are very graceful and attractive.

Aster Laeuchaenia, for a low, hardy perennial blooming profusely in summer, the flowers being brilliant rose.

Arundo Donax fols variegatis, a large, vigorous Reed, the broad, showy foliage striped white and yellow. I can also supply Arundo Phragmites.

Bromus macrostachyus, an ornamental grass, pretty, with gracefully drooping heads.

Buphthalmum cordifolium, a bold, showy hardy perennial from six to eight feet high, bearing at the summit flowers, usually green with fragrant and an abundance of large, golden flowers. I can also supply B. grandiflorum, which is similar, but grows only about two feet high.

Campanula.—Besides the perenn Campanulas offered on page 41, I can supply the following: Caesia, a variety of Canterbury Bell; flowers large, light blue, very fine. Festuca cornisa, a fine Bellflower from the Caucasus, to 6 feet high, flowers bell-shape, blue, in erect, loose plumes. Linifolia, the pretty little Swiss Bellflower, one foot high, with flowers in July.

Centaurea cyanocantha, a very fine sort with beautiful light-blue flowers.

Portenschlagiana, grows from 6 to 9 inches, bearing erect blue bells in midsummer.

Vidal, two feet high, the flowers large, drooping, with a line of orange at the throat. A fine, rare sort. Hardy south of Wash-

Canna Var. Canna, a fine climbing plant, branches 3 to 4 feet long, useful for suspended baskets and window boxes.

The flowers are large, orange-purple with red veins and a deep red border. Useful for cut flowers. Hardy in the South.
Cassia corymbosa, a half-hardy, her- 
baceous perennial, six to ten feet high, 
covered freely corymbs of golden flowers.
Cataniache bicolor, a fine old bor-
der, now reduced to 3 feet high, but 
very fine blue and white flowers, showy 
in the garden, and useful for cutting.
Cedronella triphylla or Canieron-
sis, a shrub up to 20 feet high, 
very hardy globose, violet 
flowers, showy, generally from seeds.
Celosia cretica, a showy, hardy, bien-
ial, 4 to 6 feet high, flowers are 1½ 
incches across, yellow, with brown 
spots.
Chelone glabra, a hybrid compacta, 
mixed, 3 feet high, flowers in clus-
ters, showy.
Chrysanthemum E.olle d'Anvers, 
a Shasta Daisy of special merit, the 
finest of the lot. Plants grow four 
feet high, and showy with im-
mensc flowers, white with golden 
center. From specimens observed 
in England and Ireland the past sum-
mer very pretty, for this the best of 
the Shasta Daisies, and a first-class per-
ennial. Deserves general cultivaution.
Corydalis, Fern-leaved, new and 
beautiful.
Dianthus Caestus, the Cheddar Pink. 
One of the prettiest of dwarf Pinks, 
six to 12 inches high, flowers rose 
and fragrant. It is a wall plant, and does 
best in the crevices of rocks.
Dietes discus, a species of grass 
and a floxer than D. 
Fraxinella, hardy, lasting, beautiful.
Dolichos tuberosus, a very useful climbing 
perennial with beautiful 
violaceous flowers, the roots tuberous.
Echinacea, hybrid, 3 feet high, 
large, showy red flowers at the 
bottom of crimson, in a 
row-leaved, very beautiful.
Enkianthus japonicus, a slender, 
hardy deciduous shrub, with white 
glabrous, nodding flowers.
Eupatorium adenophorum, a tall 
hardy plant with large, lilac-rose 
flowers. Very ornamental.
Ericalorus grandiflorus, a new, 
shorter, branching variety of starry lilac flowers early in the 
season.
Francesca glabra, a very strong, 
gracious variety of Maiden's Wreath, 
the lovely white flowers borne on 
long, branching stems.
Gaultheria procumbens, a Persian 
species, a foot high, bearing 
bright blue flowers.
Geum Montana, compact plants 
that grow 3 to 4 feet high, bear- 
showing golden flowers.
Geum, Mrs. Bradshaw, an improved 
double variety of Geum coccinum. 
Very pretty.
Gunnera scabra, a scabious plant 
from Chile, suitable for the edge of 
a pond or stream, 15 to 20 feet 
high, wide leaves from 
foot to foot upon strong, prickly 
stromes five feet long, flowers red, 
numerous upon a club-shaped spike.
Gypsophila, 3- to 4-foot, white, 
a crested plant with small rose or white bloom.
Helenium Hoopeyi, 2½ feet high, 
early-blooming, the flowers large, 
dense, very showy.
Erigeron moncurus, 9 inches high, 
becoming a rounded mass of lovely 
Daisy-like flowers, white, 
flowers, blooming all summer.
Helianthus Orygals, a tall, nar-
row-leaved, beautiful Sunflower. 
With tall stalks, very showy.
Helichrysum Angustifolium, a 
low-growing, silver-foliaged plant, 
useful in bedding.
Heliopsis Pitcheriiana, the small "Orange Sunflower," four feet high, 
free-blooming, golden yellow, fine for 
cutting.
Herniliaria glabra, a low, branching, 
spreading plant used for carpeting, 
decorates small, green, in alliy 
cymes.
Hesperis, New Dutch, pure white 
and violet purple. These are two 
greatly improved varieties of Sweet 
Rocket. The plants grow a foot 
high, bearing terminal clusters of 
lovely sweet-scented flowers, and 
are fine for groups or garden beds, 
very free-blooming.
Hieracium aurantiacum, a foot 
tall, branching, and bearing showy 
orange-red flowers with a hairy 
involution.
Hieracium villosum, a handsome, 
medium height, dwarf plant with silvery leaves and 
large yellow flowers.
Lysimachia japonica, a good 
Loosestrife, bearing large orange 
yellow flowers. I can also supply 
Lysimachia vulgaris, known as 
Creeping Jenny.
Molopospermum cicutarium, five 
feet high, with large fern-like leaves, 
forming a dense graceful bush, large 
umbels of yellowish-white 
flowers.
Enotiera Youngii, 10 inches high, 
with large, bold heads of bright 
yellow-yellow flowers.
Orobus Fischeri, a Siberian species 
with purple flowers early in spring.
Penstemon—In addition to those 
offered on page 49, I can supply P. 
cordifolius, a half-hardy species of clinging habit, loaded with tubular 
scarlet flowers an inch long. Also 
P. Gordonii splendens, large-flow-
ered, brilliant dark blue, new.
Purplemanthus hybrida bulbilus, 
mixed, elegant varieties of Peritese- 
mon growing a foot high, and show-
ing fine spikes of bloom of various 
colors.
Phyteuma Campanuloides, new, 
the spikes tall, much branched, with 
dark violet-blue flowers very freely 
produced.
Polygonum Monspeliense, dwarf, 
the handsome rose flowers in long 
spires.
Potentilla Willmottii, a charming 
variety, two feet high, with numer-
ous lovely red flowers.
Primula acaulis, hybrid granda-
flora, a splendid strain of hardy 
Primrose. It forms tufts of foliage, 
literally covered with d i s t i n k t 
flowers. This splendid Primrose 
should be in every plant 
window.
Rheum Palmatum s-rubro, an orna-
tional Rhubarb, the plumper flowers 
of a dark red color.
Salvia glauca, a hardy 
Salvia, 3 feet high, literally smothered with 
white flowers. Foliage silver-grey.
Saponaria Armenia, a graceful, new, 
bearing white and rose flowers 
upon the same plant.
Selentaria barbascens ciliatisa, a 
hardy, easily grown plant, very 
free-blooming, the flowers blue, 
forming beautiful spikes.
Sedum Kamtschaticum, a succulent, 
8 inches high, compact, with golden 
flowers.
Senecio clivorum, new, from China, 
silvery green leaves a foot across, 
and heads of showy orange-yellow 
flowers. Belongs to a brown center.
Silene Asterias grandiflora, a new 
beautiful Silene, bearing showy 
heads of crimson flowers.
Solanum Spinosum, a sharp rock 
and border plant, bright pink flowers.
Stachys lanata, a wooly-leaved 
plant used for edging.
Stature caespitosa, a high, heads of deep 
blue flowers. Resembles St. 
latifolia, but smaller flowers.
Stellaria graminea aurea, foliage 
beautiful, yellow, white. Fine 
for bedding and rockwork.
Symphyandria Hofmannii, dwarf, 
bearing violet-blue flowers in scarlpom racemes.
Thalictrum diperocarpum, 3 to 4 
feet high, with plumy masses of 
purple-pink flowers.
Veronica spicosa rubra, two feet 
high, bearing spikes of red flowers 
Not hardy.
List of Window Plants.
Agathacea coastella monstrosa, an 
improved Paris Daisy, double the 
size of the old sort. Spikes about 
Cajanus indicus, grows 6 to 10 feet 
high, clothed with handsome plinate 
foliage, and bearing racemes of 
purple-pink flowers. Sometimes 
called Pigion Pea.
Celsia Arcturus, four feet high, 
flowers yellow, a charming 
Cineraria Polyantha Stelata, a 
beautiful pot plant of easy culture, 
literally covered with small starry 
daisy-like flowers. Those who are 
not fond of fine blooming window 
plants should try this Cineraria.
Diosma, Chinese, a fine window 
climber, with large racemes of scar-
llet-red flowers.
Genista Canariensis, a pretty pot 
plant, yellowish-red.
Gerbera Adnet's New Hybrids; new 
varieties of the beautiful Transvaal 
Daisy; flowers four to six inches 
across, red, rose, crimson, yellow, 
white, salmon, orange, violet, 
variegated; Daisy-like, very graceful, on 
long stems. As pot plants they 
are free-and ever-blooming; fine.
Heliotrope Ciclope, a new, dwarf 
race, of robust, regular growth, with 
large flowers, in white.
Hypericum canariense, a pretty 
pot plant with golden yellow flowers.
Milia scandens, a lovely trellis 
vine, flowered yellow-white; rapid 
in growth.
Primula malacoides, a new and 
elegant Primula, a most 
Magnificent window plant, easily 
grown from seeds, in 4 months be-
ginning. Grows perfectly 
beauty with age, each plant a glor-
ious mass of exquisite lilac flowers in 
showy whorls. This splendid 
Primrose should be in every plant 
window; lovely.
Rocche dalcata, an effective succul-
t plant, very pretty.
Solanum Fru Diavolo, a bushy plant, 
foliage light green, richly decorated 
with small scarlet-red fruits. A 
very pretty plant.
Solanum Lobelii, a charming pot 
plant for the window, with scarlet 
fruits.
Solanum azurum, a lovely vigorous 
vine; large panicles of azure flowers. 
Easily grown from seeds. Very 
beautiful.
FOR MANY YEARS I have been supplying my flower-loving friends with the Choicest Flower Seeds at popular prices, and have, by honest and fair dealing, built up an immense trade. I challenge a comparison of my seeds with those of any other dealer, regardless of price, and I only ask a trial order to secure your permanent patronage. My high reputation has been earned by earnest, faithful service, and I shall never jeopardize it by abusing the confidence of my patrons. Will you kindly show this Guide to your friends and get up a club order? Please do not delay this work until others have taken the orders. The earlier it is done the better. I wish here, also, to ask attention to Park's Floral Magazine, a practical, illustrated floral monthly which I have been publishing for many years. It is the oldest and most widely circulated floral journal in the United States. It gives the latest news and inspires success in your floral work. Only 10 cents a year; or, supplied upon the following combination offers:

**Combination Offer No. 1.—20 Cts.**
- Magazine 1 year to 1 Subscriber
- 4 packets of seeds your choice from this list
- Total for Magazine and seeds, 20 cents.

**Combination Offer No. 2.—50 Cts.**
- Magazine 3 years to one subscriber or
- 10 packets of seeds your choice from this list
- Total for Magazine and seeds, 50 cents.

**Combination Offer No. 3.—$1.00**
- Magazine 6 years to 1 subscriber or 1 year to 6 subscribers
- 20 packets of seeds your choice from this list
- Total for Magazine and seeds, $1.00.

**Combination Offer No. 4.—$2.00**
- Magazine 1 year to 32 subscribers
- 40 packets of seeds your choice from this list
- Total for Magazine and seeds, $2.00.

**Special Bulb Premiums.**—In addition to the above please read the Special Bulb Offers upon the title page. Also, send for blank subscription lists and liberal premium terms to club agents.

The above premium offers are in addition to the seeds offered, and those who get up a club should not fail to give the names of the subscribers.

### Part I. Seedlings Blooming First Season.

**Ageratum, Improved Large-flowered**

**Special Mixture, 4 packets 15c, 1 packet 5c**

The new large-flowered varieties of Ageratum are superb plants for beds or borders. They are easily grown from seeds, begin to bloom in June, and are in bloom throughout the season, and the flowers are in big clusters, and of fine blue, white, pink, yellow and variegated colors. They endure the hottest sun. The tall sorts are fine for beds, and the dwarf kinds are unsuited for edgings or baskets. They are much in demand for bedding designs.

**Mr. Park:**—It is seldom one finds a satisfactory flower, but I consider the blue Ageratum the most charming. The blue Ageratum is hors d'hiver, and the dwarf form is charming throughout the winter.—Mrs. O. T. Webb, Neb.

**Tall Varieties.**
- Imperial Dwarf, white
- Swanley Blue, azure, large
- Blue Perfection, very dwarf
- Little Blue Star
- Little Dorrit, yellow dwarf

**Dwarf Varieties.**
- Dwarf Sorts, Special Mixture, 4 pts. 10c, 1 pkt. 5c.

**Annual Hollyhocks.**

- Althea rosea superflorosa ft. pl., new annual Double Hollyhocks, should be in every garden. The plants grow several feet high, and bloom throughout the first season. They will also endure the winter and bloom the second season. I offer first-class seeds of these, and my mixture is specially prepared. Great for border and cutting. Mixtures: Crimson, Blood Red, Purple, Black, and Fringed. Each 6 cents, mixed 5 cents.

- Mr. Park:—I was greatly pleased with your new Double Annual Hollyhocks. I was surprised at their strong growth and delicate silky flowers the first season. The plants branched, and were covered with flowers in 30 days. O. Armor, Saratoga Co., N. Y., Oct. 31, 1914.

**Amberboa Muricata Rosea.**

A new and beautiful annual of easy culture, blooming freely throughout the season, and lasting several months. Centaurea-like, light pink, borne on long stems and excellent for cutting. Very desirable. 4 pts. 15c, 1 pkt. 5c.

**Amaranthus Orizillame.**

A grand new sort, five feet high, of graceful habit, and umbrella-like in form; densely clothed with woolly and green leaves, with top and branches splendent carmine; a dry, sunny spot and gives the foliage its richest colors; makes a gorgeous bed. 4 pts. 15c, 1 pkt. 5c.

**Antirrhinum (Snapdragon) Giant Fragrant.**

**Special mixture, 4 pts. 15c, 1 pkt. 5c.**

The Improved Varieties of Snapdragons have become deservedly popular. The flowers are very large, fragrant, of the most varied and exquisite colors and variations, and borne in long spikes. They bloom continuously during summer and autumn, and are largely used in Europe for summer-blooming beds, and borders, as well as for growing in pots for winter-blooming. As cut flowers they are very desirable, and last well in vases. The plants are so readily started from seeds, and so early the first season, and so easily grown under ordinary conditions that they merit a high place in every selection of choice annual flowers. If not exhausted seed-bearing the first season the flowers the second year. My seeds of these new Snapdragons are from a first-class specialist, and are unsurpassed. My mixtures are specially prepared.

**Giant-flowered Tall Snapdragons.**

- Queen Victoria, white, 5 Chamois, salmon
- White striped red
- Yellow and orange
- Verbenula delicata on wb. 5 Brilliant, scarlet, gold, wb, 6
- Kermesina splendens, 'son' 5 Delicate, crimson and wb.
- Luteum rubro-striatum 5 Delilla, carmine, yellow, wb, 5
- Cupreatum, copper color 5 Crecia, crimson-scarlet
- Special Mixtures of various sorts, 4 pts, 15c, 1 pkt. 5c.
- Double White; duplex flowers, pkt. 60 seeds 5c, 1 packet 16c.

**Giant-flowered Semi-dwarf Snapdragons.**

- Allium, purple-white, 5 Defiance, Cinnabar-scarlet, 6
- Golden Queen, shilling yel. 5 Atura, scarlet, wh. throat, 6
- Yellow and orange
- Brilliant Rose, very handsome 5 Glorious, carmin and wb and 5
- Fire, fiery vermilion 5 Princ Chamois, golden 5
- Prince Chamois, golden 5 Special Mixtures of various sorts, 4 pts, 15c, 1 pkt. 5c.
- New Orichedraflora, semi-dwarf, the flowers of the most exquisite, delicate coloring, as light carmine, salmon rose, apricot, chamois, delicate rose, flesh color, etc.; of great value for cutting; finest mixture, 4 pts 15c, 1 pkt. 5c.

- Mr. Park:—Your Orchid flowering Snapdragons were grand. My bed was a mass of huge blossoms, red, pink, yellow, white, and so last. —Mrs. Chown, N. Y., Nov. 5, 1914.

**Giant-flowers of Tom Thumb Snapdragons.**

- Orange, golden yellow, 5 Crimson, showy
- White, pure white, fine 5 Rose, beautiful
- Special Mixtures of Tom Thumb sorts, 4 pts. 15c, 1 pkt. 5c.
Acacia Lophantha.
4 packets 10 cts., 1 packet 3 cts.

An elegant decorative plant either for pots in the window, or a sheltered nook in the yard or garden. The foliage is so delicate and handsome as a Fern. The plants are easily cared for, grow rapidly, and are always greatly admired. When we regard its beauty and easy culture it seems very strange that the plant is rare. Soak the seeds for 24 hours in hot water before sowing. Then sow seed each 4 in. deep in the ground three or four weeks before germinating. Flowers globular, golden, sweet-scented.

Abronia umbellata. Sand Verbena; flowers in clusters, rose, Verbena-like; plant succulent, and thrives in sandy soil and a dry sunny bed; found native in sandy plains. Remove the bush before sowing. Set the plants a foot apart in the bed. Per packet 5 cts., 4 packets 15 cts.

Adonis Estivalis and Autumnalis, fine cut foliage, crimson, cupped flowers. Mixed, 5 cts. a pkt.

Aethionema Bukbaumii, a pretty annual 6 inches high, erect, branching; flowers in fine clusters, pale red, 5 cts. per pkt., 10 cts. 6 packets.

Agrostemma coeli-rosa, pretty annual; 10 inches high; flowers white, pink, lilac, purple, plain and fringed; fine in masses. Mixture, 4 pkts. 10 cts. 1 pkt. 3 cts.

Amaranthus, handsome foliage and flowering plants of easy culture, always much brighter in sunshine, poor soil and a dry season. Fine for pots and beds.

Ammabilis tricolor, rose, yellow and fiery red, very fine 5
Bicolor ruber, carmine scarlet 5
Candatus, Love-ies, bleeding, red 5
Granatius, Princess feather, red 5
Hybridus Brilliant, red, rosette leaves 5
Melandrichus ruber, red leaves 5
Staffolius, dark, Willow-leaved 5
Superbus, foliage Coloeus-like, very fine 5

Spectans, red pendant racemes 5
Tricolor splendens, Joseph's Coat, fine foliage 5
Special Mixture, all kinds, 4 pkts. 10 cts., 1 pkt. 3 cts.

Alonsoa, a free-blooming plant, easily grown from seeds; fine for either pots or beds; 1 foot high, branching, showy and beautiful.

Amaranthus, white flowers, fine 5
Grandiflora, scarlet, very fine 5
Liniifolia, pyramidal habit, scarlet 5
Miniatia compacta, lovely scarlet flowers; dense, bushy 5
Mutlis, chamois, pretty 5
Multiflora, a large, showy species; scarlet, very abundant 5

Warcewiczii, brilliant scarlet, very pretty 5
Warcewiczii compacta, excellent for pots 5
Special Mixture of all sorts, 4 pkts. 10 cts., 1 pkt. 3
1 packet 3 cts.

Started in autumn and grown in pots, Alonsoa Miniatia Compacta and A. Warcewiczii Compacta are superb winter and early spring-blooming plants.

Alyssum, Sweet.

Special Mixture, 4 pkts. 10 cts., 1 pkt. 3 cts.

Sweet Alyssum is a favorite little annual, bearing continuously clusters of lovely white, very fragrant bloom in great abundance. Fine for garden edgings, also for pots and baskets. It blooms especially well in the late autumn, and is a flower loved by everyone.

Little Gem, dwarf, erect, handsome, white carpet, trailing 3
Common Sweet, 25 cts.

Special Mixture, all sorts, 4 pkts. 10 cts.

Ambrosia Mexicana, an annual with pretty, delicious-scented foliage; valuable for bedding and useful for bouquets. A great favorite with some on account of its pretty foliage and pleasing fragrance. 1 pt. 5 cts.

Anchusa Capensis, a showy, free-blooming plant, very easily raised, and bears very pretty azure blue flowers in abundance. A hardy perennial, but blooms the first season; grows three feet high. Capensis, blue, 4 packets 16 cts., 1 packet, 5 cts.

Anthemis Kelwayi, a handsome hardy perennial, blooming first season; grows one foot high. Kelwayi, 4 cts., 1 packet, 5 cts.

Anagallis, known as Pimpernelle. Flowers showy, disintegrated and very pretty. Suitable for garden or house culture; grows one foot high.

Grandiflora coccinea, blue 5
Grandiflora lilacina, blue 5
Liniifolia, flax-leaved 5
Fruticosa, perennial, scarlet 5
Special Mixture, 4 packets 10 cts., 1 packet 3 cts.

Anemone, St. Brigid, a large, Poppy-like flower, in red, white and blue colors. They need a sandy well-drained soil, and make a beautiful bed. They are hardy as far north as New York. They bloom late in the fall and also early in the spring. Special mixture of all colors, per packet, 5 cts.

Arctotis, beautiful, large, bright flowers borne on plants a foot high; they delight in a dry, sunny bed; very easily grown from seeds. Breviscapa, orange, 5 cts.; Grandiflora, lavender, 6 cts.; Mixed, 4 pkts. 10 cts., 1 pkt. 3 cts.

Arnebia cornuta, a very pretty annual, 1 foot high; flowers gold, spotted brown; very attractive. 4 packets 10 cents, 1 packet 3 cents.

Argemone, hardy Mexican annuals; 2 feet; prickly foliage, large, showy flowers, like dry, sandy soil. White, 6 cts.; Yellow, 5 cts.; Mixed, 4 packets 10 cts., 1 packet 3 cts.

Artemisia Annua, a tall, very showy foliage annual, the feathery sprays delicately scented. Once introduced the plants are reproduced every year from self-sown seeds. Often called Sweet Fern, on account of its pretty scented foliage. Desirable for its Fern-like beauty and delicious fragrance in bouquet-making. This is often advised by publishers as a great novelty, to get subscriptions. 4 packets 10 cents, 1 packet 3 cents.

Asperula azuren setosa, a charming hardy annual; 1 foot; globular; small, fragrant, blue flowers. In masses clusters; blooms freely for several months. 4 packets 10 cents, 1 packet 3 cents.
Aster, New Invincible Branching.

Complete Special Mixture, 4 pkts. 15 cts. 1 pkt. 5 cts.

I OFFER here the most beautiful and highly developed race of Asters known, and challenge comparison. The plants grow two feet high, are robust, branching, and free from disease, and set ten inches apart in a rich, sunny bed become a glorious mass of exquisite Peony-like flowers from early autumn until despoiled by frost. The flowers are of immense size, averaging four inches across under favorable culture, and by disbudding and giving special care may be developed to five or six inches in diameter. They are full-double, of the most refined form, the petals firm and gracefully curved. When cut the flowers are unsurpassed for vases or personal adornment, being borne upon strong, leafy stems a foot or more in length, and lasting well because of their vigor and substance. They are a fine substitute for the autumn Chrysanthemums, and come into use earlier in the season. The texture and superb shades of color elicit the admiration and praise of all who see them. They are thus unrivalled either for beds on the lawn or flowers for the house. Be sure to get this "ne plus ultra" of Asters.

The New Sada Yakko Aster.

This Aster was recently introduced from Italy, and I offer seeds imported direct from the introducers. In their description they say: "This is undoubtedly the finest of all Asters belonging to the Chrysanthemum class. The extremely double flowers are white, with a rosy hue forming such a lovely color that they can be used even for the most delicate bouquets. The petals are channelled and curve gracefully back toward the center of the bloom. The flowers are borne on strong, stiff stems, and are highly valuable for cutting, all the more as they keep fresh a very long time." The Royal Hort. Society, London, reports: "An especially good variety; flowers soft pink, 3 to 4 inches in diameter, very double, freely borne on stout stalks, lasting well; plants 1½ feet high. Surnamed Beauty Pink." I had beds and borders of this fine Aster the past season that were greatly admired. Price, packet of 75 seeds, only 5 cts.; 4 pkts. 15 cts.

Selected Giant Crego Aster.

The Crego Aster is an American improvement upon the Giant-Comet Aster. The plants grow two feet high, with long branches, each surmounted by a huge double flower, full and fluffy, from four to five inches across, not unlike a Japanese Chrysanthemum. Set ten inches apart in rich, moist soil in full exposure to the sun they make a gorgeous bed of autumn flowers, and the long-stemmed flowers are fine for cutting. This race of splendid Asters is popular among florists to grow for cut flowers. The seeds are mostly sold at 15 cents per packet, but I offer selected seeds of prime vitality and quality, none better, at 5 cents per packet. Do not omit this fine Aster from your list. White, Pink, Rose, Lavender, Purple, Special Mixture. 1 pkt. 5 cts., 4 pkts. 15 cts.

Mr. Park:—I have for years been a lover and grower of Double Asters and delight in experimenting with new varieties; and I am glad to say that I have found your Giant Crego Asters in every way worthy of the high praise that has been accorded them. They are marvells of beauty. The blooms are large, the petals long and waxy, the centers well covered, and are set upon long stems. I shall call them the Chrysanthemum Aster. —Alice F. Sheffer, Mich., Oct. 10, 1914.
Aster, Park’s Fine Bedding

Complete Special Mixture, 4 packets 10 cents, 1 packet 3 cents.

Park’s Fine Bedding Aster is justly popular, as these plants, set six inches apart, will grow a foot high and make a glorious autumn display. The flowers are of large size, of the richest, loveliest colors, double to the centre, and very freely produced. Prepare the bed to a sunny exposure, making the soil deep and rich; water during dry weather. It attacked by the Aster beetle sprinkle with a liquid made by adding an ounce of fresh hellebore to three gallons of water. I will supply seeds to color for a fine bed, as shown in the engraving below—red, white and blue, with edging, 4 packets, well proportioned, for 20 cents; or special mixture, 4 pkts 16 cts. 1 pkt 3 cts.

Mr. Park—My Asters from your seeds called “Park’s Bedding Asters” are fine; the flower display is certainly beautiful. Some have white centres shading to a very dark margin. I had at least sixty plants from one packet. I would advise any one wishing beautiful flowers for little money to order from you.—Mrs. Jason Peck, Chen. Co., N.Y.

Mr. Park—I raised a number of Aster plants from your packet of seeds, and had as many different colors. The neighbors told me that my Asters were the prettiest thing in our garden, which, by the way, is saving a good deal, as I have many pretty flowers.—E. A. Marshall, Washington Co.,

An Aster Bed.—I will supply seeds for this fine Aster bed to color—red, white and blue, with edging, four packets, well proportioned, for only 20 cents. Start the seeds in the seed bed in the spring, and when the plants are large enough transplant them six inches apart.

Aster, New Hohenzollern

Mixtrea, 4 pkts 15 cts, 1 pkt 5 cts.

Standing at the head of the Aster list is the new Hohenzollern, an Aster of the feather type, the plants growing two feet high, and producing enormous flowers, five to seven inches across, with curled petals, double to the centre, and of the richest and loveliest shades of color. For groups or beds this Aster is not surpassed, and for cutting it is the most admirable. Even for pots many people prefer it. I heartily recommend it. My seeds are imported direct from the German originator of this fine Aster, and cannot be excelled. The mixture I offer is specially prepared, and contains all the colors in good proportion.

Pure White.... 5 Rosy Lilac... 5
Pure Rose..... 5 Azure Blue.... 5
Dark Blue..... 5 Carmine Rose..... 5
Peach Bloom... 5 Light Blue..... 5
Brilliant Rose.. 5 Deep Lilac.... 5
Giant White... 5 Crown Prince, Carm. 5

Special Mixture, all sorts, 4 pkts 15 cts 1 pkt 6 cts.

Aster, Early Hohenzollern, like the above, but the flowers opening two weeks earlier—one white, white changing to rose, each 5 cents. Special mixture, 4 packets 15 cents, 1 packet 5 cents.

Mr. Park—From your packet of Hohenzollern Asters many plants started, but on account of neglect I only raised ten blooming plants. Those were most wonderful. The flowers were as large as Japanese Chrysanthemums, and the plants were full of bloom. Those who saw them could hardly believe them to be Asters. I shall certainly raise many more of them next year. I have never seen as fine ones, even in Horticultural shows. For beauty they cannot be surpassed.—Mrs. H. B. Plumer, Barnstable Co., Mass.

Mr. Park—I sold a paper of your mixed Asters and I never saw such Asters or such a variety of colors, all shapes and sizes, some of the largest. They are grand.—Mrs. A. H. Wilson, Eau Claire Co., Wis.

Mr. Park—My Asters from your seeds are just lovely. Everybody says that they are the prettiest they have ever seen.—Mrs. Temp Lake, Braxton Co., W. Va.
Aster, Giant Victoria.

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Victoria Aster, long considered one of the finest of Double Asters, has been greatly improved, and I now offer the giant varieties in all the fine colors. The plants grow two feet tall, branch freely, and have flowers of the largest size, often five or six inches in diameter. When in bloom, in September, they are the most showy of garden flowers, and always call forth enthusiastic expressions of admiration. The colors are very rich, and break into innumerable lovely shades, while some varieties exhibit the most exquisite and striking variations. The seeds I offer are of the best strain, carefully saved by German specialists; and my special mixture is very carefully prepared from all the varieties. I feel assured they will delight all who sow them.

Purplish 5
Carmine 6
Mixed, Light Crimson 6
White 5

Lilac 6
Silver Gray 5
Brown Violet 5

Yellowish White 5
Bright Blue 5
Fuschia Blossom 5
Deep Blue 5
Carmine 5

Special Mixture of all varieties, 4 pkts 15 cts, 1 pkt 6 cts.

Aster, Victoria, the old-fashioned sort, still popular, though the flowers are not so large as those of Giant Victoria. Finest mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Aster, Dwarf Victoria, similar to Victoria, but of dwarf, compact habit. Finest mixture, 4 pkts 18 cts, 1 pkt 5 cts.

Aster, Victoria Needle, a handsome Double Aster of the Victoria class, with needle-like rays; very beautiful, and of many colors. Finest mixture, 4 pkts 16 cts, 1 pkt 3 cts.

Aster, Christmas Tree, Plants grow two feet high, with horizontal branches in pyramidal form, and literally covered with small, very double flowers of rich colors. Odd, beautiful and very satisfactory to all who have grown them. I supply the following colors—seeds of the choicest quality,

White and Carmine 5
White and Dark Blue 5
Rose 5
Rose and White 5
Rose with White centre 5

Fiery Scarlet 5
Fiery Scarlet 5
Dark Blood Red 5
Light Blue 5
Light Blue with White 5
Light Blue, White Centre. 5
Dark Blue 5

Special mixture, all colors, 4 pkts 15 cts, 1 pkt 5 cts.

New Single Aster. Elegance or Marguerite Asters are very graceful and free-blooming, and greatly prized by many lovers of Asters. The flowers are very handsome on the plant, and very desirable for cutting. Don't fail to try them. I supply White, Lavender and Dark Blue, each 5 cents. Finest special mixture of all colors, 4 pkts 15 cts, 1 pkt 5 cts.

Aster, Ostrich Feather.

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

One of our most prized Asters. The plants grow 18 inches high, and are very bushy, free-blooming and very showy. The flowers are of large size, double to the centre, show a wonderful range of colors, and the petals are twisted and feathery. Lovely for either garden or house. My seeds of this fine Aster are of the finest quality, and I offer these splendid colors:

Pure White 5
Light Yellow 5
White changing to Rose 5
Rose Scarlet 5

Carmine 5
Deep Lilac 5
Light Blue with White 5
Scarlet 5
Dark Blue 5

Light Blue 5
Bright Rose 5
Mixed, 4 pkts 15 cts, 1 pkt 5 cts.

Aster, Giant Perfection. The finest of the Incurved Asters, and is fairly represented in the engraving. The plants grow two feet high, branch, and become a waving mass of exquisite large flowers of the choicest colors as follows:

Pure White 5
Bright Rose 5
Dark Scarlet 5

Bright Crimson 5
Deep Blood Red 5
Sunlight, Yellow 5

Victoria Red 5
Brilliant Black 5
Blue with White 5

Azure Blue 5
Dark Blue 5

Bright Rose 5

Fiery Scarlet 5

FIery Scarlet 5

Rose Crimson 5
Bright Rose 5
Pure White 5

Carmine 5

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Fine for beds, also for pots. My seeds are the finest to be obtained, and will be found far superior to those mostly offered. My mixture contains all the finest colors well proportioned.

Mr. Park.—Your Giant Perfection Asters are certainly fine, the prettiest I have ever seen, and they show such a great variety of colors.—F. P. Gray, Windham Co., Vt.

Mr. Park.—My Asters from your seeds have certainly been lovely. Some of the flowers were as large as Chrysanthemums.—L. E. Marsh, Chesterfield Co., Vt.
Aster, New Pompon Crown.
Special Mixture, 4 pkts 10 cts, 1 pkt 3 cts.

A very beautiful race of Asters. The flowers are globular, finely imbricated, and show a distinct white centre. The plants grow a foot high, and should stand eight inches apart.

Blood Red 5 Light Blue 5
Carmine 5 Lilac 5
Dark Crimson 5 Rose 5
Dark Violet 5 Mixed, 4 pkts 10 cts, 1 pkt 3 cts

Crown or Cœcardeau.—Splendid double flowers of many colors, every flower showing a distinct white centre. Rose, Crimson, Lilac, Azure, Violet and Brown, Violet, each 6 cents. Mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Aster, Half Dwarf Multiflor. A very highly praised Aster. The flowers are very large, freely produced, and come in superb colors. The plants grow a foot high, and branch as indicated in the engraving, it is a choice and beautiful kind, in fine colors as follows:

Azure 5 Mauve 5
Rose 5 Red 5
Violet 5 White 5
Yellow 5

Special mixture of all these choice colors, well proportioned, 4 packets 15 cents, 1 packet 5 cents.

Aster, Dwarf Bouquet.—This exquisite little Aster looks like a dense pyramid of double flowers set upon the ground. The plants should stand only four inches apart, to cover the ground. For small pots they are very charming, and excite admiration and praise from all Aster lovers. Loder White 5
Scarlet 5
Carmine 5
Light Blue 5
Dark Blue 5
Copper Rose 5
White and Blue 5

Aster, Chrysanthemum Dwarf.
Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Fine, late-blooming race, opening after the beetles have disappeared, and consequently developing its flowers perfectly. The plants grow a foot high, branch, and bear an abundance of flowers; the flowers are large and double, come in a wonderful variety of shades and varieties, and are showy on the plants and fine for cutting. Set the plants six inches apart, and give good cultivation, and you will have a gorgeous autumn display from this elegant Aster.

Lilac with White 5 Reddish Brown with White 5

Rose 5 White changing to Azure 5
Reddish Violet 5

My Chrysanthemum Asters are of a very superior strain, and cannot be surpassed. My mixture contains all the varieties in fine proportion.

Aster, Invincible American, handsome large flowers on long stems, blooming late in the season; grow two feet high, bloom freely; showy in the garden, and unsurpassed for cutting; a new race of branching Asters; the flowers are of great size, exquisite form, and rich, lovely colors.

Pure White 5
Peach Bloom 5
Rich Crimson 5
Rich Rose 5
Lavender Blue 6
Indigo Blue 5

Special mixture of all varieties, 4 packets 10 cents, 1 pkt 3 cts.

This Aster is very popular in America, and is one of the finest grown. Do not fail to add it to your order.

Aster Gloria, a superb, large, double Aster, rich scarlet with a distinct pure white centre. This Aster cannot be excelled for the garden, also very beautiful for cutting. 4 packets 15 cents, 1 packet 5 cents.
VARIOUS CHOICE DOUBLE ASTERS.

Four packets of any one variety, 15 cts, 1 packet 5 cts.

Betteridge’s Quilled, the finest of Quilled Asters; all the leading colors in fine special mixture.

Dwarf Queen, fine bedding sort, a foot high, of dense umbel; very free-blooming; white, blue, crimson, mixed.

Diamond, splendid dwarf Aster, all colors, mixed.

Early June, the earliest of all Asters; 15 inches high, fine for beds; flowers large, double, pure white.

German Dwarf, very double, of many rich shades, very free-blooming; finest mixture of all shades.

German Globe, 18 in. high; double, all colors mixed.

Giant Comet, 2 feet high, branching, one of the finest; flowers very large, frilled and beautiful; all colors mixed.

Hedgehog or Needle, double, quilled flowers mixed.

Japanese, 15 in. high; flowers very large, double and fluffy like a Jap. Chrysanthemum; finest colors mixed.

Marvel, lovely double flowers, white with red centre.

Mignon, like Victoria, but smaller and more prolific.

Noble, very large, with Cactus-like petals, pure white.

Princess Aster, dwarf, fine for beds, all colors, mix’d.

Queen of the Market, one foot tall, branching, fine for beds and pots, finest mixture of all colors.

Ray Aster, 20 in. tall, outer petals broad, inner fine.

Reid’s Quilled, 2 ft. tall, large double flowers, mixed.

Silver Cloud, large, pure white flowers in masses.

Sunlight, new yellow, very double, incurved petals; two feet tall; fine for bouquets, beautiful.

Triumph or Fire Ball, dwarf, rich scarlet, incurved.

Unicorn, snow-white, large, full-double; petals long, thread-like, and very gracefully twisted toward the centre.

Yellow Quilled, the finest pure yellow Aster; large.

Large-flowered Hardy Asters, Michaelmas Daisies.

Special Mixture, Finest Colors and Varieties, 4 packets 15 cts, 1 packet 5 cts.

I OFFER a special mixture of the new Large-flowered Hardy Asters, the plants of which will bloom freely in autumn from spring-sown seeds. They are vigorous, branch and form a tree-like mass from four to six feet high, and rival the late autumn-flowering Chrysanthemums in showiness and beauty. The Daisy-like flowers are mostly shades of blue, violet and purple, but some shade off to white and red. They are glorious in the garden when nearly all other flowers have succumbed to frost. The plants are perennials, perfectly hardy, and will improve with age, each becoming a grand clump of pleasing and attractive bloom. You can sow in early spring where the plants are to bloom, thinning out the surplus, which can be set where wanted, as they are easily transplanted. You will never regret starting a bed of these new, improved hardy Asters. Once started they will take care of themselves and bloom freely every autumn. Price 4 pkts 15c, 1 pkt 5c.
Park's Fine Double Balsams.

Complete Special Mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Few Garden Annuals equal the Double Balsam in beauty of foliage and flowers, and few are of easier culture. The seeds are quickly germinate, and the plants begin to bloom when quite small. The flowers are very double, waxy in texture, and of many shades and variegations. The seeds I offer are of the finest quality, and will give unbounded satisfaction.

Park's Camellia-flowered.

This class is the most desirable of the many Balsams offered, and cannot be surpassed. The flowers are very large, double and as beautiful as a Rose, while they are of fine texture and surpass in color and variegation. Plants grow two feet high, and if pruned when small they will develop as the one represented in the engraving.

Camellia-flowered, Special Mixture, 4 pkts 15 cents, 1 pkt 5 cents.

Other Fine Varieties of Balsams.

Mr. Park—My Balsams from your seeds were beautiful. Roses. They were the admiration of all who saw them.—L. E. Marsh, Chester, Vt.

Mr. Park—What is more beautiful than a row or bed of your Double Balsams? The flowers are so double and of so many different colors. Set a foot apart in a bed they are beautiful.—Mrs. C. A. Woods, Beaver, W. Va.

Bartonia Aurea, a lovely golden-flowered californica annual; flowers cup-shaped, shining with a very rich luster. The plants grow a foot high, start early, and mulch during the summer, to keep the soil cool. 4 pkts 10 cts, 1 pkt 3 cts.

Basil, Sweet, a fine
not herb with deliciously scented foliage. 4 pkts 10 cts, 1 pkt 3 cts.

Bells perennis, Double Daisy, a beautiful hardy perennial, but blooms well first season. Flowers double, bright and showy.

Grand Red, Giant White, Red-centred, each 5 cents. Mixed, 4 pkts 10 cts, 1 pkt 3 cts.

Mr. Park—A 5-cent pkt of your Double Daisy seeds sowed early in the house gave more plants than I would have expected from a dozen pkts. Flowers double and of handsome colors.

Bromelia, very free-blooming and pretty
annuals for either garden beds or window pots. Plants are bushy, a foot high, and perpetual blooming. All are of easy culture, and deserve more attention. Blue, White, Purple, each 5 cts; Spectra, Roseall, large Blue, each 5 cts; mixed, 4 pkts 10 cts, 1 pkt 5 cts.

Mr. Park—I have lovely plants of Browalia Spectra raised from your seeds. They were covered with beautiful bloom.—Mrs. L. Whitaker, Greene Co., N. Y.
The New, Large-flowered varieties of Calendula or Pot Marigold should have a place in every garden. The plants bloom freely and continuously, and in autumn, after most of the annuals have succumbed to Jack Frost, a row of these Marigolds in their gorgeous yellow hues is very attractive, rivaling the Annual Chrysanthemums. Grown in pots they are fine for blooming in a cool window during the early part of winter.

Large-flowered Orange 5
Large-flowered Sulphur 5
Large-flowered White Striped 5
Large-flowered Orange Striped 5

Special mixture of all colors, 4 pkts 10 cts, 1 pkt 3 cts.

Mr. Park:—Every seed of your Calendula seedsmen, and the plants soon develop into lovely green bushes, literally loaded with golden plod of bright yellow flowers. They stand drought and chilly nights, and outlast even the Chrysanthemums in autumn. Once tried they will always be among the “must haves.” Potted and placed in a cool, sunny window, they make a fine display during the winter.—Mrs. O. A. Bodd, Prescott, Arizona, Aug. 23, 1909.

Mr. Park:—From one packet of your mixed Calendula seeds I had plants producing many shades of bloom, from pale yellow to deep orange, some striped, others edged white.—Mrs. C. F. Bailey, Wash.

Cacalia sonchiflora, a hardy annual known as Florio’s Paint Brush. The plants throw up long stems, 15 inches high, bearing clusters of brush-like flowers at the summit, useful and beautiful for bouquets. Easily grown from seeds. When once introduced the plants will reproduce from self-sown seeds. It is a native of India.

Scarlet 5, Yellow 5, Mixed, 4 pkts 10 cts, 1 pkt 3 cts.

Sow seeds where the plants are to bloom, or sow in the seed bed and transplant. The foliage is mostly in a handsome rosette at the ground. This plant should be more popular.

Calliopsis, very showy garden flowers that do well treated as annuals. The plants grow a foot or more high, bearing their showy, bright flowers in a waving mass. Very showy in beds, and grand for cutting. Sow in the fall or early spring.

Dwarf Yellow 5
Dwarf Crimson 5
Dwarf Marbled 5
Dwarf Bicolore 5
Dwarf Mixed 5
Tall Mixed 5
Dwarf White 5
Golden Wave 5

Special mixture all sorts, 4 pkts 10 cts, 1 pkt 3 cts.

Callirhoe, beautiful, free-blooming, continuous-blooming plants, belonging to the Mallow family. C. Pedata is of upright growth, but C. Involucrata trails, and is of surpassing value for a bed, blooming all the season, and lasting for years. Both deserve a place in every garden.

Pedata, purple 5
Involucrata, red 5

Special mixture, 4 packets 10 cts, 1 packet 3 cts.

Campanula, Annual. These are charming hardy annuals, blooming in a few weeks from spring-sown seeds. They are mostly trailing, bearing a profusion of lovely little blue and white bells, very pretty as edgings. C. Speculum is Venus’ Looking-glass. C. Macrophylla has superb blue flowers. C. Pencumbens is fine for baskets. Separate varieties 3 cents per packet.

Special mixture, all varieties, 4 pkts 10 cts, 1 pkt 3 cts.

Candytuft, Annuals. These are well-known very showy and beautiful hardy annuals. Sown early in spring and thinned till they are six inches apart they make a fine display. The white is especially fine if sown in autumn. All are showy and handsome.

Purple, Lilac, White, Sweet-scented, each 5 cents. Dwarf sorts 6 cents. Special mixture, all sorts, 4 pkts 10c, 1 pkt 3c.

Catchfly (Silene Armeria), a hardy annual growing a foot high, surmounted by tufts of small, showy flowers. Once started, plants appear every season. It is sometimes erroneously called “Sweet William” on account of a resemblance to the true Sweet William.
Cannas---New Gladiolus-Flowered.

Special Mixture of all colors, 4 pkts 15 cts., 1 pkt 5 cts.

The old Indian Shot, Cannas Indica, was introduced from India in 1760, and during the present century dozens of species have come from South America and the West Indies. The best of these were used by a French florist in originating a new and improved class, the varieties of which are the most gorgeous and stately bedding plants in cultivation. The foliage is massive and tropical in growth, and the flowers of the most brilliant colors surmount it in great plumelike heads. I offer seeds in mixture of all the finest named varieties, yellow, scarlet and crimson, margined and spotted, and those who wish seeds of a superior quality will find these just what they want. They are fresh and genuine, not adulterated with the older sorts, and will produce the finest large-flowered plants. No flowers with which I am acquainted will give better satisfaction or greater pleasure than these Cannas, and I therefore urge their culture.

Scarlet.... 5 White ....... 5 Yellow ..... 6
Crimson .... 5 Variegated ..... 5

Special mixture of all colors, 4 pkts 15 cts., 1 pkt 5 cts.

The New Cannas.—There is no disputing the utility of these Cannas. They are undoubtedly splendid acquisitions, and rapidly surpassed the old kinds once grown largely in gardens. They are good conservatory plants, being quite at home when associated with Palms and Ferns. The new kinds are remarkably fine flowers, the segments broad and finely colored, the outcome of patient work on the part of M. Cross,—English Gardener.

Mr. Park.—Those who want something to bloom all summer and be of little trouble should raise your Cannas. They are very beautiful.—Mrs. C. A. Woods, Beaver, W. Va.

Mr. Park.—From a packet of seven seeds of your Cannas, I obtained seven fine plants and gave away three. Their flowers are the handsomest I ever saw.—Mrs. J. A. Cox, Newark, Ohio, Sept. 15, 1899.

Mr. Park.—I got ten cents worth of Cannas seeds of last spring. I filled the shells and soaked them over night in water, and had twenty-two nice plants. They are so easy to raise from seeds. I never think of saving the roots, as they are so hard to keep over winter.—E. R., Forest Co., Pa.

Capsicum—Ornamental Peppers.

Special Mixture, 4 packets 10 cents, 1 packet 5 cents.

The various forms and colors of Capsicum or Pepper are becoming popular as ornamental plants. The plants are so easily grown either in beds or pots, and the foliage is so varied, attractive and persistent that their culture affords a great deal of pleasure. In the garden they make a showy border or hedge or screen, and in pots they can be placed in the window where they never fail to attract much admiration and praise. The large, sweet varieties are useful for stuffing with vegetables to use upon the table as relish. The Capsicum sorts are desirable for flavoring and for birds, and the Cluster, Cherry, Tom Thumb, Prince of Wales, Kaleidoscope and Little Gem are especially valuable for pots for room decoration.

I offer the following splendid varieties:

- Black Nubian
- Cardinal
- Cayenne Yellow
- Long Narrow Red
- Colossal
- Chameleon, dwarf
- Cherry-fruited Red
- Giant Scarlet

Complete Special Mixture of all the above varieties, 4 packets 10 cents, 1 packet 5 cents.

I believe a packet of Mixed Seeds of this great variety of Peppers will afford as much satisfaction as anything that can be grown. Do not fail to order a packet in making out your seed order.

Calceolaria Scabiosafoia, a trailing plant with Scabious-like, hairy foliage, and rather large yellow flowers in terminal corymbs. Started in early spring, the plants will begin to bloom in May, and continue until October. Pkt 5 cts.

Callichroa Douglasii, a handsome composite growing a foot high, bearing numerous-tube yellow flowers in autumn. It is a Californian annual, very easy culture, and makes a showy display massed in a bed. Pkt 5 cts.

Cannabis Sativus, Giant Hemp; an annual growing from five to seven feet high, branching, and clothed with very pretty foliage. In autumn it is laden with seeds which are used for feeding canary birds. Plants make a fine screen. Pkt 5c.
Carnations, Improved Early-flowering.

Special Mixture. 4 packets 15 cts., 1 packet 5 cts.

The Improved Early-flowering Carnations are easily grown from seeds, and if started in March or April the plants will begin to bloom on the approach of autumn, and bloom freely until after severe frosts. They will then endure the winter and bloom the following season. The plants are of vigorous growth and stand out, and the flowers are large, mostly double, of many colors, and deliciously clove-scented. Some are also striped and variegated in a striking manner.

Large-flowered Early Vanguard.—This race of Carnations is an improvement upon the Marguerite Carnation, the plants being as vigorous and free-blooming, and the very large double flowers developing quite as early. I offer the following handsome colors:

Special Mixture of all colors, 4 pkts. 15 cts., 1 pkt. 5 cts.

Comtesse de Paris, a splendid early-flowering sort with double yellow flowers

Earliest French Giant. This is a new race of dwarf early-flowering Carnations. The flowers are very large and double, of rich colors and variegations, exquisite-scented and exceedingly beautiful. The plants begin to bloom early, and if potted on the approach of winter, they will bloom in a sunny window throughout the winter months. Colors:

Special Mixture of all colors, 4 pkts. 15 cts., 1 pkt. 5 cts.

Improved Marguerite.—This is one of the best varieties, having been much improved. The plants are dwarf and vigorous, become fine clumps, and throw up a mass of long-stemmed, very double, richly scented flowers, showy in the garden, and fine for cutting. The plants bloom well the first year, endure the winter, and bloom freely for several years. The colors are rich, varied and beautiful. My seeds of this fine Carnation are unsurpassed, and will give good satisfaction.

Special Mixture, all colors, 4 pkts. 15 cts., 1 pkt. 5 cts.

Carnations like a rich, sunny bed, and rather tenacious soil. Do not let them suffer for want of water. To promote tufted plants, pinch the stems that first shoot up. This will cause them to stool out, and when they are allowed to bloom the flowers will appear in great abundance. Plants for the window should be given a sunny bed and regularly pinched until potted for the house in early autumn. Chopped tobacco stems upon the surface soil will prevent an attack of lice. Everyone who has a flower garden should have a big bed of Carnations. They are very desirable.

Mr. Park: I bought three packets of seeds of your Improved Marguerite Carnations last spring, and sowed them early in a box of good soil. They germinated well, and I had plants enough to furnish a greenhouse. The plants began to bloom in July, and are still in bloom. I had a dozen different colors, and the flowers were sweet and beautiful.—Mrs. Walraven. Gordon Co., Ga., Nov. 23, 1914.

Mr. Park: Your Vanguard Carnations have been blooming for the second time from seeds this year. They are very large and spicy, and formed nice plants with but little care. They stand the winter well.—Mrs. W. W. White, Va., Oct. 25, 1914.
Celosia--Comb and Plume.

Complete Special Mixture, all sorts, 4 pkts 10 cts, 1 pkt 3 cts.

Celosia Cristata nana is the elegant Coxcomb, the flowers appearing in gregarious big combs, as shown in the engraving. In good soil and a warm, sunny place these combs often measure a foot across, and retain their beauty till frost, bright and enlarging from early summer. I offer a fine strain, the seeds selected only from the best specimens.

Atripurpureus, rich red. 5
Aurea, golden yellow. 5
Chamael, Cupreata, each. 5
Coccineus, orange-scarlet. 5
Rosa, Sulphurea, each. 5
Sanguinea, blood-red. 5
Violetae, purple. 5
Glasgow Prize, finest crimson. 5
Mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Celosia plamosa magnifica is the improved Plume-flowered, the flowers borne in immense pyramidal, featherly plumes, exceedingly showy and attractive; elegant in the garden, and splendid for pots; fine for early winter window decoration. My strain of seeds is unsurpassed, saved only once, finest special mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Celosia Buttoni, dark-collaged 5 | S. japonica, small combs 5 | S. Spicata, narrow, rose-specks, everlasting 5

Mr. Park:—I had several packets of your Coxcombs in my garden. The foliage is fine and the blossoms beautiful. They exceeded those on exhibition at the agricultural fair. —Mrs. Edith R. Bartlett, Newburyport, Mass.

Centaurea, splendid annuals and perennials, showy in the garden, and unsurpassed for cutting, as the flowers retain their form and color for a long time exposed to the air. C. Cyanus is the Bachelor's Button, so handsome as a buttonhole flower, and lasting a day or more without wilting.

Cyanus, White, Blue, Rose, Variegated, Single, flowered, each 5 cents; special mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Dorbe, White, Blue, Rose, Variegated, each 5 cents; special mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Nana Compacta, Dwarf, Blue, White, Red, Variegated, each 5 cents; special mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Moschat, Blue and White, each 5 cents.

Sanguineus, Sweet Sultan, yellow. 5

Imperialis, tall, large-flowered, mixed. 5

Odorata, Cereus, Chamalion, Margaritae, each. 5

Odorata and Imperialis mixed, 4 pkts 10 cts, 1 pkt 3 cents.

American, rose-flowers, fine; 4 pkts 10 cts, 1 pkt.

Complete Special Mixture, all varieties, 4 pkts 10 cts, 1 pkt 3 cents.

The New Dwarf Compact Centaurea, Cyanus is very free-blooming; makes a lovely bed; all fine for cutting.

Mr. Park:—The tall Centaurea Cyanus from your seeds are beautiful indeed. From a 3-cent pkt I have a hedge from which I cut every day, of all colors. Every seed grew. —Mrs. Harry Williams, Shelburne, N. Y.

Chrysanthemum--Annual.

These are among the most easily grown, showy, and free and continuous-blooming of annuals. They grow in any sunny bed, begin to bloom early, and are a mass of bloom the entire season. Grown in pots they bloom well in winter.

C. Carlatanum, Single, White, Yellow, Scarlet, Variegated, each 5 cents; Double, Donk (Darrett) White, Yellow, Purple, Scarlet, each 5 cents; Double mixed, 4 packets 10 cents, 1 packet 3 cents.

Norton Star, Giant White flowers. 5

Pleurotum, fine double, single, Nautum, fine, double, mixed, each 5 cents; C. Coronarium, Double, White, Sulphur, Imbricated, Yellow, each 5 cents; Coronarium, double, mixed, 4 pkts 10 cts, 1 pkt 3 cents.

White Star, Yellow Star, White Centered Star, each 5 cents.

Inodorum, Bridal Rose, White, Double, splendid.

Pruniflorus, Paris Daisy, White, Centaurea de Chambard, each 5 cents; Complete Special Mixture, 4 pkts 10 cts, 1 pkt 3 cents.

Mr. Park:—From your seeds of Summer Chrysanthemums I have some of the loveliest flowers I ever saw. Some are deep yellow, some white and some cream. They are very free-blooming and beautiful. —Mrs. J. D. Slusser, Blacksburg, Va.

Carduus Marianus, a hardy plant with handsome variegated leaves, useful for a bold edging. Sow the seeds in fall or spring. C. Benedictus, the Blessed Thistle, is similar. C. Ferneri, new, three feet high, pretty rose flowers. Each 5 cents, mixed, 3 cents.

Cardhuus Cactus, the garden Saffron; the plants grow six feet high, bearing showy, golden flowers in summer. The dried flowers are used for dyeing, and for tea, taken for measles and scarlet fever. Showy annual. Pkt 5 cts.

Centauridium Drummondii, A Texas annual two feet high, bearing handsome yellow flowers, unlike a Centaurea; it blooms the entire summer; appears best in the masses; the plants set six or eight inches apart in a sunny situation. Packet 5 cts.

Centranthus microsiphon, a lovely annual, grows a foot high, the pretty little flowers in very showy tufts, blooming early, and till after frost; fine for a bed. Packet 10 cts, 1 pkt 3 cents.

Centranthus ruber, A Mexican annual a foot high; floral leaves of a purple tint, from among which peep the pretty yellow, purple-tipped flowers. Sow in a warm bed in spring and transplant. Good bee plant. Packet 5 cts.

Cerastium Biebersteinii, boary-leaved evergreen, six inches high, flowers Daisy-like, white, borne in great abundance the second season; makes a very handsome bed when massed together. 4 packets 10 cts, 1 packet 3 cents.

Ceratite refertas, A Mexican annual a foot high; floral leaves of a purple tint, from among which peep the pretty yellow, purple-tipped flowers. Sow in a warm bed in spring and transplant. Good bee plant. Packet 5 cts.

Chaenostoma fastigiatum, A pretty South African flower growing eight inches high, and producing tufts of delicate rose bloom. Packet 5 cts.
PARK'S SPECIAL MIXTURES ARE NOT THE CHEAP FOREIGN MIXTURES. THEY'RE DIFFERENT.

Clarkia, Double and Single.

Special Mixture, all sorts, 4 pkts 10 cts. 1 pkt 3 cts.

Very Beautiful Annuals, growing a foot high, and blooming freely during the summer. Sow early, either where the plants are to bloom, or sow in the nursery bed and transplant six inches apart.

Elegans, Single flowered, white, rose, etc., mixed................. 5
Purple King and Salmon King, double, each..................... 5

Pulchella, Single, red, white, carmine, margined, each........ 5
Double, red, white, margined, mixed......................... 5

Special Mixture of all varieties, 4 pkts 10 cts, 1 pkt 3 cts.

Convolvulus, Tricolor.

Special Mixture, 4 pkts 10 cts, 1 pkt 3 cts.

This is the Dwarf Bush Morning Glory. It forms compact plants a foot high, covered with handsome, bright-colored flowers during the season. I have a fine line of colors, and my mixture contains all the following:

Blue
White
Azure
Rose
Brown-violet
Striped
Dark Blue
Double Blue

Special mixture of all sorts, 4 packets 10 cents, 1 packet 3 cents.

Cosmos in Variety.

Elegant Summer and Autumn Flowers, graceful and showy in the garden, and very fine for cutting. The mammoth kinds will grow six or eight feet, a transplanting rewarding.

Oenopodium bolin, showy, each pkt 3 cts.

Colchinnia, Lobelia, plant, for Mammotk, Hybrida and Mybrida feet white.

Mammotk, white

Hybrida grandiflora Kermesina, beautiful crimson.

Complete Special Mixture of all varieties, 4 packets 15 cents, 1 packet 5 cts.

Mr. Park—My Cosmos grow to be six feet high. The plants were truly beautiful. Such lovely foliage and flowers, some white and some yellow and some lavender. I have one almost seven feet high that did not bloom.—Evelina Oldham, Linn Co., Mo.

Commelina coelestis, a trailing annual adorned with charming rich blue flowers during the entire season; a bed of it is always admired. Packet 5 cts. I also have white, variegated and mixed, 4 pkts 10 cents, 1 pkt 3 cents.

Chenopodium ambrosioides, a tropical annual, free-blooming, and somewhat resembling Mexican Ambrosia. In England it is used as a substitute for Asparagus, and is very much relished. Packet 5 cents.

Cleome speciosissima, a Mexican hardy annual two feet high, bearing showy, beautiful rose flowers. Each pkt 3 cts; mixed, 4 pkts 10 cts, 1 pkt 3 cts.

Cinnotia, Lobelia-like California plant, free-blooming and very beautiful for pots, edgings or baskets; flowers like Lobelia, but richer; colors White, Blue, and White with Blue eye, each 5 cts; all mixed, 4 pkts 10 cents, 1 pkt 3 cts.

Collinsia, very pretty hardy annuals; grow a foot or more high; flowers very bright and showy, and produced in great profusion. C. Verna, blue and white, grow in summer; the others in the spring.

White, Purple, Carminet, Variegated, each 5 cts; mixed, 4 pkts 10 cts, 1 pkt 3 cts.

Mr. Park—I have been buying seeds of you for more than twenty-five years, and in that time have found that Park's seeds are uniformly good and always as represented. I always recommend Park's seeds whenever I have the opportunity of doing so, and have succeeded in getting others to equal, and thereby becoming life-long friends of Park and his seeds.

Mrs. M. M. McKean, San Diego, California.
Delphinium, Larkspur.  
Mixtures, 4 pkts 10 cts., 1 pkt 3 cts.

Mr. Park—From a packet of mixed Dahlia seeds, I have lovely single flowers. The petals are like dark maroon velvet, also yellow single ones like satin, and very double pink and red ones. —Mrs. E. Wilson, Canada, N. Y.

Datura.  
A vigorous-growing plant bearing large, funnel-shaped flowers. The seeds germinate readily, and the plants begin to bloom in summer. If the roots are lifted and kept in a frost-proof place, they will last for several years. At the South they are hardy. D. bulbosa and D. Wrightii have delicious flowers. Fastuosa Huberiana, double white. Huberiana, mixed. Cornupina, mixed. Gigantea. Humilis, new gold. Cactus Euphorbia. Doub. golden yellow Wrightii, single, lavender, fragrant. Special mixture of sorts, 4 pkts 10c, 1 pkt 3 cts.

Mr. Park—I must tell you of my Datura seeds I bought of you. I sowed them outdoors in the spring, and thinned them out. The plants grew four feet high, and showed thirty blossoms open at one time, and oh, how fragrant at eventide. They are just grand. —Alfred Martin, Waterford, Erie Co., Pa.

Didiscus Coruleus, a half hardy annual from New Holland; the plants grow a foot high, branching freely. Each branch covered by a flat number of lovely blue flowers, from August till October. Like a velvet by warm situation. Sometimes known as Trachymene. Pkt 5 cts.
Dianthus Chinensis in Splendid Variety.

Complete Special Mixture, 4 packets 15 cents, 1 packet 5 cents.

Dianthus Chinensis, the Chinese Pinks, are among the most beautiful and desirable of garden flowers. Seedlings begin to bloom in a few weeks, and remain a mass of rich-colored flowers till after frost. Set eight inches apart they make a grand display in beds, and call forth enthusiastic expressions of admiration.

Invernal Pinks, Double: white, spotted, crimson, carmine, copper, rose, red, each 5 cts; mixed 4 pkts 15 cts, 1 pkt.

Japan Pink, Heddewigii. Single: white, crimson, blood-red, rose, white with purple eye, each 6 cts; special mixture 4 pkts 16 cts, 1 pkt.

Laciniatus, Double, New Fringed varieties, violet, salmon, white, blood-red, striped, scarlet, each 5 cts; mixed 4 pkts 15 cts, 1 pkt.

Indian Pink, Double white, Dwarf splendid rose, picotee or spotted, each 5 cts; mixed 4 pkts 15 cts, 1 pkt.

Heddewigii, Double: white, striped, purple, and purple with white margin (Mourning Cloak, see engraving), each 5 cts; special mixture 4 pkts 15 cts, 1 pkt.

Princess Pinks, Superb Mixture, varieties (see eng.): 4 pkts 15 cts, 1 pkt.

Ornatus, new: blood-red, striped and marbled; dark brown, encircled by distinct white border: 4 pkts 15 cts, 1 pkt.

Mephisto, salmon-scarlet, striped blackish brown: 4 pkts 15 cts, 1 pkt.

Dianthus Pinks, double, dark colors...

Count Kerchove, distinct and beautiful.

Light colors, new and beautiful...

Dwarf, very double, rich colors...

Special mixture all sorts 4 pkts 15c. 1 pkt.

Zonalis, bright salmon-red, with broad, blackish-purple disk: 4 pkts 15 cts, 1 pkt.

Striped Pinks, mixed, double...

Fireball, glowing scarlet, handsome...

Snowdrift, white, very double; superb...

Mirabilis, very large, fringed...

Nobilis, Royal Pinks, splendid...

Superbus grandiflorus, double, large...

Satinaria, double, handsome Star Pink...

Dentosus hybrids, very fine sorts...

5 Mourning Cloak Pink

Latifolius, the broad-leaved Pink; grows 18 inches high; flowers in clusters like Sweet William but twice as large; rare; mixed colors...

4 pkts 15 cts, 1 pkt.

Complete Special Mixture all varieties 4 packets 15 cents, 1 packet 5 cents.

Double Daisy, New English Giant.

Special mixture, 4 pkts 15 cts, 1 pkt 5 cts.

The Double Daisy is easily grown from seeds. The plants soon begin blooming and keep up the display till winter. If then taken in they will continue blooming in a cool room or in a pit, through the winter. I take pleasure in offering choice seeds of the new Monstroses or Giant varieties, the flowers of which are full-double and monstrous in size larger than the old varieties. Red, White and Rose, each 5 cts; special mixture of all colors, 4 packets 15 cents, 1 packet 5 cents.

Mr. Park,—1 planted a packet of your pink Giant English Daisy, and one of white, and had fine success with them. I started the seeds in a box and set the little plants out as soon as large enough, the bed being on the east side of the house. They have bloomed all summer, and are still in bloom, Oct. 25th, although we have had severe frosts. The flowers were very double, large and handsome. I was much pleased with them.—Rachel Earl, Bingham Co., Idaho, Oct. 24, 1914.

Mr. Park,—I raised plants of your new Monstroses Daisies, and was delighted with them. They have been blooming all summer, and will last till snow comes. I have never before seen such large and handsome Daisies, and many people ask what they are.—Clara Woodworth, Ashitabula Co., O., Oct. 16, 1914.

Diascia Barberae.

A new and very pretty perennial blooming profusely the first season. The plants are rather dwarf, grow in bloom, and throw up stems that are covered with delicate lovely flowers of a soft rose color, the plants remaining a long time in bloom. The flowers are not only charming, but the pink seen in masses in a garden bed, but are attractive for cutting. [See eng.] 4 pkts 15 cts, 1 pkt 5 cts.

Dimorphotheca Hybrids.

Mixture of all colors, 4 pkts 15 cts, 1 pkt 5 cts.

Dimorphotheca aurantiaca, the beautiful South African Daisy, was introduced several years ago, and its attractiveness and ease of cultivation brought it quickly into popularity. The plants branched and bloomed profusely, so that a small packet of seed would supply a mass of waving gold, glorious to the eye. Very soon the German florists announced a diversity of colors, as white, salmon, sulphur, and orange, and these new varieties are distinct and charming. The plants grow a foot high, begin blooming early, and continue till after frost. These new hybrids rank among the best of annual flowers, and should have a place in every garden. D. aurantiaca, 5c; all colors mixed 4 pkts 15c, 1 pkt 9c.

Mr. Park,—When I first saw the South African Daisy raised from your seeds three years ago, I thought it one of the prettiest annuals I had ever seen. Last spring I sent for a packet of the new Hybrids, which are of all colors, from white all through the shades of yellow, salmon, rose and apricot, some of them solid colors.—Mrs. J. M. Sill, King Co., Wash., Nov. 3, 1914.
Erysimum, New Bedding.

Price, 4 packets 10 cents, 1 packet 3 cents.

The New Bedding Erysimum is a variety of P. arkanseanum, and is a hardy annual, ten inches high, dense and bushy, each branch terminated by a cluster of rich golden, Wallflower-like blooms, dazzling the eye with its golden display, and filling the garden air with its delicious fragrance. Seeds may be sown in fall or early spring, in rows eight inches apart, and thinned to six inches apart in the rows. It is a near relative of the Wallflower, and the finest of Erysimums. 4 packets 10 cts, 1 packet 3 cents.

I also supply P. perakensanum and P. pulchellanum at the same price.

Echium plantagineum, doubles the finest of Echiums, its showy rich purple violet flowers appearing in long, slender wands that rise erect from a tuft of broad leaves; a member of the Forget-me-not Order, Borragaceae, elegant as a garden flower and useful for bee pasture. 4 pkts 15 cts, 1 pkt 3 cts.

Erodium, known as Stor's Bill; allied to Geraniums, and bears showy flowers in clusters; Granum 5 cts, Manescavii, red, violet, fine, 5 cts, mixed 4 pkts 10 cts, 1 pkt 3 cts.

Elsholtzia cristata, a very sweet-scented little lilac-colored flower, good for bee pasture, 5 cts per packet.

Emmenantha Penduliflora, a little annual with dropping golden-yellow flowers, 5 cts per packet.

Erythrea linarifolia, a very neat little plant of the Gentian family; likes moist soil, 5 cts per packet.

Erysimum. This is the beautiful Californian Poppy, which covers the hills in sections of that state with a shining mass of golden color in early spring. The plants have lovely, fine-cut, silver-green foliage, and large, showy flowers in great profusion. Sow where the plants are to bloom, and thin to six inches apart.

Double, Golden Yellow, White, Sulphur, Striped, Rose, Orange, each 5 Double Mixed, 4 pkts 15 cts, 1 pkt 3 cts.

Single, Yellow, White, Striped, Sulphur, Rose and Orange, each 5

Canaliculata, Rose Cardinal, Carmin King, Dalhia Queen, Mandarin, Rose Queen, Douglas and Golden West, each 5

Single Varieties Mixed, 4 pkts 10 cents, 1 pkt 3 cts.

My Improved Double Eschscholtziyas are far superior to the common seeds generally sold.

Mr. Park—The Eschscholtzias were a great delight. Among them were some silvery white ones, such as I had never before seen. Mrs. F. L. Sexx Co., Mass.

Erschscholtzia. Special Mixture, 4 pkts 10 cents, 1 pkt 3 cents.

Euphorbia. The species here offered are annuals that delight in a hot, dry, sunny situation. They grow two feet high and are very showy when in bloom in autumn. E. Variegata is known as Snow on the Mountain, the floral bracts being almost pure white; E. heterophylla is the Mexican Fire Plant, the floral leaves being rich scarlet. Separate, 5 cts; Special Mixture, 4 pkts 10 cents, 1 pkt 3 cts.

E. Variegata, represented in the little engraving makes a showy bed, and usually reproduces from volunteer seeds. It is very beautiful in the South, where it appears freely by the roadsides.

Eutocia Viscida. This is a handsome little annual growing a foot high, and bearing beautiful blue, white, and lilac flowers. It is very often classed as a Phacelia; it is found native on the Pacific Coast. It is a flower but very little known, but is deserving of greater popularity. Separate, 5 cents; special mixture, 4 pkts 10 cents, 1 pkt 3 cents.

Eulachia. Hardy annuals related to Evening Primrose. Seedlings bloom in two months, the flowers being quite showy; do best if the seeds are sown in autumn. Rose white and purple, separate or mixed, 5 cts.

Eutocia Viscida. A very handsome annual of easy culture; plants grow six inches high, with glaucous foliage, bearing corollas of very pretty red flowers with purple stems, allied to the Valerian. Price per packet 5 cents.

Eutocia. Eutocia is a very handsome annual, growing a foot high, and bearing beautiful blue, white, and lilac flowers. It is very often classed as a Phacelia; it is found native on the Pacific Coast. It is a flower but very little known, but is deserving of greater popularity. Separate, 5 cents; special mixture, 4 pkts 10 cents, 1 pkt 3 cents.
Gaillardias, Single and Double.

**Gailardia Grandiflora. A Glorious Perennial, Should be in Every Garden.**

Special Mixture, all varieties, 4 packets 10 cents, 1 packet 3 cents.

**Gaillardia picta** is an annual, bearing very showy, single red and yellow flowers, and is a variety with double flowers. **G. grandiflora** is a perennial, but blooms the first season. All are beautiful, easily grown and showy. In beds in a sunny place where the soil is not too rich the plants grow a foot high, and set ten inches apart show a wearing mass of brilliant flowers on long stems. The seeds may be sown where the plants are to bloom, or may be transplanted.

**Picta**, single, white, white marginated, red and white, yellow, yellow banded, salmon, and quilled, each 6 cents.

**Lorenziana**, double, yellow, sulfur, red and yellow, each 6 cents.

**Grandiflora**, large-flowered perennials, but blooming well the first season; 3 ft. high, golden yellow, yellow and red in superb mixture, 4 packets 10 cents, 1 pkt... 3 cents.

**Gaillardia**, New Covent Garden, is a variety of dwarf growth, compact and free blooming. Mixed, 4 packets 10 cents, 1 pkt... 3 cents.

Mr. Park:—I have red, yellow, purple, white and variegated Gaillardias, and they are very showy and beautiful.—Mrs. Levina Whitaker, Greene Co., N.Y.

Mr. Park:—Surely the Gaillardias give as satisfactory results as any flower that grows. It begins blooming early, and if cut, produces flowers and challenges our admiration when grouped in masses.—Ida A. Cope, Santa Clara, Cal.

**Gillas in Fine Variety.**

Special Mixture, 4 pkts 10 cents, 1 pkt 3 cents.

These are glorious annuals, a foot high, and bearing a mass of rich bloom. The beds of this fine annual in Germany, were the most gorgeous display of colors I have ever seen. They are very easily grown from seeds. Start the plants early, where they are to bloom. I offer the finest varieties.

**Achillea filifolia**, blue, white, rose, each 6 cents... 5 cents.

**Capitata**, 15 inches high; blue, white, each 6 cents... 5 cents.

**Minima**, blue, **Nivalis**, white, each 6 cents... 5 cents.

Complete special mixture, 4 pkts 10 cents, 1 pkt 3 cents... 3 cents.

**Goddess in Variety.**

Special Mixture, 4 pkts 10 cents, 1 pkt 3 cents.

This are glorious annuals, a foot high, and bearing a mass of rich bloom. The beds of this fine annual in Germany, were the most gorgeous display of colors I have ever seen. They are very easily grown from seeds. Start the plants early, where they are to bloom. I offer the finest varieties.
Hibiscus—Mallow.

Special mixture, 4 pkts., 15 cts., 1 pkt. 5 cts.

These are very showy, large, hardy, annual flowers. The annual \textit{H. trionum grandiflorum} grows a foot high and bears many large, showy flowers, sulphur with a dark purple center. I offer, the true large-flowered sorts. I also offer the new \textit{Hibiscus Manihot}, \textit{Sunset}, grows from four to six feet tall, branches like a tree, and bears showy-colored flowers as large as a saucer, the petals having a dark blotch at the base. This is a perennial, but blooms well the first season. \textit{Hibiscus Manihot} is a race of hybrids of \textit{H. cocineus}. The plants grow from five to seven feet high, and bear large showy flowers of colors ranging from white to crimson. They are hardy perennials, but seedlings will bloom in autumn if started early. \textit{Hibiscus Manihot} grandiflorus, new, large-flowered, is very handsome. 5 cts.

Homoemilia \textit{Yumariaeolla}, the beautiful Mexican 

Cactus 

Special mixture of all kinds, 4 pkts., 15 cts., 1 pkt. 5 cts.

Laveniaria \textit{comosa}, the African Mignonette.

The plants grow a foot high, branch, and bear spikes of pretty, white, fragrant flowers. Once introduced it will retain its place by self-sown seeds. 4 pkts., 15 cts., 1 pkt. 5 cts.

\textit{Ice Plant}, \textit{Crassulaion}, a species of \textit{Mesembryanthemum}, succulent, and covered all over with singular ice-like tuberous leaves; it is very handsome for pots or baskets, and likes the sun, and rather dry, sandy soil. Easily grown from seeds, and always attractive on account of its icy appearance. Four packets 15 cts., 1 packet 5 cts.

\textit{Jonapodium Acaule}, \textit{Diamond flower}, a little flower for carpeting pots or beds, a plant of low growth and bearing a profusion of very bright and lovely flowers. Sow by the pathway, or steps or rocks. It sows over the surface soil of pot plants it will form a flower carpet, very novel and beautiful. 4 packets 15 cts., 1 packet 5 cts.

\textit{Kochia scoparis}, the Believde Cypress; a dense, symmetrical annual, grows half a yard high and in autumn, makes a fine hedge, and appears very well as a specimen plant; 2 feet high. 4 pkts. 15 cts., 1 pkt. 5 cts.

Helianthus—Sunflower.

Complete Special Mixture, Annual Sorts, Large and Small-flowered 4 pkts., 15 cts., 1 pkt. 5 cts.

For growing among shrubbery and for screens or back grounds Sunflowers are very desirable. The plants are robust, and the flowers very large, cheerful and attractive. These are the plants where the plants are to be placed in a bed and transplant. Everybody should cultivate Sunflower.

Large Annual Varieties.

\textit{Bismarcianthus}, the Tree Sunflower, bears many beautiful single flowers; seeds fine for chickens. 4 oz. 1 kt. 5 cts.

\textit{California}, \textit{fl. pl.}, double. 5 cts.

\textit{Globosus Fistulosus}, \textit{fl. pl.}, enormous flowers, double to the center; very showy. 5 cts.

\textit{Macrophyllus giganteus}, large-leaved. 5 cts.

\textit{Nanus}, \textit{fl. pl.}, dwarf; large double flowers; handsome. 5 cts.

\textit{Nanus folis Variegatus}, beautifully blotched foliage. 5 cts.

Large annual Sunflowers. Primrose-colored, sulphur. $\text{\textit{Arboresus giganteus plenus}}$ sinuus, the new giant double-flowered sort. 5 cts.

\textit{Lentucularis}, very tall and showy. 5 cts.

\textit{Uniflora}, tall, bearing one large flower at the top. 5 cts.

\textit{Oculatus viridis}, double, golden green-netted. 5 cts.

\textit{Pervianus}, compact in habit. 5 cts.

Small Annual Varieties.

\textit{Cucumerulis}, small-flowered golden yellow. 5 cts.

\textit{Orion}, golden yellow, twisted petals. 5 cts.

\textit{Argyrophyllus}, silver-leaved, small, showy yellow blooms. 5 cts.

\textit{Dudem}, light yellow, dark center, frilled. 5 cts.

\textit{Stella}, golden yellow with black disk. 5 cts.

\textit{Small annual varieties mixed}, 4 pkts., 15 cts., 1 pkt. 5 cts.

New Red Sunflowers.

Large-flowered annual red Sunflowers, introduced last year when the seeds were sold at 25c per pkt.; 8 feet high; flower red and brown with brown background; 4 pkts., 15 cts., 1 pkt. 5 cts.

Small-flowered annual Sunflower, grows 4 feet high, branchy and bearing many showy star-like flowers; color very purplish brown upon yellow background; 4 pkts., 15 cts., 1 pkt. 5 cts.

\textit{Kaufmania amelloides}, annual with very handsome blue, rose and violet flowers; easily grown from seeds; splendid in garden, where the space cannot be surpassed. Grow about a foot high. The seeds can be sown in rows and thinned, or the plants may be set out six inches apart. Each color 5 cts. mixed. 4 pkts., 15 cts., 1 pkt. 5 cts.

\textit{Kenilworth Ivy}, a handsome trailing perennial, mixed. First season; grows in dense shade, and is a lovely carpet for a bed, pot or a basket in a shady place. The plants are hardy in a sheltered spot, and an excellent wall or rock plant. Mixed. 4 pkts., 15 cts., 1 pkt. 5 cts.

\textit{Lavatera trimestris}, Beautiful annuals not unbecoming a dwarf, branching 

Hollyhock; grow three feet high, and in a sunny bed a become a showy mass of lovely flowers that can be taken over winter. Very good for a 

screen. Make a fine low hedge or screen. Easily 

grown from seed. 4 pkts., 15 cts., 1 pkt. 5 cts.

\textit{Lavatera trimestris},- The most useful of \textit{Lavaters} is \textit{L. trimestris}, a beautiful South European annual, grows to three feet high, bearing in summer large single or double flowers; color very purplish brown, thriving in rich and light soil. Sow between the rows of potato or beet. English Flower Garden. 4 pkts., 15 cts., 1 pkt. 5 cts.

\textit{Layia Elegans}, a beautiful, free-blooming annual a foot high, and becoming a 

handsome, elegant, and very showy flower when mixed and edged with white. The flowers are Daisy-like, and last for a long time. I can also supply a variety with pure white flowers. Either sort, 5 cents per packet. Special 

Mixture 4 packets 15 cts., 1 packet 5 cts.

\textit{Lepiosiphon}, handsome dwarf California annuals, forming tufts of foliagewhite, pink and lavender. 

Ears. Sow early and thin to 6 inches apart. Androsaceas, beautiful, mixed. 5 cts. 

Densiflorus, small, profuse. 5 cts. 

Hybrids, yellow, rose, carmine scarlet, white. Each 5 cts., 5 cts.

Special Mixture of all sorts, 4 packets 15 cts., 1 packet 5 cts.

Complete Special Mixture, 4 packets 15 cents, 1 packet 5 cents.

It is only a few years ago that a very beautiful, free-blooming, ever-blooming plant was introduced from South Africa, Impatiens Sultana, commonly called Zanzibar Balsam. Then, soon after, another species somewhat similar was introduced, Impatiens Holsti. The florists learning their value as bedding and pot plants, began hybridizing them, and today we have them in all the leading colors, as pure white, white with red eye, blue, purple, scarlet, salmon and various shades. The plants grow two feet high, branch like a tree, and are densely clothed with lovely foliage, above which the flowers stand out in pleasing and showy contrast. For a summer bed these Balsams are very desirable, as they are perpetual blooming, while for pots in the window or conservatory they are never out of bloom. Easily grown from seeds, and come quickly into bloom. The plants like moist, porous soil and partial shade from the hot midday sun.

Holsti Hybrids.

Impatiens glandulifera, an annual six feet high, bearing clusters of showy rose and white flowers; fine for a  |
| Shrubbery. 4 packets 15 cents, 1 packet 5 cents.                             |

Linum Grandiflorum.

Linum grandiflorum, the Scarlet Flax, is a very effective annual in beds. At the big German Seed Gardens I saw nothing to equal the odd and pleasing color of masses of this easily grown annual; a foot high, Roseum, rose, 5c, Rubrum, red, 5c, mixed 5c. 4 pkts. 15 cts., 1 pkt. 5 cts.

Linum Lewisii, a rare and very beautiful perennial growing the first season; plants grow more than a foot high, and bear dense heads of flowers of the most very blue imaginable, each flower showing a white center. This is a rare perennial flower that would be popular if its merits were known. 4 pkts. 15 cts., 1 pkt. 5 cts.

Lupinus, annual.

These are beautiful, easily-grown flowers: Pea-like in form, and produced in fine spikes. They come in many colors, and make a showy bed. The dwarf sorts are particularly attractive in beds. Sow early, where the plants are to bloom, and thin to 6 or 8 inches apart.

Nanus, dwarf blue, 6 Albus, dwarf white, 5 Affinis, blue, white, purple, 5
Hartwegii, showy kinds, 6 Albo-violaceus, violet, 5 Hybrids strobococcinus, 5
Albo-roseus, white, rose, 5 Albo-violaceus, violet, 5 Mutabilis Cruickshank, 5
Special mixture, all colors, 5 Hirsutus, Old Man’s Face, 5
Special Mixture, 4 pkts. 15 cts., 1 pkt. 5 cts.

Linaria in Variety.
Special Mixture, 4 pkts 15 cents, 1 pkt 5 cents.

These are annuals that should be better known. They are of the easiest culture, growing a foot high, and bearing spikes of charming, Snapdragon-like flowers. The new Maroccana hybrids, shown in the engraving are beautiful, and show flowers of various rich colors.

Lupinus, very beautiful, 4 Alpina, 5 Bicolor, white, violet, yellow, striped, mixd 5 Maroccana, white, carmine, purple, mixd. 5 Tricolor, three feet high, showing long spikes of carmine, violet and purple flowers mottled with orange, very handsome. 5 Complete Special Mixture, 4 pkts 15 cents, one packet 50 cents.

Leptosyne Douglasia, a fine composite annual growing a foot high, bearing large yellow flowers, L. Stillmanni bears smaller flowers. L. Maritima is a perennial, and should be treated as an annual. It bears very freely, large, bright yellow flowers.

Lobelia, very beautiful small flowers. Complete Special Mixture, four packets 10 cents, one packet 5 cents.

Lychnis.

Among the brightest and best of garden flowers, L. Chalcedonica, white and scarlet, is splendid, the scarlet dazzling the eye with its brilliancy. L. Haageana has very large, rich-colored flowers of various colors. All are permanent, but bloom well the first season. In a bed they make a gorgeous display.

Chalcedonica, scarlet, white, each 5 Alpina, very dwarf and pretty 5 Fulgens, bright scarlet 5 Haageana hybrida, splendid sort 5 Sieboldi, white, very fine 5 Special Mixture, 4 pkts 15 cents, 1 pkt.

Mr. Parke—Few persons know the value of the old-fashioned perennial, Lychnis Chalcedonica. Its color is as bright as the Scarlet Geranium, and it is perfectly hard; a permanent feature of the garden. I have a number of clumps, raised from seeds. The seeds germinate readily, and the plants are very easy to care for. If the heads of bloom are picked when they fade, the plant continues to bloom from side shoots. I have kept it in bloom nearly three months by this means. —Amelia H. Reidford, Philadelphia, Pa.

Mr. Parke—I am pleased with your Lychnis, and find it very desirable. The plants are of easy culture, growing almost anywhere, and are lovely.

Lychnis Haageana.

Lobelia in Splendid Variety.

Complete Special Mixture, all varieties, 4 pkts 10 cents, 1 pkt 3 cents.

When Lobelias do well there is no flower used for bedding that is more lasting, beautiful or showy. They grow six inches high and are literally encrusted with the great profusion of bloom. Charm ing also for pots and baskets. Started in summer they will bloom in a sunny window throughout the winter.

Bernard's Perpet. blue, P nastiliana, white, blue 5 White Lady, white 5 Royal Purp., blue eyes 5 Crystal Palace, blue 5 Speciosa, dark blue 5 Kermesina, crimson 5 Pumila, Splend. dark 5 Fuchsia Dona, maroon 5 Fuchsia Purp., white, blue eyes 5 White Gem, fine white 5 Pansy, red, white, 5 Complessa Magenta 5 Tenant, large flowers 5 Special Mixture, 4 pkts 10 cents, 1 pkt.

Mr. Parke—I want to tell you about my Lobelia from a packet of your special mixture. I raised many plants which bloomed throughout the entire drought, and became one handsome solid mass of blue and white. I most heartily recommend them. —Daisy Brusseutgers, Rahoka, Mo.

Mr. Parke—I have been buying my flower seeds from you for thirteen years, and they have never disappointed me. I have such good luck with Pansies, Salpiglossis, Carnations and all. —Mrs. Hamrick, Linden Heights, Ohio.

Mr. Parke—I am pleased with your Lobelias, and find them very desirable. The plants are of easy culture, growing almost anywhere, and are lovely.

Lychnis Hybrida.

PARK'S TESTED SEEDS WILL NEVER DISAPPOINT YOU. Geo. W. PARK, La Park, I.
Marigolds in Splendid Variety.

Complete Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

There are fewer brighter flowers than the Marigolds, and few that bloom more freely and continuously. They will thrive in sand or loam, and are delightful to the hot sunshine, and do not mind drought. They are everybody's flower, bringing sunshine and cheer to gardens and window-sills. By all means have a bed of Marigolds. You will be delighted with the new anes.

**Ingetes Signata Punica,** a globular annual growing 10 inches high, smothered with bright yellow bloom; a handsome plant for border or edging. 4 pkts 10 cts...

**Oranges, look like golden Candytuft; delicious fragrance, like Sweet Myrrh; everblooming.** Will better known. 4 pkts 15 cts, 1 pkt.

**Complete Mixture of all Marigolds, 4 packets 15 cents, 1 packet 5 cents.**

Mr. Park.—Persons desiring a mass of glowing color as well as of varied forms and markings should plant Marigolds—French, African, and the Dwarfs. Let the plants deep to avoid drying, and your bed will elicit the admiration of all—even those who "don't like Marigolds."—C. M. R., Suffolk Co., N. Y.

**Lallemantia canescens,** a plant of the Labiate family, growing one and one-half feet high, with pretty whorls of blue flowers.

**Lathyrus Californica,** composite annual, a foot high, with bright yellow flowers an inch across.

**Leonotis Siberica,** a Labiate plant two feet high, keenly beautiful red flowers.

**Leucanthemum grandiflorum,** the very lovely Ox-eye Daisy: lovely white blooms. Packets...

**Leucanthemum,** an annual, two feet high, with axillary white flowers 1½ inches across, the dve erect red nectaries barred with transverse yellow and white stripes, from Ecuador....

**Lonas inodora,** a very handsome composite annual, growing a foot high; flowers yellow, in dense cymes...

**Lopisss coronata,** a Mexican annual, growing 1½ feet high; showy rose-purple flowers.

**Lotus Jacobean,** growing two feet high, from Cape Verde Islands; the flowers are Pea-shaped, dark purple, almost black, in fine clusters.

**Madias Corymbosa,** a white-flowered composite annual from California.

**Malva,** showy annuals of the Malva family; Oripa grows five feet high, with pretty cramped leaves, keeping green till winter; Mauritana grows six feet tall, bearing showy purple flowers; Minista bears very handsome scarlet flowers in each special mixture. 4 pkts 10 cts, 1 pkt.

**Malope grandiflora,** a handsome red, double, and mixed; one foot high; the flowers are small Hollyhocks, red, white and rose, very showy; each color 5 cts. Special mixture of all colors, 1 packet 6 cts.

**Martyria,** showy, vigorous plants growing two feet high, massive foliage and bearing big clusters of fine, Oloxiina-shaped, blood-red flowers. Very easily grown from seeds, and will bear a fine display of blossoms throughout the entire summer. 4 packets 15 cts, 1 packet 5 cts.

**Matricaria,** Feverfew; very easily grown, a foot high, and covered with a profusion of bloom. I offer seeds of the finest varieties, as follows: Capensis, 6 pl. double, pure white, 5 Plenissima alba, double, pure white 5 Golden Ball, dwf, full-double, yellow 5 Silver Ball, dwf, full-double, white 5

**Matsioli,** Evening Stocks. I offer here two species, both growing a foot high, with flowers and seed-pods somewhat like Sweet Rocket, the flowers delicately scented in the evening. M. incanus, purple-red, is a sub-shrub blooming continuously. 5 M. tricuspida is an annual, the flowers lilac, foliage annatale. 6 Both mixed, 4 pkts 15 cts, 1 pkt 5 cts.

**Mesembrianthemum,** succulent, prostrate plants, growing freely on walls or rocks, in a sunny place, and bearing very showy and handsome pink and white flowers. Crystallum is the sea Plant. See page 24.

**Cordatum versitum** has pretty deep foliage and pink flowers; very handsome...

**Fomerdianum,** dwarf, with many lovely yellow flowers...

**Tricolor,** dwarf, with many pink or white flowers, fine for pots...

**Variety mixture of all sorts, 4 packets 15 cts, 1 packet 5 cts.**

**Hollwecula,** Shell Flower, curious annuals, 2 feet high, with green, shell-like, bell-shaped flowers. Attractive on account of oddity. Lavis facts, Spinosa 5 cts. Mixed, 4 pkts 10 cts, 1 pkt 5 cts.

**Hollwecula,** Shell Flower, curious annuals, 2 feet high, with green, shell-like, bell-shaped flowers. Attractive on account of oddity. Lavis facts, Spinosa 5 cts. Mixed, 4 pkts 10 cts, 1 pkt 5 cts.

Mr. Park—My Mignonette from your seeds is exceptionally pretty, with its dark green foliage topped with clusters of bright red blooms, and its delicious fragrance pervades the whole garden. It is in full bloom now, and I appreciate it very much. They are very handsome. —Mrs. Ethel Kirby, Jasper Co., Mo.
Mr. Park:—I sowed your Myocept seeds last July, and have had such beauty this year—pink, blue and white, and they spread and bloomed all summer. I never succeeded with Forget-me-nots till I got your seeds.—O. M. J., Montelair Co., Mich.

Nemesis.

These are very free, continuous-blooming plants, elegant for either beds or pots. The new Strumosa hybrids rival Pachys; flowers lovely in form, rich in color. Easily raised from seeds; beautiful and showy. "Floribunda," white 5; "Compacta," white, blue, lilac and white 5; "Versicolor," blue, lilac and white 5; "Strumosa carmine" 5; "Sorbet," white, pink 5; "Orange," handsome 5; "Tigrid and spotted," 5; "Nana Compacta," rich white 5.

Complete Special Mixture, 4 pkts 10 cents, 1 pkt 3 cents.

Mr. Park:—My Nemesis from your seeds bloomed early—white, blue, blue and white, and I thought your Strumosa hybrids, best of all, one spotted like a Gloxinia.—J. Colburn, Lake City.

Complete Special Mixture, 4 pkts 10 cents, 1 pkt 3 cents.

Mr. Park:—I sowed your Nemophila seeds in a cool, shady location, and the bed was a wealth of bloom all summer, showing 7 different varieties. If the flowers are cut freely the plants bloom till frost. —Mrs. J. G. Valentine, Reno, Nebraska.

Nicotiana, very beautiful, fragrant plants of the Tobacco family. The new hybrids are splendid, growing two feet high, and making a showy bed during summer. N. Affinis and hybrids are delicately scented in the evening.

Colossea, giant; Snarevels, sweet-scented; Macrorhiza, large-leaved; Actinolizes, white-dowered; Tobacco Variegatum, marbled foliage; Sylvestris, six feet high, each 5 cents; Sanderia, rose, crimson, white, deep, purple, Blood, violet, each 5 cents, mixed 4 pkts 15 cts, 1 pkt 5 cents; Affinis, white, flesh, lilac, crimson, purple, Violet, Rose, each 5 cents, mixed 4 pkts 15 cts, 1 pkt 5 cents.

Special mixture, all sorts, 4 pkts 10 cts, 1 pkt 3 cents.

Nigella, love in a mist, annuals of easy culture, with fine cut foliage and showy and beautiful flowers. Sow in a sunny place in spring or fall, when plants are to bloom. N. diversifolia, a novelty of great beauty, ball-shaped; fl. pl., "Miss Jekyll," rich blue, light blue and white; white, pink 5; "Nana fl. pl.," light blue and white; "Hispanica," blue, white, purple, each 5 cents.

Special mixture, 4 pkts 10 cents, 1 pkt 3 cents.

Nigella, trailing annuals, with showy, rich-colored, cupped flowers. Fine for baskets or rock work. Sow the seeds where plants are to bloom, in a sunny spot. White, blue, violet, lacinata, white, each 5 cents.

Special mixture, all sorts, 4 pkts 10 cents, 1 pkt 3 cents.

Mr. Park:—I have found Nycterina one of the most satisfactory annuals I have ever grown. Charming, delicate, and beautiful. —A. L. Tracy, Day Co., S. D.

Obediscaria pulcherrima, a very handsome composite, with one-like centre and golden drooping rays—a sort of Rudbeckia. They are very easily grown, and very odd. 4 pkts 10 cents, 1 pkt 3 cents.

Oxleya Chrysanthemeoloides 1½ feet; handsome yellow-flowered composite annual from California; 5 cents.

Obeliscaria. Evening Primrose, splendid annuals, biennials and perennials. Sow in autumn or spring, where plants are to bloom. Flowers cupped, mostly a fine Primrose yellow. Dwarf white, Frazier, Macrantha, Missouriensis, Lamarckiana, Rosea, Johnson, each 5 cents. Special mixture, 4 pkts 10 cents, 1 pkt 3 cents.

Oxalis, low plants with cover-like foliage and clusters of very pretty flowers; fine for edgings, baske and groundwork. "Floribunda alba," F. rosea, Roses alba, R. delicata, "Tropaeoloides," Valdiviana mixed, Sensidiva Each 5 cents. O. Tropaeoloides has brown foliage—a fine low background for bedding designs. Special mixture, 4 pkts 15 cents, 1 pkt 5 cents.
The PANSY is the most popular of garden flowers, and justly deserves its popularity. No flower blooms earlier, or more freely and continuously, and none is more delicate in texture, rich and varied in color, and more pleasing and attractive. A bed of well-grown plants in bloom is gorgeous, and always enthusiastically admired. It rivals the Tulip bed in the spring, and blooms freely till July, then continuously, though less freely till winter. The strains I offer are unsurpassed, the petals being robust, the flowers of enormous size, and the colors of wonderful variety and beauty. Ten packets of ten different mixtures, White, Red, Blue, Black, Yellow, Blotched, Striped, Shaded, Azure, and Varieties, only 25 cents, or all varieties in complete mixture, 4 pkts. 15 cents, 1 pkt. 5 cents. I also offer the following splendid varieties separately at 5 cents per packet:

**ROEMER’S GIANT PANSIES, DISTINCT VARIETIES.**

Adonis, light blue, beautiful.
Atropurnpurea, royal purple.
Blighted and Striped, splendid.
Bridemaid, rose white, blotted.
Bronze, splendid bronze shades.
Black Blue, very dark blue.
Candidissimus, pure white.
Cardinal, brownish scarlet.
Canarybird, yellow, blotched.
Cliffside, fine for beds.
Coal Black, darkest Pansy.
Coquette de Poissy, mauve.
Crown Prince, velvety black.
Diana, cream-colored.
Elite, a lovely variety.
Emperor Frederick, royal purple.
goed-edge and gold-bronze face.
Emperor Joseph, white, blue spots.
dwarf and stocky plants.
Empress of Brazil, blue.
Eros, deep velvet, gold edge.
Fairy Queen, azure, white edge.
Fire King, gold, banded blue.
Freya, maroon, white margin.
Golden Queen, pure yellow.
Golden Yellow, brown eye.
Havana Brown, rare shades.
Hero, new, fine.
Hortense Red, new, fine.
Hydranassa Rose, new.
Indigo King, true indigo blue.
King of Blacks, coal-black.
Lavender, pale blue, blotched.

**THE NEW ORCHID-FLOWERING PANSIES.** I offer a fine strain of the New Orchid-flowering Pansies (Cattleyana), and hope all my friends will give them a trial. This race of charming Pansies was developed by German florists, and will be found surpassingly beautiful. The plants are strong and free-blooming, the flowers of fine form and large size, and the colors exquisite and of the most pleasing shades and combinations. These Pansies are well-named Orchid-flowering, for they are royal in beauty, distinct in their superior character, and enchanting in their soft, rich colors. 4 pkts. 15 cents, 1 pkt. 5 cents. The Complete Special Mixture of all the above varieties, 4 pkts. 15 cts. 1 pkt. 5 cts.

**BROWN’S IMPROVED GIANT PANSIES.** As surpassing all other Giant Pansies I offer this season Brown’s Improved Giant, the flowers of which are Giants of the Giants, and appear in all the rich shades and variegations of the Pansy family. These Pansies are an American improvement, the result of years of painstaking effort by Mr. Peter Brown of Lancaster County. The plants are therefore adapted to a warm, sunny climate, such as we have, and to the peculiar rich soil of our American gardens. These Pansies are the “no plus ultra” of Pansy development, and will delight all who grow them. As yet I can offer but two varieties separate, White with distinct blotches, and Yellow with distinct blotches, each at 5 cents per packet; but my mixture embraces all the fine colors and combinations, and the price is only 5 cents per packet or 4 packets for 16 cents. If desired in larger quantity I will supply this grand strain of Pansies at 50 cents per packet of 1000 seeds.
Petunias for Beds and Pots.

The Petunia, in its many varieties, is the best all-round flower known for general cultivation. It is free-blooming, rich in color, fragrant and showy, making a gorgeous display throughout the whole season, until after severe frosts. It is very easily started from seeds, blooms early, has no enemies, and rejoices in sunshine. It is almost perfect, and can be used for pots in the winter as well as for beds in the summer. I offer fresh seeds of the finest quality, and my mixtures are unsurpassed. For beds or pots I most freely recommend the following:

SPREADING VARIETIES.

Adonis, carmine, white throat
Alba, white, often with dark throat
Belle Etoile, starred and handsome striped
Carmen, violet, white throat
Gen. Dodd, rich dark purple
Intus Aurea, with yellow throat
Marginalis, margined with green
Reticulata, distinctly veined, beautiful

SPRAWLING VARIETIES.

Multiflora, striped, starred and botted
Snowball, pure white, very fine
Rosca, rose, Venosa, veined, Stellaria, starred, each
Rosy Horn, rose with white centre, splendid

COMPACT VARIETIES.

Baby Blue, beautiful purplish blue
Rose-striped, splendid striped variety
Enchantress, new strain in many varieties

Phacelia, splendid hardy annuals with showy blue and white flowers; bloom all summer. Conga, Grandiflora, Parr yl, Tansacottolopsis, each 5 cents, special mixture, 4 pkts 10 cents, 1 pkt 2 cents.

Palafoxia Hookeriana, a composite annual, two feet high, of very dense, bushy habit, bearing in great abundance handsome rosy pink flowers, 4 packets 15 cts, 1 packet 5 cts.

Penstemon Gentianoides, elegant perennials, blooming the first season, flowers Gloxinia-like, scarlet, violet, light colored, all hybrids of large-flowered strain; mixture, 4 pkts 10c, 1 pkt 3c.

Perilla nankinensis, plants with showy dark brown foliage, many plants showing finely crimped and lacinated leaves. Makes a very handsome foliage effect. Mixture, 4 pkts 10c, 1 pkt 3c.

The Improved races of Phlox Drummondii are hardly surpassed by any other annual. The plants start quickly from seeds, are compact in growth, begin to bloom when small, and continue blooming till after frost. The flowers are graceful in form, bright and varied in color, and produced in large clusters, which, when packed in a bed, make a blaze of rich color throughout the summer. The dwarf, compact varieties are excellent for pots. The Grandiflora and Hortensieflora Phloxes are especially valuable for beds. Pinch off the first shoots that appear, and the plants will become compact and bushy, like the one shown in the engraving. My seeds of these flowers are first-class, and my special mixtures are carefully prepared.

**Semi-Double.**—These bear semi-double flowers of the leading colors.

Mr. Park—I planted a row of Phlox Drummondii ten feet long and found I had all I could manage. I had but one packet of your seeds, but could have made the bed four feet square and had a much nicer display. They would not have been any prettier, however, for they were so large and of every color. —Mrs. Emma Isaacs, Saline Co.

Mr. Park—I find your Phlox Drummondii easily raised and very free-blooming. The plants will bloom continuously if not allowed to seed. The flowers are sweet-scented, very showy and of so many bright colors, double and single.—Beth A. Johnson, Glasgow, Kansas.

**Poppy, Annual.**

The Annual Poppies are exceedingly showy and beautiful flowers, and are easily grown. Sow in early autumn or early spring, and thin the plants to eight inches apart. I offer choice seeds of the finest varieties.

**Park’s Giant,** 3 feet, great flutty, double flowers, in the following colors:

Mixtures of all sorts, 4 packages 10 cents.

**Peony-flowered,** large flowers of many handsome colors, as above, also striped, each 5c, mixed.

**Other Poppies**—Admiral, Double Umbrosa, Peacock, Tall Poppy, Miss Sherwood, Brizibunda Splendens, Mursell’s fl. pl. mixed, Laevigatum, Giganteum, Japanese, Edgeworth, Rhoiciss, Rumanus-flowered, each 5c. Mixed, 4 packages 10 cents, 1 packet.

**Cardinal Poppy,** 18 inches, very double, elegantly fringed. Cardinal red, rose, copper, chamois, brick red, white, Mary Campbell, each 5 cents; Special Mixture, 4 packages 10 cents, 1 packet.

**Shirley Poppy,** Tall or Dwarf, tall the fine new shades, fine mixture.

**Portulaca.**

**Beautiful, free-blooming annuals, easy to grow, 6 inches high in a bed, and continue blooming for many weeks. They are very useful in borders, flower boxes and pots.**

Salvias in Splendid Variety.

Complete Special Mixture of all sorts, 4 pkts $0.15, 1 pkt $0.05.

Salvias are beautiful and very showy flowers, the prevailing colors being blue and scarlet. Salvia patens has exquisite blue flowers, and Salvia patens makes a graceful and attractive display when the plants are massed. The most attractive kind, however, is Salvia splendens, commonly known as Scarlet Sage. I offer improved, large-flowering, robust varieties, which are a blaze of rich color throughout autumn. They like a sunny place and plenty of moisture while growing. They are magnificent bedding plants.

Varieties of Salvia Splendens.

- Grandiflora, large lilac spikes 5
- Pendula, drooping spikes, scarlet flowers 5
- Prostrata, new, scarlet 5
- Enginese Clavenata, fine, early variety 5
- Giant Scarlet, robust, excellent sort 5
- Silverspot, scarlet bloom, spotted foliage 5
- Zulia, dwarf, early-flowering, scarlet 5
- Bonfire, new, compact, scarlet 5
- Fireball, very rich scarlet; handsome 5
- Alfred Raginana, scarlet, compact, fine 5
- Splendens mixed, 4 pkts $0.15, 1 pkt 5

Other Choice Varieties of Salvia.

- Carduacea blue, vermillion anthers 5
- Rzewusiana, scarlet, very pretty 5
- Patens, blue flowers, tuberosa 5
- Farinacea, bright blue, white, each 5
- Salvia Selarea (Horminum), scarlet, white, violet, separate, 5 cts, mixed 5
- Coccinea nana compacta, an elegant pot and bedding plant 5
- Coccinea incisa, white, handsome 5
- Azurana grandiflora, a superb blue-flow- ered perennial; splendid 5
- Mixture, 4 pkts $0.15, 1 pkt 5

Salpiglossis, New Emperor.

Special Mixture, all colors, 4 pkts $0.15, 1 pkt $0.05

The New Emperor race of Salpiglossis is a great improvement on the old-fashioned kind, the plants being strong and stiff, and the flowers of great size, appearing in all the rich shades and colors, mostly beautifully penciled. The plants grow two to three feet high, branch freely, and bear their showy flowers continuously and liberally throughout the season. I offer a superior strain of seeds, and my mixture is specially prepared from all the finest varieties.

Scabiosa in Variety.

Special Mixture, 4 pkts $0.15, 1 pkt $0.05

The Improved Double-flowered Scabiosa atropurpurea or Mourning Bride, is a splendid hardy annual, the flowers being of great size, very double, and embracing a wide range of colors, from white through shades of red to black, as well as shades of blue or rich purple. The plants grow two feet high, bearing their lovely globular flowers on long, waving stems. The blooms are abundant throughout the summer, and are truly beautiful. Seeds may be sown early in autumn or early in spring. Sown in early autumn the plants winter safely and come into bloom freely the next season. I offer the following superb varieties:

- Pure white 5
- Rose, fine 5
- Flesh color 5
- Cherry Red 5
- Lilac, pretty 5
- King of Blacks 5
- Fiery scarlet 5
- Purple 5
- Cherry and White 5
- White and Lilac 5
- Sulphur 5
- Purple and White 5
- Dark Brick Red 5
- Pompadour 5
- Rosy Carmine 5
- Azure Fairy 5
- Special mixture, 4 pkts $0.15, 1 pkt 5

Mr. Park—Your Salpiglossis were grand, and pleased me greatly. I shall always recommend them to my flower-loving friends. —Miss Inez Speer, Wash. Co., Pa.

Mr. Park—Your Salvia Pendula is the finest I have ever seen. This is identical with "Drooping Spikes" that other seedsmen have been selling at very high, fancy prices. I procured Drooping Spikes, Clara Bedman, St. Louis, Burning Bush, and Bonfire, and grew them side by side, together with your Pendula, costing only 5 cents, and they are all identical, being an improved Salvia Splendens. Our Salvia Pendula bought of you, attracted great attention last summer. We planted our Cannas, half a dozen varieties, in the centre of a large circular bed. We surrounded them with a row of Salvia Pendula, and just outside of the Salvia we had a row of scarlet flowering dwarf Nasturtiums. I bought of you, and that large bed looked like a house burning down, minus the smoke. A city man who saw it, said he had seen nothing more strikingly beautiful in the great parks.—Dr. A. O. Williams, Hugio, Illinois.
**Senecio Elegans, Double-Flowered Dwarf.**

**Special Mixture, all sorts, 4 pkts 15 cts, 1 pkt 3 cts.**

The new Double-flowered Dwarf varieties of *Senecio Elegans* are exceedingly showy and beautiful, and make a glorious bed. The plants grow eight inches high, branching, and becoming a mass of lovely rich-colored, very double flowers. Set six or eight inches apart in a bed they make a grand display. The seeds germinate readily, and the plants quickly come into bloom, and remain in bloom for many weeks. This is one of the rare annuals that should come into general cultivation. None are more easily grown, and none make a finer show in a bed. I heartily recommend it.

**Double.**
- Dark rose 5
- Yellow 5
- White 5
- Purple 5
- Blue 5
- Rose 5
- Red 5
- Pink 5
- White and blue 5

**Silene in Varieties.**

Beautiful and showy plants, easily grown from seeds. The following are all hardy annuals, sown fall or spring, and bloom in great profusion. They make a fine bed or edging of rich-colored flowers.

**Fortuna,** large flowers, very finely fringed, shades of rose mixed 5
**Marlita,** lovely carpet of green, sprinkled with pink flowers 5
**Pendula compacta,** very double, compact and free-blooming Snow Queen, Peach Bloom, Triumph, Rose to 6 ft. Each 5 cts. all mixed 5
**Sedum Coryleum,** a charming little annual from California. Each 6 cts. Annual, beautiful in Southern Europe; the flowers are blue, in elegant masses they make a beautiful bed. Sow dwarf, branching; the foliage green spotted with red 5
**Sororia Californica,** a tufted plant six inches high, producing a wealth of Daisy like yellow flowers, with a rich golden center. Sow in early fall or spring 5

**Sphenogyne speciosa,** a handsome, showy annual, one foot high; flowers Marguerite-like, in beautiful shades of yellow. They are useful for cutting, and make a showy display in beds. Mixed 5

**Stachys coccinea,** a Mexican perennial, a foot high; spikes of red flowers; handsome 6

**Sticta Eupatoria,** a Mexican plant, grows 18 to 20 in. high, bearing a multitude of white, brush-like flowers. Beautiful. Sow early and plants are branching, and become a mass of fine bloom. 6

---

**Solanum in Varieties.**

Easily grown, handsome foliage. flower or fruit plants. The following are barrel kinds to be treated as annuals. Some of them are handsome pot plants.

- Balbisia, shrubby, half-hardy; leaves deep-cut, brown spines; the flowers yellow, red, white, fragrant, and a few推荐阅读
Ten Weeks' Stock in Splendid Variety.

Complete Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

This Annual is almost perfect, being of easy culture, clothed with pretty foliage, and bearing long spikes of delicate, double flowers of handsome texture, having a delicious fragrance, and blooming throughout the season. There is hardly another garden flower with so many good qualities. The seeds I offer were saved from pot-grown plants, and can be depended upon for the finest flowers. I transplant the seedlings carefully from the peat moss, cloudy weather, giving rich soil and good after-culture. Fine for either beds or pots.

NEW HOLLYHOCK-FLOWERED STOCK.

A new mammoth race, producing a single stem which attains the height of three feet. clothed with lovely green foliage, for a foot or more at the base, the spikes being from 15 to 18 inches in length, and a perfect wreath of lovely big double fragrant flowers. This splendid Stock is the earliest to bloom, and keeps in bloom throughout the summer. A double row makes a grand show, and fills the air with rich perfume. I have never known seeds of this magnificent new sort to be sold for less than 15 cents per packet, but I offer the same at 4 packets for 15 cts, or 1 packet for 5 cts. Each packet contains about 50 seeds. Don't fail to get this splendid novelty in Stocks.

EARLY-FLOWERING DWARF GERMAN.

PERPETUAL PERFECTION.

An excellent Stock of fine growth and fine branching habit. Each plant grows two feet high, becoming a pyramid of large, double, showy flowers. A splendid race, with crimson flowers. Blooms continuously from June to frost. Snow White ..... 5 Apple Blossom. ..... 5 Canary Yellow. ..... 5 Chamois ..... 5 Light Blue. ..... 5 Sultan.
Yellow-tint Rose. ..... 5 Dark Carmine. ..... 5 Rose. ..... 5 Light Rose. ..... 5 Scarlet. ..... 5 Carmine. ..... 5 Crimson. ..... 5 Purple Carmine. ..... 5 Ash Gray. ..... 5 Red. ..... 5 Light Blue. ..... 5 Dark Blue. ..... 5 Mdx 4 pkts 15 cts.
Dresden Perennial, a splendid race, useful for garden decoration and for cutting; Apple blossom, Dark blue, crimson, rose, white, azure, shining purple, crimson, white, rose, crimson, each 5 cts, mdx. 4 pkts 15 cts, 1 pkt.

Carmine. ..... 5 Mixed, 4 pkts 15 cts, 1 pkt.
Carmine. ..... 5 Mixed, 4 pkts 15 cts, 1 pkt.

Mr. Park.—Last spring I bought a five-cent packet of your mixed Ten Weeks' Stock and have a fine lot of nice plants. The flowers are mostly double and of all colors, white, pink, and purple shades. They are very fragrant and easily grown from seeds. I have so satisfactory a bed of them as could be had from a more expensive packet. A double crimson one is almost exactly like a Crimson Rambler Rose in color and heavily grown, besides being very fragrant.—Linda C. Smith, North Pitzer, N. Y.

Tropaeolum, Lilliput

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Tropaeolum, Tom Thumb.

For beds, pots or window boxes, few annuals are so useful as the Dwarf or Tom Thumb Tropaeolums. The flowers are large and bright, and borne in great abundance the entire season. For beds, where the displays are best, Crimson, Scarlet and Aurora. Beds I saw of these last season at the Southside and Brookfleld were beautiful. I offer them in bulk at 10 cts per ounce, or small packets.

Mr. Park.—I am successful with your Tom Thumb Tropaeolums, and find great pleasure in them, and have taken several prizes at County Fairs.—J. H. Williams, Groome Co., N. Y.

Yellow, Crimson, Scarlet, Aurora, White, Spotted, Rose, Oerulesm, Beauty, Lady Bird, King of Tom Thumbs, Yellow-foliage, Golden King, Empress of India, Schnerianum, each 5 cts; mixed 4 pkts 15 cts, 1 pkt 5 cts.

Mr. Park.—I have a bed of Tropaeolums every year have never had anything to compare with what I raised from your seeds this season. There were so many flowers and every day I had all the blossoms I could get were the most beautiful Tropaeolums I have ever seen.—Jesse, Sullivan Co., N. Y.
Verbena, Large-Flowered Hybrids.
Complete Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Verbena are well-known favorites. They are easily grown from seeds, the flowers appearing in elegant clusters, of many rich colors, and continuously produced from June till after frost. They are superb bedding plants, not only showy and beautiful, but emitting a fragrance that is truly delicious. The hybrid varieties I offer are very superior, and will yield the best results.

Complete Special Mixture of all sorts, 4 pkts 15 cts, 1 pkt

Mr. Park:—My large-flowered Verbena are admired by all who see them. If I could only raise one flower, it would be the Verbena. They are so beautiful and so easily raised.—Mrs. John Beeghly, Ashland, Ohio.

Viola, Tuffed Pansy.

The Tufted Pansies are beautiful, Pansey-like flowers which succeed well wherever a Pansy can be grown. The seedlings start in from ten to fifteen days, begin to bloom in a few weeks, and if cut freely will bloom till the snows of winter appear. The colors are varied, and a mixed bed is very attractive. They are deliberately fragrant.

Dark blue .............. 5 Light blue ............ 6

Virginia Stock.

A very profuse-blooming annual, a foot high, becoming a mass of bloom in autumn. Handsome also in pots. The color are white, rose, crimson and yellow. The same in Special mixture, 4 packets 15 cents, 1 packet 6 cts. If they are started in early autumn the plants will bloom well in a cool window in the winter.

Erect Queen, Carmine, and Crimson King, crimson, are very rich-flowered sorts, especially useful either for garden beds or window pots, 5 cts each.

Valerian, Fragrant.

A very showy and beautiful fragrant perennial. Plants are easily started from seeds, bloom the first season when sown early, and are perfectly hardy, blooming for many years. Flowers small, in clusters. Fine for cutting. A worthy garden perennial, and should be in general cultivation.

White .................. 5 Scarlet ................. 5
Red ................... 5 Rose ................ 6

Verbdium fugax, a very handsome half-hardy perennial of spreading habit, covered with Margold-like yellow flowers during summer, 1 pkt 5 cts, 4 pkts 15 cts.

Verbena venosa, a very pretty trailing annual bearing clusters of purple flowers; foliage deeply cut and very handsome, useful for either beds or pots, 4 packets 15 cts, 1 packet 5 cts.

Vinca Rosea.

Lovely everblooming plants with glossy green foliage and Phlox-like flowers. It is easily grown, and fine for borders in summer and pots in winter. Grows a foot or two, and blooms in a warm, sunny place.

Colors, white, white with eye, and rose, each 5 cts. Special mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Mr. Park:—I planted your mixed Vinca, and had the most beautiful flowers. Now I have many sturdy little volunteer plants that have stood several freezes; I expect a beautiful winter.—Alice Peak, Allen Co., Kansas.

Viola Munbyana, Algerian Violet, one of the prettiest of hardy plants; it grows and blooms freely, and continues in bloom a long time. Handsome.

4 packets 15 cts, 1 packet 5 cts.

Viola vulgaris, a lovely annual a foot high; small flowers, Gloxinia-like, blue, white, or very pretty; mixed, 4 pkts 15 cts, 1 pkt
Zinnia, Finest Improved Double.

Complete Special Mixture, 4 pkt 15¢, 1 pkt 5¢.

The Double Zinnias are among the most beautiful and easily-grown of annuals, while they begin blooming early and keep in full bloom throughout the season. The newer varieties far surpass the older ones in richness of color and elegance of form. My seeds were carefully saved from perfectly double flowers, and are of surpassing excellence.

**Bedding Zinnias.**—These are of dwarf, compact growth and bloom very freely; full double. They make a very attractive bed or border. White, Sulphur, Golden Salmon, Scarlet, Crimson, Purple, Violet, Striped, each 5¢ per pkt. Special Mixture, 4 pkt 15¢, 1 pkt 5¢.

**Flowering Zinnias.**—These grow three feet high, and bear enormous full double flowers for white, Striped, Sulphur, each 5¢. Special Mixture 4 pkt 15¢, 1 pkt 5¢.

**Liliput.**—Small-flowered, full double flowers, odd and attractive. Fine for Greenhouse, with White, Gold, Orange, Scarlet, Crimson, Lilac and Fiery Red, each 5¢. Special Mixture, 4 pkt 15¢, 1 pkt 5¢.

**Bouquets.**—Small double flowers. Dwarf plants, Scarlet, White, Crimson, each 5¢. Mix 4 pkt 15¢, 1 pkt 5¢.

**Tom Thumb or Miniature.**—Similar to the preceding, double and very dwarf, pkt 5¢.

**Crispa f. pl.**—Very double, of various colors, with curled petals pkt 5¢.

**Bouquet Strain.**—Beautiful striped flower, pkt 5¢.

**Iris.**—New Sulphur, Striped, Special Mixture, 1 pkt 5¢.

Complete Special Mixture, 4 pkt 15¢, 1 pkt 5¢.

Mr. Park:—Those who wish a continuous display of rich blooms in summer should plant your double Zinnias. They are the most satisfactory of all annuals, the people who show such a diversity of color and shades, and each flower remains in bloom for six weeks.—Mrs. F. G. Stevens, St. Johnsbury, Vt.

---

Superb Ornamental Grasses.

These Grasses are beautiful, either for garden decoration, for using for bouquets, or for drying for winter decoration. Some persons dye the dried bunches, and thus make them more attractive. Besides the following I can supply many others, as Eragrostis elata, Eragrostis helenae, Gymnaeratium rugosum, Pennisetum angustum, P. Rueppellianum, Sorghum nigrum, Zinnia aquatica, Z. quadricolor, etc., each 5¢. Special Mixture, 5¢ per packet; all sorts 3 pkt 25¢, 1 pkt 10¢.

**Agrostis nepalensis,** an airy, elegant annual grass, the delicate panicles appearing like a cloud or nebula. Sow early in spring. This fairy-like grass is fine for bouquets, green or dry, pkt 5¢.

**Briza maximana,** a beautiful, hardy annual grass, with nodding panicles; it is the large Quaking Grass, Club, and the best; splendid for bouquets, either green or dry, pkt 5¢.

**Briza minima,** an exceedingly pretty little Quaking Grass; panicles with hair-like branches; one of the finest; splendid for bouquets, and very ornamental. pkt 5¢.

**Briza maxima,** a beautiful, hardy annual grass, with nodding panicles; it is the large Quaking Grass, Club, and the best; splendid for bouquets, either green or dry, pkt 5¢.

**Bromus briziformis,** a superb biennial grass, 2 feet high, with drooping panicles, in July in rows, thin it necessary; plants stand out and endure the winter. 5¢.

**Chloris lanceolata,** a graceful and beautiful grass with showy panicles, fine for drying; easily grown, desirable for green or dry, 10¢.

**Hordeum jubatum,** a fine grass, the heads with long hoary awns; make a fine appearance in bouquets; when blooming it is very showy in a garden bed. 5¢.

**Melica citriata,** a handsome grass for bouquets, green or dry; of easy culture; very desirable in garden beds, the bloom appearing in long, dense heads. 6¢.

**Panicum alatum,** large, shows for its hand some gray head-like seeds; fine for children's beds; worn about the neck for group and sowing, 1 oz. 25¢, 1 oz. 75¢.

**Tricholaena rosea,** a showy tall grass with handsome rose panicles, excellent for decorative purposes: deserves to be better known; the panicles are excellent for bouquets. 5¢.
Choice Everlasting Flowers.

Special Mixture, all sorts, large packets, 10 cents; 3 packets 25 cents.

The so-called Everlasting Flowers have firm, straw-like petals that retain their form and color when dried. Most of them should be cut when the buds are just opening, and hung up in bunches in the shade to dry. Some persons dye them to brighten their effect. They make up well with dried grasses (see preceding pages); and are fine for mantel and table decoration in winter. All are easily grown from seeds.

Ageratum, graceful and very pretty, half-hardy annuals, growing a foot high, the nodding flowers an inch across, double, and very showy in groups, as well as fine for drying. Cut while in the bud and hang up Dry. White, each 6 cents; mixture, 4 packets 15 cents, 1 packet 5 cents.

Ammobium alatum, new, large-flowered, grows two feet high; the plants are robust, branching, and covered with handsome double flowers; the plants are very easily grown from seeds; one of the best either in the garden or for drying for winter bouquets; cut while they are in bud. 4 packets 15 cents, 1 packet 5 cents.

Gomphrena globosa, known as Globe Amaranth, and German Clover. A beautiful annual, grows a foot high, covered with very large, showy heads of attractive colors during the season. The fine heavy bloom are splendid for drying. Cut when fully developed. The dwarf sorts, separate or mixed.

Gypsophila, superb little flowers, borne in great profusion in panicled, and lovely for bouquets, green or dry. Rose, Alba, each, 6 cents; Murilla, fine for bouquets or baskets, 5 cents; Paniculata, 2 ft, perennial, excellent for summer, 10 cents; mixture, 4 packets 15 cents, 1 packet 5 cents.

Helipterum, a foot high, the small golden flowers borne in large clusters; a rare and beautiful annual everlasting; fine for drying and arranging with grass. Per pkt 5 cents.

Helichrysum Monstrosum. Annual of great beauty either in the garden bed in summer or dried bouquets in winter; of very easy culture from seeds; 2 feet high, rich colors, double flowers; cut early if wanted for winter bouquets.

White, Rose, each, 5 cents; Crimson, Scarlet, each, 5 cents; Yellow, Purple, Salmon, each, 5 cents; Finest Special Mixture, 4 packets 15 cents; Dwarf Sorts in Special Mixture, 2 feet high, 1 cent additional for each.

Gnaphalium leontopodium, a very pretty alpine everlasting, easily raised from seeds; a favorite souvenir flower among tourists who visit the Alps, where the plant grows wild.

Rhodanthe, a very handsome everlasting, the plants growing a foot high, the blossoms bell-shaped drooping flowers. Superb for bouquets, green or dry. White, each, 3 cents; Crimson, each 5 cents. Mixed, 4 packets 15 cents.

Hundreds of Thousands of Flower-loving Homes are visited and made brighter and happier every month by Park's Floral Magazine, the oldest and most popular journal in the class in the world. It is entirely floral, freely illustrated, original and practical; keeps you posted upon the latest methods of floral culture; tells you how to get rid of plant diseases and insects, and gives special information on garden and window culture. It is the flower-lover's own journal, answering floral queries, and helping to overcome all floral difficulties. Are you a subscriber? If not, why not? Only 10 cents a year, 25 cents for three years, 50 cents for six years. Or, see combination offers on Title Page of this Guide. I hope all of you, my friends, will subscribe. Please see your neighbors and get up a club. Address GEO. W. PARK, La Park, Pa.

Mr. Park—I have been a subscriber to your Magazine most of the time since the first publication, and have many back numbers. I never wanted one destroyed. I passed them along to others, if I didn't keep them. I look for it with pleasure each month. It is the only kind of information we want. I can get more real information of flowers from it than from any other source I know of. —Mrs. F. B. Colton, Hartford Co., Conn.

HOW TO REMIT.—Sums of $1.00 or more send by draft, money order or registered letter. Smaller sums send in coin in coin card or sew in a split postage stamp. Or, send in ordinary 3-cent green stamps. Ordinary stamps above the 2-cent denomination cannot be accepted. If sent they will be returned, as I cannot use them.
Choice Ornamental Climbers.

Special Mixture of all varieties, 3 packets 25 cents, 1 packet 10 cents.

These are very useful for covering trellises and summer houses, for screening walls or porches, or hiding old fences or buildings. They quickly transform an unsightly object into a thing of beauty. Nothing makes a place more pleasing or home-like than the tasteful use of vines. Those I offer start readily from seeds, grow rapidly, and are beautiful and attractive. I heartily recommend them to my flower-loving friends.

Cardiospermum.

Special Mixture, 4 pts 15c, 1 pt 5c.

Known as Balloon Vine, because of its balloon-like seed-vessels. It is a very graceful, easily-grown vine, reaching the height of eight or ten feet. Easily grown from seeds. Halicacabum, common Balloon Vine... 5 Hibiscus, a handsome, rare sort... 5 Mixed, 4 pts 15c, 1 pt 5c.

Bryonopsis laciniata, a lovely annual vine, the foliage handsomely cut and very pretty; in autumn its thickly set with small ball-like variegated fruits in clusters. This is one of the most satisfactory of ornamental vines. It belongs to the Gourd family; is handsome and graceful in foliage. Grows 15 feet high, makes a lovely screen. 4 pts 15c, 1 pt 5c.

Cajophora lateritia, often catalogued as Loasa lateritia. Flowers are large, orange-red, borne upon twin stems, and freely produced in autumn. Treat as a half-hardy annual. Furnish brush or wire support, as the vines brach and make a dense growth. A good hedge-vine which says "hands off," by its stinging hairs. 1 pt 5 cts.

Coboea Scandens.

4 pts 15 cts, 1 pt 5 cts.

One of the most rapid and beautiful of climbers. It has graceful, bronze-green foliage, and bears throughout the season an abundance of large, drooping, bell-shaped flowers, greenish white and rich reddish purple. In the south the vine is hardy, and will bloom for several years, when once established. The vines grow thirty feet high, and bloom continuously till frost. Purple, large, handsome, nodding bells. See engraving 5 White, not pure, but a greenish color... 5 Macrosteuma, not so showy as C. Scandens. 5

Mr. Park:—Last year I planted a packet of your Coboea Scandens and set out five plants. By July they had nearly covered the porch, when a hail and wind storm left them literally in rags. But by September they were a thick mass of foliage, and until frost came they were loaded with buds and blossoms. They grew fully seventy-five feet during the season. For a rapid climber, dense foliage and beauty, they are the finest I have ever seen or grown. They were greatly admired by all who saw them. —Mrs. J. F. Berry, Knoxvile, Tenn.

Mr. Park:—My Coboea Scandens from your seeds were new in this place and greatly admired. Many wanted me to save seeds for them. —Mrs. H. Dumon, Oth, co., N.Y.

Mr. Park:—Last spring with other seeds, I received a packet of Coboea Scandens seeds. One plant from the seeds was planted on the north side of the house, and it grew like "Jack's Bean Stalk". It climbed all about the porch, and above the door in the second story; and was covered with large bells, light and dark purple colored. If you want a rapid growing vine, try the Coboea. —Mrs. J. R. Etheridge, Iowa.

Calampelis Scabra, splendid tuberous perennial; vines covered with lovely clusters of carmine and golden flowers, very showy and beautiful. Keep over like Dahlia, locate in size and beauty with age. Golden, Carm. 5c

Canary Creeper (Tropaeolum persignatum), a subterr climber; foliage light green, lobed and pretty; flowers numerous, yellow, like a miniature bird in form; grows 15 ft high. Is called Canary-bird Vine. 6 cts.

Centrosema grandiflora, a beautiful southern vine, trailing or climbing; flowers pink, large, showy, pea-shaped, fragrant, early; a very pretty leguminous vine which grows 3 feet high. 6 cts.

Clytoria ternatea, a charming vine from India; flowers of various shades, richly ornamented with a pure white ring. See engraving. Rich blue, white, lilac, Single and double. Separate or in special mixture. 5 cts per packet.

Cypress Vine, an Ipomoea vine of great beauty; grows ten feet high, with cut moss-like foliage, covered with star-like blooms throughout autumn. Sow in a warm, sheltered place when the apple is in bloom, or sow the seeds inside of the house in a half-hardy frame, an exceedingly handsome vine, valuable for a trellis or to ornament the pillars of a porch. It is a rich, dark green, very beautiful and attractive, always greatly admired. 5 cts per packet.

Fuscina, scarlet... 5 Albino white... 5 Rosea, rose-colored... 5 Hederacea, try-leaf... 5 Barberi, late bloom... 5 Special mixture of all 5

Mr. Park:—My Cypress Vines are fine. So delicate, graceful and fern-like. —Mrs. Hagerman, Bag. co., Mich.
Convolvulus Major.  
Special Mixture, 4 pkts 15 cts., 1 pkt 5 cts.

This is the old-fashioned Morning Glory, improved. The flowers are very large, the colors and variations more varied, and the plants more vigorous. They are among the loveliest of flower vines, bearing a mass of blooms from every morning throughout the entire season.

White.....5  Rose.....6  Carmine.....6  Lilac.....5  Scarlet.....6  Red.....6  Spotted.....6

Double-flowered.

Mixt., all shades, 4 pkts

15 cts., 1 pkt

Complete mixture of all sorts, 4 pkts 15 cts., 1 pkt

Dolichos in Variety.  
Special Mixture, 4 pkts 15 cts., 1 pkt 5 cts.

These are very handsome annual vines of the Bean family. The flowers are borne in big clusters, are of various delicate colors, and succeeded by very showy purple pods, from which it derives the name of Hyacinth Bean. D. C.

Bicoutortus has pods that are twisted and curled like a ram's horn. All are lovely vines. Fine for arbors, trellises or the summer house.

Lahibl, purple.....5  White.....5  Gigantor, white.....6  Soudanensis, purple.....5  Atrosanguineus, red.....5  Bicolour, white.....6

Gourds and Cucumbers in Splendid Variety.  
Special Mixture, Large Package 10 cents, 3 Packages 25 cents.

These are beautiful and useful vines of easy culture, very desirable for foliage, flowers or fruit. A few are perennial and suitable for covering fences, buildings, etc. The Lagenarias and Luffas are alike very useful for flowers and fruits. They are fine for covering old fences, buildings, etc. The Fancic Gourds are beautiful toys for children, as well as handsome poxide vines. They all like a sunny place and rich, moist soil.

Abobora viridiflora, tuberous perennial; flowers green, fragrant, succeed ed by scarlet fruits the size of a cherry. Foliage divided and very pretty, growth rapid; tubers best like Dahlias 6 cts.

Albomordo acaulis, a hardy perennial vine with scarlet fruits 6 cts.

Cucumis flexuosus, snake cucumber 6 cts.

Cyclanthera explodens, O. pedata, each 6 cts.

Chondrystylis lobata, with Cucumber 6 cts.

Lagenaria vulgaris, mixed 6 cts.

Dipper Gourd, Bottle Hercules Club, each 6 cts.

Disk, Sugar cucumbers, Filled Ball, each 6 cts.

Nasturtium, white, for use as grass eggs 6 cts.

Luffa acutangula, mixed with Cucumber (Gourd) 6 cts.

Mamordica balsamina, Balsam apple 6 cts.

Involucrata, scarlet 6 cts.

Momordica, all sorts mixed, 4 pkts 15 cts., 1 pkt 5 cts.

Tropica, orange-yellow, scarlet, striped, mixed 6 cts.

Tricosanthis, snake cucumbers 6 cts.

Turk's Turban, mixed 5 cts.

Gourds, Small Fancy, mixed 5 cts.

Gourds and Cucumber, mixed 6 cts.

Mr. Park.—From two packets of mixed Gourd seeds I raised so many odd plants! They were a constant wonder to the neighbors, besides supplying the neighborhood with darning eggs and dippers. They grow so rapidly that they covered an old shed in a very short time.

J. W. Scofield, D. C.

Mr. Park.—I got some seeds of your Gourds and have been very successful with them. They are very handsome and of a source of much pleasure.—Georgia V. Scofield, Malvern, Pa.

Mampendina, Japan Hop, variegated, 4 cts.

Mampendina, Japan Hop, white, large and handsome; vigorous, easily grown annuals; useful for covering fences, walls or buildings.

Cocinea, scarlet and yellow small, free-blooming, mixed 5 cts.

Hedercacia, Ivy-leaf, large-flowered 6 cts.

Limbo, rich blue, edged white 5 cts.

Leary, splendid blue 5 cts.

Nil Grandiflora, blue 5 cts.

Violaceae, cluster Morningglo, Superba, variegated foliage, mixed 5 cts.

Complete Special Mixture of all sorts, 4 packets 15 cts., 1 packet 5 cts.

Lathyrus, in variety; rare Pea Vine, free-growing and bearing handsome flowers. All are perennials except the last.

Azurites, blue, white, Rose, mixed, each 5 cts.

Sylvestris, fine vine, red, variegated 5 cts.

Rotundifolius, fine, rose-colored flowers in clusters 5 cts.

Tingitanus, annual, red, and purple 5 cts.

Lathyrus latifolius is the beautiful Perennial Pea, one of the finest of hardy garden flowers. The vines grow six feet high, and bear large flowers in clusters on long stems from spring till fall. It cannot too frequently recommend. White, rose, purple, scarlet, each 5 cts.

Mixed, all sorts, 4 pkts 15 cts., 1 pkt 5 cts.

Lophospernum scandens, a pretty half hardy perennial, climber, with soft, silvery foliage and purple, bell-shaped flowers; grows 15 feet high. This is a fine trellis plant for a large pot, and a perennial that can be kept over winter in a frost-proof room 5 cts.

Mina lobata, a very handsome vine of quick growth, covered in autumn with long racemes of rich scarlet flowers. Start early. The vines are as vigorous as a Morning Glory, and are fine for a screen or shade; beautiful bloom 5 cts.

Moon Vine, fine vines for screening a wall or building. These are elegant vines, rapid in growth, very free blooming and fragrant. Small rose-flowered 5 cts.; Large white flowered 6 cts.; mixed 5 cts.

Mauandya, a fine, dense vine with tubular flowers in autumn. It gives support and the vines grow ten feet high and are lovely for adorning the pillars of the veranda. Rose, white, purple, Semperflorens, Antirrhinum, each 5c.; mixed 5 cts.
**Morning Glory, Ipomoea, Improved Japanese.**

Complete Special Mixture, all sorts, 4 pkts 15 cts, 1 pkt 5 cts.

I offer the finest collection of Japanese Morning Glories in this country. There are none better.

The seeds were grown by a specialist in Italy, and the flowers will be a revelation to persons who know only the old Japanese Morning Glory. I hope all of my friends will try them. Give them a warm, sunny situation, on the south side of a wall or a building, and they will thrive and support early. They grow quickly and bloom freely and continuously.

### IPOMOEA MIKADO.

New class of wonderful beauty; foliage marbled, striped, and the flowers four to five inches in diameter, and of richest colors and varieties:

- **Blue**, yellow, each... 5
- **Brown**... 5
- **Carmine**... 5
- **White**... 5
- **Purple**... 5
- **Slate Blue, yellow leaves**... 5
- **Mikado, special mixture, 4 pkts 15 cts, 1 pkt... 5

### IPOMOEA IMPERIALIS.

A lovely class of Japanese Morning Glory; foliage beautiful, flowers large and of fine colors:

- **Green-leaved.**
  - **Adonis**, bright purple, white throat... 5
  - **Aphrodite**, pure white, giant flowers... 5
  - **Artemisia**, white, throat large... 5
  - **Thalia**, pure white, very handsome... 5

- **Silver-leaved.**
  - **Aglaia**, crimson, white throat... 8
  - **Antigone**, blue, rose throat, large... 5
  - **Satina Rose**, green foliage, splashed silver... 5
  - **Ceres**, crimson, white border... 5
  - **Euphemia**, pure white, rose... 5
  - **Princess white, speckled crimson**... 5

- **Gold-leaved.**
  - **Cleopatra**, carmine, white throat and border... 5
  - **Jameson**, blue, splendid... 5
  - **Luna**, dark and light blue, large... 5

### IPOMOEA MIGANS.

Still another fine class of Ipomoea, the leaves varied in color, and the giant flowers appearing in a striking variety of lovely colors and variegations; **Japanese Morning Glory in all the classes and varieties. Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.**

### Nasturtium, Tropaeolum, Giant Climbing.

Special Mixture, 1 lb 75 cts, 1-4 lb 25 cts, oz 8 cts, pkt 5 cts.

First-class annual vines for the garden; easily grown, have no enemies, and bloom freely and continuously; flowers large, silky, rich in color, fragrant and fine for vases:

- **Atropurpureum, red**... 5
- **Chameleon, variety**... 5
- **Coccineum, scarlet**... 5
- **Dunett’s Orange, bright**... 5
- **Edw Otto, rich bronze**... 5
- **Flammum, scarlet yel**... 5
- **Hemisphericum, orange**... 5
- **Hunnemann, brown**... 5
- **M.G. Theodore, dark**... 5
- **Von Mollee, blush**... 5
- **Mikado Climbing Mixture 1 lb 75c, 1-4 lb 25c, oz 8 cts, 4 pkts 15 cts 1 pkt 5 cts.**

Climbing Nasturtium—Mr. Park: From a mixed packet of your Giant Climbing Nasturtiums, I had lovely flowers, so rich and of so many different colors. I planted a bed on either side of the front porch and they were the admiration of all who saw them.

**DeSoto Co., La., Mrs. BALMER**

Lobb’s Climbing Nasturtium—Lobb’s Climbing Nasturtiums are considered even handsomer than the most robust varieties. Easily grown from seeds, and useful either as pot plants or for a bed or border:

- **Asa Gray, whitish**... 5
- **Atropurpurea, purple**... 5
- **Aurea, yellow**... 5
- **Brilliant, dark scarlet**... 5
- **Cardinalis, red**... 5
- **Carlina Smith**... 5
- **Chaixianum, yellow**... 5
- **Coccineum, scarlet**... 5
- **Flammum grandiflum**... 5
- **Giant of Battles, red**... 5
- **Hybridized Mme Gunderber**... 5
- **Litle Schmidt, scarlet**... 5

Lobb’s Climbing, mixed, 1 ounce 15 cents, 4 packets 15 cents, 1 packet 5 cts.

Tropaeolum Minus, T. Minus Coccineum, T. Speciosum, and T. Peregrinum, Canary Flower, each 5 cents per packet.

Nasturtiums—Mr. Park—I had four packets of your Nasturtiums and have seen lots of them but none like these, every color and shade, pretty shades of pink and every flower keeping for a week and over.

**MRS. L. S. BRAINUM,**

Galena, Kan.

Sweet Pea, Improved, Large-flowered.

Complete Special Mixture, per lb. 90 cts., one-fourth lb. 25 cts., ounce, 10 cts., pkt. 5 cts.

If you grow but a half-dozen annuals, one of them should be the Sweet Pea. The vines are of easy culture, and bloom freely andcontinuously, while the flowers are showy, or exquisite texture, rich in color, delicious in fragrance, and produced in fine clusters on long, stiff stems. For rows or hedges they are beautiful, and scent the entire garden; for bouquets or personal adornment they are unequalled. Sow early, in trenches running north and south, covering a half-inch deep; fill in with earth covering roots when hot weather comes much with stable litter; cut freely to prevent seed formation, and to prolong blooming. Of late years the vines have been attacked by an orange or green lice in some localities. This pest can readily be avoided by placing tobacco stems on the ground along the rows.

Our Mixture is specially prepared for the finest sorts.

**Park's Sweet Pea Mixtures**

For some years past we have been putting up a collection that has become popular. Each packet contains about one-tenth of an ounce, and the ten packets embrace all the finest colors and varieties. I offer the entire set, together with Park's Floral Magazine a year, for only 25 cts. Following are the mixtures:

**Shades of White**, all the tones, fine shades as pure white, pearl, bluish, flesh and porcelain, only the newer, larger-flowering sorts as: Blanche Burren, large, 6 Dorothy Eckford, pure white, Emily Henderson, early, Shasta, large and fine, White Voile, extra fine, Special mixture of the above 6

**Shades of Red**, bright red, carmine, scarlet, crimson and other rich hues as: Black Knight, deep maroon, King Edward VII, crimson, Millie Maas, rose crimson, Mrs. Dugdale, deep rose, Ethel, deep crimson, Prince Ed. of York, scarlet, Prince of Wales, bright rose, Queen, large, Mrs. Walter Wright, mauve, Mary Blue, deep violet, Stanley, rich, dark maroon, Silence, medium, Special mixture of the above 6

**Shades of Pink**, shell-pink, light pink, white, Apple Blossom, bright rose, Bolton's Pink, rich salmon, Captain of the Blue, blue, Janet Scott, large, rich pink, Lovely, dark, red, Lady Banks, rich salmon, Queen of Spain, buff pink, Rue de Barri, rich carmine, Zephyr, large, Special mixture of the above 5

**Shades of Blue**, deep violet, indigo, redish, bluish with blue hues as: Brilliant Blue, rich colored, Captain of the Blues, blue, Countess of Gadogan, lovely, David F. Williamson, indigo, Emily Eckford, blue vines, Midnight, very dark purple, Mrs. Walter Wright, mauve, Navy Blue, deep violet, Romolo Fiasciani, true violet, Special mixture of the above 5

**Blue Striped, Blotched and Variegated**, many shades in contrast, blue predominating as: Gladys French, light blue on white 5 Hester, bright blue stripes, 5 Helen Pierce, blue mottled on white, 6 Pink Oopid, white stripes, salmon, 6 Special mixture of above varieties, 5

**Cupid or Dwarf Bush Varieties**, bushy plants needing no support as: Ophelia, pink, white, salmon, Cupid, rose, 6 Special mixture of above varieties, 5

**Red Striped, Striped and Variegated**, many in contrast, with red predominating as: America, blood red, striped white, 5 Aurora, white, striped red, 5 Blanche Ferry, pink and white, 5 Jessie Cuthbertson, cream striped red, 5 Mrs. Joe Chamberlain, large striped rose, 5 Senator, chocolate striped white, 5 Special mixture of above varieties, 5

**Yellow and Salmon**, as canary, pure yellow, orange, sulphur, salmon: Evelyn Byatt, salmon orange, Jas. Griese, sulphur yellow, Mrs. Eckford, shaded primrose, Mrs. Collier, primrose yellow, Sybil Eckford, creamy buff, Hon. Mrs. E. Kenyon, yellow, Special mixture of above varieties, 5

**Shades of Light Blue**, as azure, lavender, sky-blue, slate-blue, etc.: Countess of Radnor, pale lavender, 5 Dobbier Mid-blue, light blue, 5 Flora Norton, beautiful rich lavender, 5 Lady Griesl Hamilton, lavender blue, 5 Lottie Eckford, white and lavender, 5 Mrs. Bieberstadt, deep lavender, 5 Special mixture of above varieties, 5

**Shaded and Margined**, light shades charmingly flaked, edged and shaded with many tints and colors as: Dainty, white with pink edge, 5 Lottie Eckford, white shaded lavender, 5 Hon. F. Bouverie, pink and buff, 5 Maid of Honor, white edged blue, 5 Miss Wilcox, orange-pink and rose, 5 Phenomenal, white and rose lavender, 5 Special mixture of above varieties, 5

My Sweet Pea Mixtures are of the best quality, the varieties carefully proportioned, and the seeds of prime vitality.

One oz. of any variety, 15 cts. Complete Special Mixture, per lb. 90 cts., one-fourth lb. 25 cts., oz. 10 cts., pkt. 5 cts.

**Scruberta Alata**, a charming vine, one of the prettiest and freest-blooming of annual vines; grows six feet tall, and is covered from June till October with the bright, showy white flowers. It is easily grown from seeds, and delights in a warm, sunny situation. Elegant for trellis or low screen.

**Thunbergia Alata**, a charming vine, one of the prettiest and freest-blooming of annual vines; grows six feet tall, and is covered from June till October with the bright, showy white flowers. It is easily grown from seeds, and delights in a warm, sunny situation. Elegant for trellis or low screen.

**Solanum seaphorthianum**, a perennial vine of climbing habit, blooming in summer from spring-grown shoots: Can be used for a fence, or for covering a wall in a greenhouse, or in any other situation. Each 5 Mixed 6s.

**Vicia fulgens**, a pretty trailing annual bearing racemes of red and black, and beautiful foliage. I can also supply V. Gerardi, violet flower; both hardy. Each 5 Mixed 6s.

**Seychelles angulata**, a native vine of vigorous growth, useful for covering an old fence, or an unsightly tree, or an unsightly object; seeds in clusters, and should be planted in full sunlight: Both plants are to grow. 6c

**Scyphanthus elegans**, a half-hardy annual, attractive, covered with hairs; foliage pretty, the golden flowers a striking feature, the form shown in the engraving: allied to Loasa; native of Chili. 5c

**Solanum seaphorthianum**, a perennial vine of climbing habit, blooming in summer from spring-grown shoots: Can be used for a fence, or for covering a wall in a greenhouse, or in any other situation. Each 5 Mixed 6s.

**Vicia fulgens**, a pretty trailing annual bearing racemes of red and black, and beautiful foliage. I can also supply V. Gerardi, violet flower; both hardy. Each 5 Mixed 6s.

**Scarlet Runner**, a lovely, fast-growing, free-blooming vine: flowers scarlet, in big clusters; also White-flowered, Butterfly runner: Pink, Mammoth runner, ea. 5c. Mx. 4 pkt. 15c. 6c.

**Schubertia grandiflora**, a handsome evergreen vine bearing large, white, sweet flowers in clusters; desirable as a pot vine, to be bedded out in summer, packet 5c.

**Solanum seaphorthianum**, a perennial vine of climbing habit, blooming in summer from spring-grown shoots: Can be used for a fence, or for covering a wall in a greenhouse, or in any other situation. Each 5 Mixed 6s.

**Vicia fulgens**, a pretty trailing annual bearing racemes of red and black, and beautiful foliage. I can also supply V. Gerardi, violet flower; both hardy. Each 5 Mixed 6s.
Part II. Biennials and Perennials.

Many Varieties Mixed, Large Packet 10 cents, 3 packets 25 cents.

These are beautiful and lasting flowers, and should be more popular. A bed of them is easily started from seeds, and when once established will bloom richly every season for years, the Biennials reproducing from self-sown seeds. You cannot spend a dollar to better advantage than for seeds of Biennials and Perennials.

Aquillegia, Columbine.

Complete Special Mixture, 4 pkts 15 cents, 1 pkt 5 cents.

Aquillegia (Columbine) is a genus of free-blooming subjects of easy cul
tivation, and adds much to the beauty of flower borders, and thus will prove of great merit, not only for beds of flower, but for beds of borders, and shrubbery, and will thrive in a shady situation. They are also very beautiful when naturalized in grass; flowers prized for cutting.—Gardening.

Mr. Park—If I found a prize, indeed, in your mixed varieties of Aquillegias—flowers of all colors and size shapes and colors, double and single, and tall and short and otherwise. They are perfectly dazzling. They needed so much room that they could not nearly be found in short order: but now for this grand acquisition to beds and borders!—Mrs. J. E. Wheeler, Lebanon Co., Pa.

Achillea, showy, hard perennial, white, yellow, pink, and purple heads of bloom. A.smilifera, 3 ft. tall, golden-yellow heads; A. tomentosa, white, double, 1 ft. high; A. Pearl, white, dwarf. Each 8 cts. Mix 4 pkts 15 cts, 1 pkt 5 cts.

Aconitum, Monkey-hood, 2 feet high, erect racemes of beautifully hooded flowers, richest colors; hardy perennial of special merit. Lycopus, yellow, 5 cts. Napolissus, blue; Napi-
lus, white. Each 8 cts.

Adlumia cirrhosa, a beautiful vine found wild in the Alleghanys, mountains; foliage delicate, flowers graceful, fragrant, in clusters, very showy, 2 ft. high. 5 cts. Pale 5 cts. Mixed 5 cts.

Adonis ramosa, a lovely golden, hard perennial; foliage small, flowers are large, cupped and produced freely in the spring; grows 9 in. high, stamens of various colors, 5 cts. White 5 cts. Mixed 5 cts.

Alhagi, a golden, hard perennial, 3 ft. high, silvery foliage, pretty, 5 cts.

Alyssum saxatile, compactum, a lovely hardy plant known as Gold Dust; grows 1 foot high, in spring covered with tufts of small golden bloom, fragrant and attractive; flowers, blue born, 5 cts. A. No., 6 cts. Mixed, 5 cts.

Anchusa aficica, a splendid hardy perennial, 3 ft. high, bearing bright blue flowers in panicled scopoloid racemes. Leaves smooth and shining; plant 1 foot high. 5 cts.

Aster, Perennial, Michaelmas Daisies, a showy, hardy, late garden flower; seed easily started, plants ready for years. Alpinus speci-
ciosus, blue; Horizon-
tal; A. roseum, large, pink, 5 cts. Purity, white; Each 5 cts. Mix 5 cts.

Astragalus galegiforis, very showy perennial four feet high, with pale yellow pendant flowers, 5 cts.
Campanula in Variety.

Special Mixture, 4 packsets 15 cents, 1 packset 5 cents.
These are all splendid perennial and biennial flowers, hardy, beautiful, and of very early culture. (See large engraving.)

**Zephyranthes**, attractive, handsome; attractive. 10c.
Hollyhocks, Finest Double.

Special Mixture, 4 packets 15 cents, 1 packet 5 cents.

Exceedingly showy and beautiful double flowers. Plants are easily grown, grow five to eight feet tall, and become big erect wreaths of rich bloom. The seeds I offer are of the finest quality, sent by French and German specialists. They will delight all who grow them. My special mixture contains all the fine colors.

Pure White, 5 Scarlet, 6 Golden Yellow, 5 Chamois, 6 Cream, 5 Red, 5

Filicifolia, the Fig-leaved Hollyhock, special mixture, 5 Semperflorens, ever-flowering, 5

Helenium, 6

Heuchera sanguinea, graceful spikes of bloom, very fine for cutting. 5 ft., a fine 6 and 1 ft. large, mixed 5c; White, Crimson eye, each 5c, mixed, 5c. My Heuchera seeds are of the finest quality.

Helenium multiformis, 6 ft., perennials, a lovely showy and handsome flower, making a very showy clump, 5 cents; Helenium, Eiscampea, grows four feet high, 6 each 5c, mixed 4pts 15c, 1 pkt 5c.

Hibiscus, Crimson Eye, 6 ft. high, bearing big Hollyhock-like flowers six inches across; White, crimson eye, 6 each, Moscheutos, two feet high, rose, 5 cents, Mixed, 6c. Both are hardy.

Iberis, Perennial Candytuft, 4 each 5c, pink, 5 each 5c, white, 5 each 5c, Mixed, 1 each 5c, 5 pkt 15c.

Incarnata, very showy and beautiful tubular flowers, at the summit strong stems 2 feet high. Delightful, very coraline, Gloxinia-like flowers, 5c, Ovina rosea, Var. abils, pink, each 5c; Mixed, 5 each 5c.

Inula glandulosa, a handsome yellow-flowered hardy perennial, making a very showy clump, 5 cents; Helianthus, Eicampea, grows four feet high, 6 each 5c, mixed 4pts 15c, 1 pkt 5c.

Lactuca, red, 6c.

Lavandula vera, Lavender, very fragrant; good moth killer, 5 cents.

Leucanthemum, Chaste Daisy, 2 ft. high, Alaska white, Western white, dwarf; California, yellow, each 5 cents; mixture, 4 pts 15c, 1 pkt 5c.

Linaria, Macrophylla, 5 ft. golden bloom; 4 pts 15c, 1 pkt 5c.

Lucerne Tree, 5 feet high, yellow umbels; fodder plant South; 5 cents.

Lunaria, lovely hardy perennials, flowers very graceful, pretty and freely produced. Perennia Blue, White, Rose, each 5c; mixed, 6c, Flavum, ft., bearing innumerable golden flowers; Lewisia, blue, Narbonnense, each 5c; mixed, 4 pts 15c, 1 pkt 5c.

Lupinus Polysürüus, hardy perennials, for dry places, flowers of the richest colors, in spikes, with blue, tricolor, blue, each 5c; Arboresa, white, yellow, each 6c; all mixed 6c.

Lychnis, Viscaria splendens, a fine rockery plant; rose-like flowers in abundance, 4 pts 15c, 1 pkt 5c.

Lythrum roseum superbium, a hardy plant 5 feet high; spikes of rose-like flowers, handsome. 4 pts 15c, 1 pkt 5c.

Mecon athamanticum, an elegant armoric, tufted perennial with umbels of beautiful white flowers; foliage divided into thread-like segments. Thrives in almost any well-drained bed; fine. 4 pts 15c, 1 pkt 5c.

Michauxia campanulata, 3 feet high, with long, spike-like racemes of charming white and purple flowers; when once established the plants will last for many years. 4 pts 15c, 1 pkt 5c.
Perennial Poppy, New Hybrid.

One of the most gorgeous and attractive of annuals, and when once started will make a fine display annually for years. The plants grow three feet high, have very beautiful, graceful foliage, and bear flowers of enormous size and richest colors. The new hybrids vary more or less in colors, but the prevailing hue is scarlet, while the texture is silky and glittering. Do not fail to add Perennial Poppy to your collection. I offer the following sorts:

- Beauty of Livermere, rich red
- Blush Queen, blush pink
- Brightness, vivid scarlet
- Brilliant, bright vermilion
- Colloseum, giant, scarlet
- Duke of Teck, fine crimson
- Goliath, very large scarlet
- Mogul, blood-red
- Liliput, fine scarlet
- Lilac Prince, semi-dwarf
- Monarch, very large, scarlet
- Parkmanii, red, fine
- Plenum, partly double, red
- Prince of Orange, orange-red
- Princess Vic.-Leblanc, rosy salmon, new
- Proserpine, superb scarlet
- Psyche, rosy blush, choice variety
- Royal Gem, splendid
- Royal Scarlet, 12 inches across, beautiful
- Salmon Queen, saline scarlet
- Semi-plenum, semi-double
- Siberia, large white, fine
- Tom Thumb, a fine dwarf sort
- Triby, rich salmon
- Rose, Lilac Mauve, mixed
- Complete mixture of all above named, 4 packets 15 cents, 1 packet 5 cents

I wonder more people do not grow the Perennial Poppy. The plants are easily grown from seeds and make such a lovely show. They are really handsome. - Mrs. M. C. Hicketts, Lima, Ohio.
**Poppy—Alpine.**

Complete Mixture. 4 pkts 15 cts, 1 pkt 5 cts.

The lovely Alpine Poppies, *P. Alpinum*, and *P. Nudicaule*, are not as well known as they deserve to be. *P. Alpinum* is a very dwarf biennial, but it shows lovely colors, in fine, early-blooming bed and pot plant. *P. Nudicaule* will grow a foot tall, and its flowers are large and exceedingly handsome. They are rare and always admired, being both double and single in form. Alpine, 3 in. high, silver foliage, mixed, 4 pkts 15 cts. 6 cts, Striped, 5 cts; Sulphur, 5 cts; mixed 5 cts. **Nudicaule, Double**: Yellow, 6 cts; White, 5 cts; Scarlet, 6 cts; Sulphur, 5 cts; Double, md. 6 cts; New Hybrids mixed, Single and Double, complete mixture, 4 pkts 15 cts, 1 pkt 6 cts. These Poppies bloom the first season if started early.

**Physalis Franchetti.**

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

This is the Chinese Lantern Plant, a hardy perennial of great beauty when well grown. The fruits are enclosed in a balloon-like covering which is a lovely vermilion red in color. The branches are thickly set with these, and are beautiful in the garden, and when cut and dried are fine for winter decoration. The fruits are edible, and prized by some. Once started the plants will take care of themselves. Price 4 packets 15 cts, 1 packet 5 cts. Park's *P. Alkengi*, 5 cts; *P. Edulsa*, the Ground Cherry, very much prized as a garden fruit, 5 cts. Mxd 4 pkts 15 cts, 1 pkt. 5 cts.

**Primroses—Hardy.**

I offer a fine variety of hardy Primroses, embracing many species and colors, as follows: *Primula Vulgaris*, yellow 6 cts; *Primula Andrea*, 6 cts; *P. Japonica*, finest mixed 15 cts; *P. Oficinalis*, fine 6 cts; *P. Suaveolens*, scented 10 cts; *P. Duplex*, double 6 cts; *P. Denticulata*, mixed 15 cts; *P. Acabula*, blue 6 cts; *P. Farinosus*, mixed 6 cts; *P. Park's Hardy*, mixed 10 cts; *P. Gold-laced*, fine 6 cts; *P. Rosea*, large-flowered 6 cts; *P. Mixtura*, 4 pkts 15 cts, 1 pkt. 5 cts. These Primroses are all easily grown from seeds, and are lovely garden flowers for a partial shade. They are mostly spring-blooming, and very fragrant.

*P. Japonica*, white, carmine, red, salmon, striped, each 5 cts; Special mixture, all colors, 4 pkts 15 cts, 1 pkt. 6 cts; *P. Denticulata*, purple, rose, white, each color 5 cts; Special mixture, all colors, 4 pkts 15 cts, 1 pkt. 6 cts; *P. Vulgaris* is the lovely yellow-flowered English Primrose that blooms in clusters in early spring. It is a handsome flower and very fragrant 4 pkts 15 cts, 1 pkt 5 cts.

Mr. Park.—The only success I have ever had with seeds were the ones purchased from you. A package of your Primula seeds gave me blooming plants in a short time.—Mrs. Jennie Unger, Astrator Station, Ohio.

**Pyrethrum—Perennial Cosmos.**

Single and Double, mixture 4 pkts 15 cts, 1 pkt 5 cts.

The New Hybrid Pyrethrum are sometimes called Perennial Cosmos, on account of their Cosmos-like flowers and feathery foliage. The plants grow two feet or more and bloom during summer, the large, showy flowers being of many shades, from rose white to deep crimson; double and single. Large-flowered crimson 5 cts; Large-flowered rose 5 cts; Large-flowered rose white 5 cts; Single, md. 6 cts; Double, md. 5 cts; Single and Doub, md. 4 pkts 15 cts 6 cts; *P. Chilchatchill*, a dwarf creeper, covering a dry bank or slope or for a shady place where grass will not grow, forms a lovely green carpet; flowers white with yellow disk, small. Sow in pots and transplant 3 inches apart, 4 pkts 15 cents, 1 pkt 5 cents.

*P. Ulitrophium*, Giant Daisy; 5 feet high, with flowers two inches across, held on long, graceful stems; blooms profusely, and makes a glorious bed of white blooms; perfectly hardy, and lasting. 4 packets 15 cts, 1 packets 5 cts.
Paeonia Arborea.

The beautiful Tree Peony. The plants are shrub-like, branching, and flower early, double flowers in spring. Pkt 5 cts.

Pardanthus Chinensis, the Blackberry Lily, a fine hardy, herbaceous perennial of easy culture, 5 cts.

Pentstemon, hardy perennials, very fine in garden beds. Cobena, purple, 5c; Echthrophylla, azure, 5c; Murrayanis, 5c; Lobli, yellow, 5c; Ortalis, blue, 5c; Punicas, scarlet, 5c; Spectabilis, blue, 5c; Wrightii, 5c. All in mixtures, 4 pkts 15 cts, 1 pkt 5 cts.

Polygonum multiflorum, a handsome hardy vine with masses of white bloom, 5 cts. Ealdshonicum, also a hardy vine with white flowers, 5c. Chisplatum, hardy herbaceous plant, white flowers, 3 cts. Linigeru silver-foliated hardy plant, 5 cts; mixed, 5c.

These are very handsome hardy vines that bloom freely throughout the entire season. They are very strong and defy dry weather and storms, and will last for many years. They are deserving of the name of Ever-lasting Peas. They are superb for a trellis or a treatment mound or clump.

Agave Americana, Century Plant. A most beautiful, succulent foliage; flowers often 15 feet high. In Mexico the leaves are cut at base, the plant excavated, and a cinder-like juice obtained, called pulque, a favorite native beverage. 4 pkts 15 cts, 1 pkt 5 cts. Variegated-leaved and Utheland, hardy, each 1 packet 5 cents.

An erelion grandiflora, a very pretty pot plant quickly blooming; flowers in clusters, showy and very fragrant; this plant deserves to be better known; white, 5 cts; purple, 5 cts; Mixture, 4 packets 15 cents; 1 packet 5 cents.

Antigonon leptopus, Mountain Rose; a beautiful climber, hardy South, but the knotty roots must be protected at the North. It bears charming rose flower in compound racemes; of easy culture, 15 ft.

Does well bedded out; magnificent, and handily jigged when in bloom. 4 packets 15 cents, 1 packet 5 cents.

Anomatheca cruenta, a bulbous plant sometimes called Scarlet and Bright; very easily grown from seeds; handsome summer bloomer; the bulbs resemble the Gla d i o l us. Grows one foot high, 1 packet 5c.

Alstromeria chilensis, Lily-like, two feet tall, tuberous roots, very showy flowers. 4 pkts 15c, 1 pkt 5 cts.

Aneicrum Liliastrium, St. Bruno's Lily, very fragrant flowers, racemes of pure white, 4 packets 15c, 1 packet 5c.

Ardisia crenulata, handsome evergreen shrub, from Mexico; panicles of reddish violet flowers, succeeded by orange berries; a nice pot plant; 4 pkts 15c, 1 pkt 5c.

Asclepias tuberosa, the native hardy "Butterfly Weed," A. Curassavica, Asclepias, the new red-flowered sort. Each 5 cents.

Asparagus Charming foliage plants for baskets and pots. I offer fresh seeds of the most elegant kinds, as follows: A. officinalis... 5
Plumosus nanus 5
Robustus, vine 6
Decurers, drooping, elegant 5
Sprengerli, handsome 5
Scandens Dufresnes 5, 6
tenulssimus, 5
Mixtures, 4 packets 15 cents, 1 packet 5 cents.

Avalos Indica, mixed, 5 cts.
Bianca sceandens, an Indian vine; pinnate foliage, yellow bloom, 5c.
Billbergia zebrina, a foot high; leaves green with gray zones; flowers greenish; scope clothed with salmon bracts, 4 packets 15 cents, 1 pkt 6 cts.

Beechonia, Plume Pome, a hardy plant, growing 3 feet high; lobed, light green leaves and plume-like panicles of white flowers. Japonica, 5 cts. Microcarpa, 5 cts. 2 mixtures, 4 packets 15 cents, 1 packet 5 cents.

Borinquia, handsome evergreen shrubs from Mexico; flowers scarlet or lighter shades, tubular flowers, 5 cent flowers; very fine winter bloomer. 4 packets 15 cents, 1 packet 5 cents.

Brownallia speciosa, the new large-flowered blooming sort; blue; lovely pot plant, blooming summer and winter. 5 cts. B. Bella, smaller; 5 cts. B. Crimson, taller; smaller; flowered. Blue 5 cts, white, 5 cts. All sorts mixed, 4 packets 15 cents, 1 packet 5 cents.

Boston Smilax, a charming vine for a pot tunnel; leaves shining, in graceful sprays, fine for cutting; flowers in white clusters, richly scented; scarlet berries. 4 packets 15 cents, 1 packet 5 cents.
Rrais your Pot Plants from Seeds. I supply only the Best. Geo. W. Park, LaPark, Pa.

Begonias in Splendid Variety.

Complete Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Begonias are both Tuberous and Fibrous-rooted, and all are easily raised from seeds by proper care. The tuberous kinds bear larger flowers than the others, and keep in bloom all summer. In winter the tubers are kept dry in a temperature of 50°. The fibrous-rooted will often bloom continuously, summer and winter, under judicious treatment. All are easily grown from seeds and may be grown in partially shaded beds in summer, or in pots. My seeds are of the finest quality, and every packet is accompanied by instructions for culture.

Dichroa, salmon flowers, spotted leaves.

Calceolaria.

The new large-flowered Calceolaria hybrids I offer are grand window plants, becoming a mass of lovely big Orchid-like flowers during the winter and spring months. Easily grown from seeds. Started in spring they will bloom the following winter. They are as showy and beautiful as Cheras- rias, and need the same care.

Cactuses.

Cactuses are easily grown from seeds and their culture affords much pleasure. I can supply in finest mixtures, Cereus, Echinocactus, Echinocereus, Epiphyllum, Mammillaria, Opuntia and Phyllocactus; each 5 cents, or all sorts in special mixture, 4 packets 15 cents, 1 packet 6 cents.

Carnation, Winter-Blooming.

I offer seeds of the most beautiful winter-blooming Carnations. The plants are dwarf in habit, very free- blooming, the flowers double and very richly scented. They can be grown by anyone, and will bloom all winter in a cool, sunny window. I can supply red, white, the Tuberous kinds and variegated, each 6 cts, mixed 4 pkts 15 cts, 1 pkt 6 cts.

Caladium, Fancy.

The most beautiful variegated-leaved plants; the leaves are beautifully blotched, veined and spotted with red, yellow, brown, black... 4 special mixture, 4 pkts 15 cts, 1 pkt 6 cts.

Chrysanthemum.

The late autumn-blooming Chrysanthemums may be grown from seeds, and bloom in autumn if started early in spring. I offer choice seeds.

Japonica, double, mixed... 5 Early-flowering, mixed... 5 Early-flowering Delux... 5

Carnations, Garden-Mixture.

I offer seeds of the finest variety, as easily grown from seeds as a Cosmos, and afford great pleasure, no two plants being alike. All the plants bloom in the summer and early fall, and are excellent for seed of a fine strain of the Chinese, the Mantilla, the Mixed, the Carnation with green edge... 6

Carnations, Mixed.

Mixture, all sorts, 4 pkts 15 cts, 1 pkt 6
Cineraria Grandiflora.

Cyclamen.

Eupatorium.

The large-flowered Cinerarias are beautiful flowering plants for the window, very bright, rich-colored, very free-blooming and lasting. Seeds start quickly, and spring seedlings bloom the following winter. Keep cool, partly shaded, and shift into larger pots as they grow. Keep cut tobacco-stems over the soil to prevent lice. I have the finest strain.

Mixture of Mallow and Fern Leaved varieties, 4 packets 15 cents, 1 packet 5 cents.

Mr. Park — I was successful with the seeds of Chinese Primroses. I had pure white, pale pink with yellow eye and rose color with a double centre, also other varieties. They were all very beautiful. Mrs. Julia Magoon, Orange Co., Vermont, September.

Primula, Improved Chinese Fringed.

Complete Special Mixture, Mallow and Fern leaved, 4 packets 15 cents, 1 packet 5 cents.

For many years I have offered this strain of Chinese Primroses, and it has given unbounded satisfaction. Both plants and flowers have been developed to a high degree of perfection. I offer all of the fine colors, old and new, and they are all represented in my mixture. These Primroses are easily grown, and are the most beautiful of window flowers in winter, always in bloom if given a chance.

Primula Obconica Grandiflora.

Complete Special Mixture, 4 packets 15 cts., 1 packet 5 cts.

These are hardly equalled by any other flower for winter blooming. The plants are easily raised from seeds, begin to bloom in six to eight months, and bloom profusely throughout winter and spring. The new large-flowered sorts offer make a glorious display in the window. You can never get too many of them.

Mixture of Large-flowered Primulas. These originated by crossing Prim. Obconica Grandiflora with Primula Megasepalia. They are really giants, the leaves measuring 5 to 6 inches across, and the flowers from 1½ to 2 inches across. They are very free-blooming, and a great acquisition to Primulas.

Primula Obconica Gigantea.

These are of the same parentage as Primula Obconica Grandiflora, but larger, and more vigorous in growth. A choice mixture of large-flowered sorts. 15 cts., 1 packet 5 cts.

Primula Floribunda Grandiflora.

This is the new, improved Buttercup Primrose. The flowers are golden yellow, borne in great abundance throughout the winter, as represented in the little engraving. It is one of the most desirable of Window Primulas, and of the easiest culture.

Golden yellow, large. 5 | Isabellina, sulphur, large. 5 |
| Primula Mollis. a scarce species, doing well in pots; a foot high, with heart-shaped, woolly leaves, and large rose purple flowers in whorls. 5 cts.
| Primula Verticillata. fine pot plant; long foliage covered with white finia; flowers bright yellow, fine. 5 cts.

FINE HARDY PRIMROSES. These Primroses are all hardy, but most of them do well in pots. I heartily recommend them.

| Auricula. | see page 9. Beautiful varieties of various shades, but golden yellow predominating; flowers large, on strong stems. Finest mixed, 5 cts.
| Acanthus. | dwarf, flowers on radical stems; fine globular blooming plants; large-flowered hybrids, mixed, 6 cts.
| Cashmeriana. | grandiflora, a fine Primrose, 1 foot high; leaves covered with gold dust upon under side; flowers in globular heads, purple, 5 cts.
| Corolloides. | hardy sort 1 ft. high; flowers lilac, in heads, 6 cts.
| Denticulata. | New Hybrids, form rosettes of graceful leaves; stems 8 inches, flowers white and lilac, 5 cts.
| Farinosa. | rosettes of small leaves; flowers rosy, heads on 6 inch stem, 5 cts.
| Japonica. | grand hardy Primrose, 1 to 2 ft. high, bearing large flowers, various colors, with eye. Seeds germinate slowly. Finest mixture, 4 packets 15 cts. 1 packet 5 cts.
| Orlacini. | Cowslips; a rosette of narrow leaves, from which the stems rise, bearing an umbel of fragrant flowers in early spring. Mixed colors, 4 packets 15 cts. 1 packet 5 cts.

Eriobotrya Japonica, the Japanese Medlar, much prized as a fruit by some people. The fruit is fine for pies or stewing, having a sub-acid taste much like our orchard cherry.

Ficus Carica, Fig; choice varieties.

Oenoplia or Prickly Pear, a pro- lific-bearing Cactus, the fruits purple and white, and very ornamental. Indispensable in hot climates.

Passiflora Edulis, a Passion wine with purple, yellow, and purple fruit, size of a hen's egg.

Physalis Edulis, an easily grown plant; 3 feet, or more; large, high, bearing yellow, cherry-like fruits enclosed in a pale, inflated capsule, very prolific, and the flavor much prized by many as a dessert fruit, and for preserves. Known as Cape Gooseberry.

Pouteria sapota, the large-fruited kind, very much prized for making jelly; for eating raw or cooked.

Pulmonaria, a smaller fruit, in clusters; fine dwarf shrub.

Furcraea, the Pomegranate, is pretty in flower and useful in fruit.

Samburry or Wonderberry, a vari- ety of Solanum Lycopersicum, bearing large black fruit of peculiar shape. This fruit has been highly recom- mended for pies, preserves and sauce. It is hardy in the North, and bears freely under adverse conditions.

Start plants early, and transplant to the open ground when danger of frost is over. Seed-sellers have been advertising it at 20 cents per packet, but I will supply it at other fruits, at 6 cents per packet.

Tomato semperflorens, a Toma- to, bearing great clusters of small, scarlet, pear-shaped fruit from spring till autumn; fine for pickling or pre- serves.

ANNUALS.

Reta, Chinian scarlet, Chinian yel- low, Brazilian mixed, showy variegat- ed foliage, edible as well as ornamental, at 25 cents per packet.

Borecole, lovely cut, colored and striped foliage; late in autumn, very showy. Palm-tree Borecole, Borecole, tall, showy, fine.

Calonyction speciosa, a beautiful rapid bloomer, 2 feet, bright, white, and handsome foliage, large showy flowers.

Carnation, Improved Margaret, double flowers.

Centaureas Imperials, new, 3 feet high, large, fragrant flowers, fine for cutting. White, lilac, rose, purple, rose with light center, purplish white. Each 5 cts.; mixed 4 pts., 16 cts., 1 pt. 5 cts.

Cheiranthus, a fine South American Annual, 2 feet, branching, flowers of giant size, graceful and of a gorgeous crimson color, new and delightful.

Cryptostemma caledonicum, a pretty yellow composite from the Cape of Good Hope, hardy, annual, pot plant.

Diascia Barbatus, a hardy annual foot high; flowers vivid rose, borne in abundance, fine for cutting.

Drosera filiformis, the Bee Balm, a hardy annual from Siberi- a, a foot high, showy blue and white flowers, good for cutting.

Heterospermum Xanthii, yellow flowers; bloom 4 weeks after transplanting to the open ground, until frost, dwarf, very free-blooming.

Larkspur, Tall Rocket, elegant spikes of blue flowers. White, rose, reddish brown, indigo, lavender, azure, brick, ash, apple-blossom, white shaded blue. Each 6c., mix 4 pts. 15c., 1 pt. 5c. E. 20c.

Panicum frumentaceae eigan- teum, annual grass, 6 feet tall, very rich grower.

Petunias, Chrysanthem, golden- flowered annual a foot high, Gracilis, hardy perennial, 3 feet high, branch- ing habit, in clusters, with white, red, mixed, all mixed.

Polygonum Possum, one foot, densely covered with small rose peniciles, fine for pots or beds.

Polytypea callosa, 1 foot, covered with white, yellow, and red flowers, a rich floor- ing annual, showy.

Seabiosa brachata, charming pale blue flowers, early and continuous blooming, fine for cutting.

Silene pendula compacta Luna, yellow foliage, compact, edging, flow- ers, the leaves fern-like, showy. Tridax Gaillardioides, new, early blooming plant, chrome yellow flowers. Zephyranthes candida, the campanula, yellow, striped, spotted and speckled red, handsome, double. See page 37.

PERENNIALS.

Agapanthus Umbellatus Moore- anus, a new hardy variety of African Lily; of remarkable brilliancy, best for pots, flowers dark blue in big umbels.

Alanius planthago, a very beautiful aquatic, easily naturalized, 3 feet high, appearing as a cloud of fairy bloom along the borders of streams. Ajuga-prest this, or A. iberica, or A. sub-carnosus. A. sub-terraneum, a foot, bright lime, free bloomer. A. Otoplaca Nana, new, dwarf, very hardy. A. Andersoni, 1 foot large, early bloomer. See page 42.

Arundo Phragmites, 6 feet, water reed, large plumes.

Asteria rosea. See A. Cephalotes, page 42.

Astrantia Major, two feet, pink flowers in large clusters; fine for pickling or pre- serves.

Baptisia Australs, a strong, hardy perennial, 3 feet high, flowers Pea- shaped in large clusters, followed by showy seed-pods.

Boltonia glabrofolia, a beautiful, very fine blooming, 2 feet, unlike pink, 1'5 feet high, becomes a mass of showy pink flowers in fall, very desirable.

Buphthalium cordifolium, tall, very showy, not unlike Eclenampa, but more robust. Grows eight feet high, and is covered with showy yellow flowers. B. glabrum, the leafy stalk issues from a rosette of long, graceful, showy leaves. A. Venusta, the flowers soft, very showy, 3 feet tall, very showy.

Campanula versicolor, 3 feet tall; a fine border Bellflower, the shaded- violet bells disposed in long spicate racemes from July till September. Is a native of Greece.

Campanula medium frutescen, White Parie Daisy, Comte de Chambord, lovely yellow variety.

Clematis crispa, hardy evergreen vine, with purple, nodding flowers, very large, a beautiful vine, Clem- atis, 2 feet high, the flowers white, sweet-scented, produced in dense flowered spires. A hardy hard- bernaceous perennial.

Coeccina Indica, a climbing shrub from India, a favorite in the green house, being covered by oblong, striped fruits that turn red as they ripen.

Francea, a beautiful low Pink, growing in sandy soil in pots or beds, flowers an inch across, brill- iant rose, one of the best Pinks. D. plumarius diadema, the new, beautiful, hardy, everblooming, sweet-scented Diadem Pink, blooms first season.

Edwardsia tetrapera, a half- hardy leguminous tree, with beautiful pinnate foliage, a very showy golden flowers in numerous axillary racemes, to 6 feet high, hardy South. From New Zealand.

Helinium autumnale superbum, six feet high, golden yellow flowers, Helichrysum, sparsely or much branched. Rose, elegant hardy perennial, bear- ing showy flowers of various colors from June to October.

Hibiscus Moscheutos, large, pink bloom, beautiful; 2 feet high. Hibiscus grandiflorus, large, dark crimson; not easy to grow.

Laurus Camphor, the Camphor Tree, hardy South, pot plant North, beautiful flowers.

Lobelia, perennial, beautiful, showy, hardy plants, a great improve- ment upon our Native Cardinal Flow- er; Gerardi, Queen Victoria, Canari- lies, separate or mixed.

Lythrum Salicaria, a super per- ennial of easy culture, appears well in masses. Alum Root, the lovely, showy, carmine-flowered perennial grow along the St. Lawrence river between Montreal and Quebec, and make the meadows in autumn appear a glor- ious carmine carpet.

Parsley, Beauty of the Pasture, a hardy annual, with tooth leaf margin, as delicately cut as a choice Fern, fine.

Pentstemon Species, new hy- brid, very hardy, a considerable improve- ment. See page 49.

Pink, new everblooming, hardy, flowers richly scented, fine for cutting.

Potentilla French Nana, semi- branches, mixed. See also page 66.

Puccaria Thanbergiana, the Rodina Vine, “Jack’s Been Sick!”, 30 feet high. See page 49.

Telekia Species, see Buphthalmum.

GREENHOUSE PLANTS.

Cultveria Buxifolia, see Richardia, p. 58.

Centaurea Candidissima, silvery foliage, very pretty.

Cereus Japonica, a fine or- namental plant from Japan; has the appearance of the Norfolk Pine, near- ly hardy, easily grown. Hardy South. C. Bicolor, large purple, very, 5inches, cut foliage, large, sul- phur Ozanima-like flowers.

Dracont Draco, Dragon Tree, fine pot plant.

Walfower Kewensis, the new variety, delicately scented Walfower; sulphur, pasting to gold and violet, blooms all winter.
Dianthus

Clethra

Commelina fragilis, fine

Anchusa

Dianthus, mixing pink and yellow

Clethra arborea, Bladder Senna

Cornus florida, flowering Dogwood

Nuttalia, a fine forest tree

Colutea arborescens

Emerus, Scopon Senna

Cotoneaster Simons, very fine

Anagallis, pretty berry tree

Crataegus oxycantha, Hawthorn

Horizontalis, red berries

Microphylla, a fine evergreen

Cephalanthus

Pyracantha, a lovely shrub, a mass of blooms in autumn

Clematis
coccinea.

Clematis, a lovely shrub, a mass of blooms in autumn

Dianthus, mixing pink and yellow

Dianthus, mixing pink and yellow

Dianthus, mixing pink and yellow

Dianthus, mixing pink and yellow

Dianthus, mixing pink and yellow
Choice Summer-blooming Bulbs, Tubers, Etc.

Some of our Finest Summer Flowers grow from bulbs, tubers and fleshy roots. I offer a choice collection. Those marked with a star are hardy; the others need protection at the North. Always add a few of these fine flowers to your order.

Amaryllis, Aligberth Giant.
I take pleasure in offering a very superior strain of Amaryllis, known as Aligberth Giant. The flowers of this race are enormous, often measuring nine inches or more in diameter, and varying in color from white to rich dark crimson, some being stained in spots with rose and carmine, some tinged with salmon, and others marked by distinct star-like variegations. Still others show self colors of various rich shades. Compared with these Amaryllis the A. Johnsonii, handsome though it is, is hardly worth cultivating, these, mixed, 50 cents each, or $5.00 per dozen, by mail, prepaid.

Mr. Nieuwenhuis, of Holland, is a special grower of Amaryllis, and his strain, it is claimed, is superior to the Aligberth, or rather is an improved Aligberth. I offer his bulbs, medium size, at 60 cents, and larger size at 75 cents. There are no finer Amaryllis grown than this strain.

achimenes, very beautiful bulbous flowers of slender habit, excellent for baskets, bracket poles and window boxes; like partial shade, free-blooming and attractive; the flowers being tubular, of fine texture, and in color, 5 cents each, 50 cents per dozen.

Leontium Fisher, a beautiful Monohooit; tall; blue flowers in spikes. Each 15 cents, dozen $1.50.

Agapanthus, African Lily; strong, easily-grown plants bearing on strong stalks umbels of lovely blue flowers. Shift into a larger pot as the clump develops. Sure to bloom. Blue, also white, each 15c, $1.50 a dozen.

Alyncmeria amstaliana, a handsome Lily-like plant, with orange flowers, not hardy. 15 cents each, $1.50 per dozen.

Aconitum. These are elegant fall flowers, profusely borne upon tall stalks two feet high. They are hardy, and improve in beauty with age. I can supply Queen Charlotte, semi-double, rose; Whirlwind, semi-double white; Roseum, single, rose; and Honorable John Herbert, single white. Each 10 cents, dozen $1.00.

Astericum Liliastim Major, three feet high, bearing spikes of snow-white Lily-like flowers. It is known as St. Bruno's Lily; hardy. Each 15 cents, $1.50 per dozen.

Alylras, a lovely plant from South Africa, belonging to the Iris family; grows two feet high, bearing very bright flowers. Mixed 15cts. each, $1.50 per dozen.

**Apolo tuberosa**, a native vine bearing clusters of Pea-like flowers; likes a moist situation. 5 cts. each, 50 cts. per doz.

Aromathum, a plant hardy and in bloom at the summit of a strong scape; each 15 cents, dozen $1.00.

**Apolo tuberosa**, a native vine bearing clusters of Pea-like flowers; likes a moist situation. 5 cts. each, 50 cts. per doz.

Astractum, a plant hardy and in bloom at the summit of a strong scape; each 15 cents, dozen $1.00.

Astractum, a plant hardy and in bloom at the summit of a strong scape; each 15 cents, dozen $1.00.

Calla, large-flowered white, fine blooming-sized tubers, sure to bloom under proper treatment. 15 cents each, $1.50 per dozen. Perle von Stuttgart, an improved variety; with large, handsome flowers; fine for pots. 20 cts. each, $2.00 per dozen. Calla spotted-leaved, fine for pots.

Cympelia Herberti, pretty little bulbous flowers, growing a foot high; flowers yellow. Lift and store in a frost-proof place in winter. 5 cts. each, 50 cts. per doz.

**Dicentra**, Eximia, hardy, everblooming species, eight inches high; racemes of red flowers; likes partial shade. 15 cents each, $1.50 per dozen.
**Dicentra Spectabilis**, Bleeding Heart, a fine hardy plant, 18 inches high, with graceful racemes of waxy-pink heart-shaped, drooping flowers; 15 cts each, $.15 per doz.

**Dahlias**, Double. fine and double dahlias. White, Scarlet, Rose, Crimson, Purple, and Variegated, each $1.50 doz.

**Funkia Undulata**, a superb variegated edging plant for spring and early summer; foliage dense and richly variegated with white. The flowers are bell-shaped, drooping, on a tall spike; 15 cts each, $.15 doz.

**Galtonia** (Hyacinthus) Candicans, the Giant Summer Hyacinth; scapes three feet high, with white, drooping bells at the summit. Each, large size, 5 cts, 80 cts per dozen. Smaller, 50 cts per dozen.

**Gladiolus**, Groot's Hybrids, Lemoine's Hybrids, and Childi, large bulbs, 3 cts each, 20 cts per dozen, $2.50 per hundred, in finest mixture, prepaid. (See 3rd page of cover, also title page.)

**Gladiolus** trimuculatus, new, spotted; grows two feet high; flowers in spikes, 10 cts each, $.20 per dozen.

**Gloxinias**, Giant Brilliant from Florida, White, Scarlet, Blue, Spotted, Red, Red with white margin, and Blue with white margin, 10 cts each, or the several varieties, all fine bulbs, for 50 cts.

My Gloxinias are all of the fine-seed strain, large, flowered and very rich colored. Put them in the open garden, and they will thrive. From the famous F. Kwan's fl. pl., a very beautiful double sort. Any of these Gloxinias will make a fine border or clump, and are perfectly hardy.

**Hemerocallis** Day Lily. Of these I supply H. flava, the Lemon Lily, fragrant, golden, bloom, very handsome. R. Thueringeri, similar but taller plants. R. Pula, the old garden Lily, all two feet high. R. Sieboldii, one foot high, with orange flowers. R. Kwan's fl. pl., a very beautiful double sort. Any of these Day Lilies make a fine border or clump, and are perfectly hardy.

**Hemerocallis** Aurantica major, the new Japanese Day Lily; flowers rich golden yellow, not unlike an Amaryllis in form and texture. 15 cts each, $1.50 per dozen.

**Hemerocallis** Disticha fl. pl., 18 inches high bearing large, double flowers somewhat like a double Amaryllis; color orange-scarlet with rich dark marking; rare and beautiful; 15 cts each, $.15 per dozen. We specially recommend them for the garden.

**Helleborus niger**, the Christmas Rose, a hardy plant that blooms in midwinter in a mild climate; beautiful and showy, 35 cts each.

**Iris Germania**, blue; I. Florentina, white, blue and purple. I. Acorus, yellow. I. Kempteri, white, blue, red, striped. I. Madame Chereau, striped. I. Loddigesiana Variegata. I. Pumila, purple and yellow. Any variety 10 cts each, $1.00 per dozen. The Florentine Iris are among the most showy and beautiful of the Iris, and we especially recommend them for the garden.

**Iris** pallida Dalmatica, the most attractive and beautiful of the hardy perennials, spreading clumps two feet high, covered with immense pale blue flowers that are quite splendid, in a hedge or border, 10 cts each, $1.25 per dozen, $10 per 100.

**Iris** Patonia, the Peacock Iris, a handsome bulbous Iris, a foot high, the flowers white with rich blue peacock-like blotch upon each petal. 10 cts each, $1.00 per dozen.

**Lilium Auratum**, Gold-banded Japan Lily; grows three feet high, with long lasting, orange flowers, cream, white, spotted, with a gold band through the center of each petal. Large bulbs 20 cts each, $.20 per dozen.

**Lilium lancifolium**, red, rose, and white, all spotted, two feet high; blooms in autumn; lives for years, and very satisfactory; each color 15 cts each, $.15 per doz.

**Lilium Schizomakeri**, a beautiful deep red Lily, large and of fine graceful form; a rare and fine sort; new. 10 cts each, 50 cts per dozen.

**Lilium Takesima**, a fine hardy pure white Lily, fragrant and handsome; summer-blooming; 15 cts each, $.15 per dozen.

**Lilium Tigrinum splendens**, a very showy and graceful Lily, large and blooming perfectly hardy and tenacious; each 10 cts, $.10 doz.; double flowered Tiger Lilies same price.

**Lilium umbellatum**, early-blooming hardy Lily, bearing its flowers in umbel-like clusters. 10 cts each, $.10 doz. L. Thunbergianum more dwarf, same price.

**Iris** of the Valley, Dutch pots, finest quality; also Fortin's Giant, the flower larger and the racemes longer. 5 cts each, 10 cts per dozen. These are perfectly hardy, and once started will bloom every year. They will also bloom well in pots if potted early in spring.

**Madeira Vine**, a handsome porch vine; massive clean rat-tail blooms; S. Cheryau, a rich white, fragrant blossom in autumn. This beautiful vine will climb thirty feet high if left, and has no insect enemies. 5 cts each, 10 cts per dozen.

**Montbretia Hybrids**, lovely garden flowers borne upon branching stalks; fine in clumps and beds, and good for forcing. 10 bulbs in 10 finest named sorts, only 25 cts, one bulb 5 cts. Oxalis rosea, and Buttercup Oxalis, each 15 cts.

**Peony**, Chinese, pink, red, white and mixed. 15 cts each, 35 cts per dozen.

**Peony** Officialis, the old-fashioned red sort, also pink, same price.

**Schizostylus coelestis**, Kaufü Lily, somewhat like a Gladiolus, hardy, grows two feet high, having bright crimson flowers late in autumn. 10 cts each, $.30 doz.

**Tigridia**关闭, Shal Flower, grows one foot high, bearing large, handsome flowers throughout the season, white, yellow and red, each 5c, dozen 50c.

**Tritoma**, Flame Flower, big spikes of orange-scarlet blooms in mass from autumn to spring, 20 cts each, $1.50 per dozen.

**Tuberose**, Exceller Pear, rather dwarf, with long spikes of lovely white, deliciously scented flowers. If the spikes are cut, the resulting scented liquid, or red ink, the flowers will turn to a fine shade of red. Large bulbs 4 cts each, 35 cts per dozen; small bulbs 2 cts each, 25 cts per dozen. 25 cts each, $.25 per dozen.

**Tricyrtis hirta**, the Japanese Toad Flower; grows two feet high, bearing handsome curious flowers. Planted among shrubbery open space, will bloom perfectly hardy at the North in a sheltered position. 10 cts each, $1.00 per doz.

**Water Lily**, fine water plant; the flowers are white with yellow center, very beautiful and fragrant. Large tubers 20 cts, $.25 per doz.

**Watsonia**, Bugle Lily, a beautiful bulbous plant of the Iris family, each $1.00, with African variety, each 5c, 25 cts each, $1.50 per dozen.

**Valiota Purpurea**, the Scarborough Lily; like an Amaryllis, the flowers bright crimson-scarlet, held upon a strong scape. 25 cts each, $2.50 per dozen.

**Zephyranthes**, fine bulbs, sure to bloom; pink, half-hardy, white, hardy; 5 cts each, 50 cts per dozen.
Splendid Gladiolus at a Bargain.

Perhaps there is not another summer flower more popular than the improved Gladiolus. In a bed the plants stand erect, bloom freely for many weeks, are showy, and unequaled for cutting. Set the bulbs five inches deep and from six to eight inches apart, and as hot weather approaches mulch with stable litter. The result will surprise you if you have grown only the old-Gladiolus varieties. For only 15 cents I will mail Park's Floral Magazine for a year, and as a premium 10 bulbs of my fine strain of Gladiolus, in all colors and variations.

206 Gladiolus Bulbs Free.

Get up a Club.—For a club of 20 subscribers ($3.00) I will mail the agent 200 Splendid Mixed Gladiolus and collection Lot A, 206 bulbs in all, and each subscriber paying 15 cents will get my Magazine a year and the ten premium Gladiolus. If you cannot get the 20 subscribers, I will send you 10 bulbs for each subscription you secure, and the subscriber will also get 10 bulbs. These bulbs when sent as a premium are prepaid by mail or express.

Gladiolus in Quantity.

If you want this fine mixture of Gladiolus in quantity, please avail yourself of the following special prices, bulbs sent by express, purchaser paying express charges:

- 600 Bulbs only $2.00.
- 1000 Bulbs only $3.50.
- 2000 Bulbs only $6.00.
- 3000 Bulbs only $9.00.

This splendid mixture embraces all colors from white to crimson, yellow and blue, and many show the most lovely variegation imaginable. They will produce the finest big spikes, showy in a bed, and exquisite for table bouquets, where they last for days, and every bulb will develop. I guarantee the bulbs will please you. Order at once, and plant a big profitable crop of Gladiolus. Besides the colored upon the title page the following:

Superb Named Gladiolus, Lot A.

- Lilly Lehman, white, thought by some to be the best of white Gladiolus; very fine large flowers, good grower, stalks about four feet; flowers expand wide open; highest awards where exhibited. Each 5 cents.
- Halley, salmon-pink, extra large flowers; open all at the same time: a very fine and rare color; good grower; stalks three to four feet. This sort should be called No plus ultra; it is not surpassed. Each 5 cents.
- Princepine, dazzling scarlet, distinct white blotch, flower large, wide open, beautiful; stalks two feet high, nice dark green foliage; called Amarillis Gladiolus, 5 cents.

This splendid collection, Six Fine Bulbs, 25 cents. Larger Bulbs, 40 cents.

Rare and Choice Gladiolus.

I can also supply the following new and rare named varieties:

- Willie Wigram, beautiful rose color, with distinct crimson blotch on the lower petals, 10c each, $1.00 per dozen.
- Sulphur King, light yellow, very large, handsome flowers produced upon a long spike; splendid; each 10c, dozen $1.00.
- Niagara, immense open flowers upon a stiff, long spike; color yellow with rich rosy-carmine stripes and markings at the throat; very fine; each 10c, dozen $1.00.
- Empress of India, the latest; rich, rosy-pink; spike long and attractive; extra fine; 10c each, $1.00 per dozen.
- Europe, a grand novelty; flowers pure white, and of great size; spike tall, free blooming. Each 20c, dozen $2.00.

Mr. Park:—I got 30 Gladiolus bulbs from you last spring, and every bulb threw up a fine spike of beautiful flowers, no two spikes alike. I was delighted with them.—Corda Hamblin, Richland Co., Ohio, Nov. 3, 1914.
SPLENDID TUBEROUS BEGONIAS.

I HAVE NEVER had a finer lot of Tuberous Begonias than those I offer this year. The bulbs are all healthy, well-matured, and of the finest Belgian strains. The European War simply had the effect of reducing price of the tubers, so that I am able to give better tubers for the money than ever before. No summer-blooming pot-plant surpasses the Improved Giant-flowered Tuberous Begonias, such as I offer. The plants grow and bloom freely in any partially shaded place, and the huge, waxy, delicate-textured flowers, in many bright shades of color, never fail to call forth enthusiastic expressions of admiration. When bedded out in a bed sheltered from severe wind and the hot, midday sun the plants make a fine display outdoors. To avoid misunderstanding I will say that in all double-flowered strains of Tuberous Begonias only the staminate flowers are double. The pistillate flowers are always single. You will, therefore, find double and single flowers upon the same plant.

Finest Strain of Double Tuberous Begonias.
Colors: White, Rose, Scarlet, Salmon, Yellow or Orange, also Crimson; fine tubers an inch or more in diameter, the most desirable size to plant, each 6 cents, or the six tubers 30 cents.

Finest Strain of Single Tuberous Begonias.
Colors: White, Rose, Scarlet, Yellow, Orange, Crimson; fine tubers an inch or more in diameter, 6 cents each, or the six tubers 30 cents.

Finest Strain of Frilled Tuberous Begonias.
Colors: White, Scarlet, Yellow, Orange, Pink, and Salmon; fine tubers of the Fringed or Frilled Begonias, each 6 cents, or the entire collection of six tubers, 30 cents.

New Tuberous Begonia, Marmorata.
For some years I have been wanting to get this elegant new, marbled and blotched Begonia, but was not successful until this year. The flowers are very large, beautifully variegated, and of rich, waxy texture. The plants are sturdy, free-blooming, and exquisite for the window or conservatory. I heartily recommend it. Price, 10 cents each, $1.00 per dozen.

New Tuberous Begonia, Erecta Cristata.
This fine Begonia has also been difficult to obtain. The flowers are large, of various colors, and each petal has a crest or beard of curiously twisted threads, odd and handsome. Price, 15 cents each, $1.50 per dozen.

Mr. Park:—I bought a collection of your Double Tuberous Begonias, and had white, red, lemon, and two of darker yellow edged with pink. I never had anything to compare with them. I have had Begonias, but they were single, and bore but one flower on a stem; but these have three or four, or even five flowers on one stem. one single, but the remainder all double, and three and four stems of flowers to a plant. Why, they are simply elegant, and are the admiration of everyone who saw them.—Mrs. H. W. Kelsey, Maine.
